euro 12,000,000,000 Euro Medium Term Note Programme

Under this €12,000,000,000 Euro Medium Term Note Programme (the “**Programme**”), Naturgy Capital Markets, S.A. and Naturgy Finance B.V. (each an “**Issuer**”, and together the “**Issuers**”) may from time to time issue notes in bearer form (the “**Notes**”) guaranteed by Naturgy Energy Group, S.A. (the “**Guarantor**” and, together with its consolidated subsidiaries, the “**Group**”). The maximum aggregate nominal amount of all Notes from time to time outstanding under the Programme will not exceed €12,000,000,000 (or its equivalent in other currencies). The Issuers and the Guarantor may decide to increase the amount of the Programme.

This document constitutes a base prospectus (the “**Base Prospectus**”) for the purposes of Article 8 of Regulation (EU) 2017/1129 (the “**Prospectus Regulation**”). This Base Prospectus has been approved by the *Commission de Surveillance du Secteur Financier* (the “**CSSF**”) as competent authority for the purposes of the Prospectus Regulation. The CSSF only approves this Base Prospectus as meeting the standards of completeness, comprehensibility and consistency imposed under Luxembourg and EU law pursuant to the Prospectus Regulation. Such approval by the CSSF should not be considered as an endorsement of the Issuers or the Guarantor that are the subject of this Base Prospectus nor as an endorsement of the quality of the Notes issued under the Programme. Investors should make their own assessment as to the suitability of investing in such Notes. The CSSF gives no undertaking as to the economic and financial soundness of the transaction or the quality or solvency of the Issuers in line with the provisions of Article 6(4) of the Luxembourg Act dated 16 July 2019 relating to prospectuses for securities (the “**Luxembourg Act**”).

This Base Prospectus is valid for twelve months from its date (i.e., until 3 April 2021) in relation to Notes which are to be admitted to trading on a regulated market in the European Economic Area (the “EEA”) or the United Kingdom (the “UK”). The obligation to supplement this Base Prospectus in the event of a significant new factor, material mistake or material inaccuracy does not apply when this Base Prospectus is no longer valid. For the purposes of the Transparency Directive 2004/109/EC, Naturgy Finance B.V. has selected Luxembourg as its ‘home member state’ and Naturgy Capital Markets, S.A. has selected the United Kingdom as its ‘home member state’. The ‘home member state’ of the Guarantor for such purposes is Spain.

Application has also been made to the Luxembourg Stock Exchange for the Notes issued within twelve months from the date hereof to be listed on the official list of the Luxembourg Stock Exchange and to be admitted to trading on the Luxembourg Stock Exchange’s regulated market (which is a regulated market for the purposes of the Markets in Financial Instruments Directive 2014/65/EU). Application may also be made to list such Notes on such other or further competent authorities, stock exchanges and/or quotation systems as may be agreed with the Issuers and the Guarantor. Unlisted Notes may also be issued by Naturgy Finance B.V. but not by Naturgy Capital Markets, S.A. According to the Luxembourg Act, the CSSF is not competent for; (i) approving prospectuses for the listing of money market instruments having a maturity at issue of less than twelve months and complying with the definition of securities; or (ii) the issue of unlisted notes.

An investment in Notes issued under the Programme involves certain risks. For a discussion of these risks see “Risk Factors” below.

As at the date of this Base Prospectus the Guarantor has been assigned a long-term credit rating of BBB (stable outlook) by S&P Global Ratings Europe Limited (“**S&P**”) and BBB (stable outlook) by Fitch Ratings España, S.A.U. (“**Fitch Ratings**”). Each of S&P and Fitch Ratings is established in the European Union or the United Kingdom and registered under Regulation (EU) No 1060/2009, as amended (the “**CRA Regulation**”). Notes issued under the Programme may be rated or unrated. Where a Tranche of Notes is rated, such rating will be specified in the relevant Final Terms. Such rating will not necessarily be the same as the rating assigned to Notes already issued. Whether or not a rating in relation to any Tranche of Notes will be treated as having been issued by a credit rating agency established in the European Union or the United Kingdom and registered under the CRA Regulation will be disclosed in the relevant Final Terms. A list of rating agencies registered under the CRA Regulation can be found at <https://www.esma.europa.eu/supervision/credit-rating-agencies/risk>. A rating is not a recommendation to buy, sell or hold Notes and may be subject to suspension, change or withdrawal by the assigning rating agency.

In particular, no action has been taken by the Issuers, the Guarantor, the Arranger or the Dealers that would permit a public offering of any Notes or distribution of this document in any jurisdiction where action for that purpose is required. Accordingly, no Notes may be offered or sold, directly or indirectly, and neither this Base Prospectus nor any advertisement or other offering material may be distributed or published in any jurisdiction, except under circumstances that will result in compliance with any applicable laws and regulations. In particular, the Notes and the obligations of the Guarantor under the Deed of Guarantee have not been and will not be registered under the United States Securities Act 1933, as amended (the “**Securities Act**”), or with any securities regulatory authority of any state or other jurisdiction of the United States and include Notes in bearer form that are subject to U.S. tax law requirements. The Notes may not be offered, sold or delivered within the United States or to, or for the account or benefit of, U.S. persons (as defined in Regulation S under the Securities Act (“**Regulation S**”)) unless the Notes are registered under the Securities Act, or an exemption from such registration requirements is available. There are restrictions on the distribution of this Base Prospectus and the offer or sale of Notes in the United States, the European Economic Area (including the Republic of Italy, Spain and The Netherlands), the United Kingdom, Switzerland, Japan and Singapore, see “*Subscription and Sale*”.

IN CONNECTION WITH THE ISSUE OF ANY TRANCHE OF NOTES, THE DEALER OR DEALERS (IF ANY) NAMED AS THE STABILISING MANAGER(S) (OR PERSONS ACTING ON BEHALF OF ANY

STABILISING MANAGER(S)) IN THE APPLICABLE FINAL TERMS MAY OVER-ALLOT NOTES OR EFFECT TRANSACTIONS WITH A VIEW TO SUPPORTING THE MARKET PRICE OF THE NOTES AT A LEVEL HIGHER THAN THAT WHICH MIGHT OTHERWISE PREVAIL. HOWEVER, STABILISATION MAY NOT NECESSARILY OCCUR. ANY STABILISATION ACTION MAY BEGIN ON OR AFTER THE DATE ON WHICH ADEQUATE PUBLIC DISCLOSURE OF THE TERMS OF THE OFFER OF THE RELEVANT TRANCHE OF NOTES IS MADE AND, IF BEGUN, MAY CEASE AT ANY TIME, BUT IT MUST END NO LATER THAN THE EARLIER OF 30 DAYS AFTER THE ISSUE DATE OF THE RELEVANT TRANCHE OF NOTES AND 60 DAYS AFTER THE DATE OF THE ALLOTMENT OF THE RELEVANT TRANCHE OF NOTES. SUCH STABILISING SHALL BE IN COMPLIANCE WITH ALL APPLICABLE LAWS, REGULATIONS AND RULES.

Amounts payable under the Notes may be calculated by reference, *inter alia*, to the Euro Interbank Offered Rate (“**EURIBOR**”), the London Interbank Offered Rate (“**LIBOR**”) or the Sterling Overnight Index Average (“**SONIA**”). As at the date of this Base Prospectus, ICE Benchmark Administration (as administrator of LIBOR) and the European Money Markets Institute (as administrator of EURIBOR) are included in the European Securities and Markets Authority’s (“**ESMA**”) register of administrators under Article 36 of Regulation (EU) No. 2016/1011 (the “**BMR**”). As at the date of this Base Prospectus, SONIA is not included in ESMA’s register of administrators under Article 36 of the BMR. As far as the Issuers and the Guarantor are aware, the Bank of England, as administrator of SONIA, is not required to be registered by virtue of Article 2 of the BMR

In this Base Prospectus, unless otherwise specified or the context otherwise requires, references to “U.S. dollars” and “U.S.\$” are to the currency of the United States of America, references to “Yen” are to the currency of Japan, references to “Brazilian Real” and “BRL” are to the currency of Brazil, references to “Chilean peso” and “CLP” are to the currency of Chile, references to “Colombian peso” are to the currency of Colombia and references to “Sterling” are to the currency of the United Kingdom. References to “euro” and to “€” are to the currency introduced at the start of the third stage of European economic and monetary union pursuant to the Treaty establishing the European Community, as amended. Conversions into euro of amounts expressed in currencies other than euro in this Base Prospectus are provided for convenience only and, unless indicated otherwise, represent an estimate of such euro amounts based on publicly available conversion rates as at 31 December 2019. No representation is made that these amounts could have been, or could be, converted into euro at that rate or any other rate.

NO ACTIVE TRADING MARKET

Notes issued under the Programme will be new securities which may not be widely distributed and for which there is currently no active trading market (unless, in the case of any particular Tranche, such Tranche is to be consolidated with and form a single series with an outstanding Tranche of Notes). If the Notes are traded after their initial issuance, they may trade at a discount to their initial offering price, depending upon prevailing interest rates, the market for similar securities, general economic conditions and the financial condition of the relevant Issuer and the Guarantor. Although applications have been made to the Luxembourg Stock Exchange for the Notes issued under the Programme to be admitted to trading on the Luxembourg Stock Exchange’s regulated market and to be listed on the official list of the Luxembourg Stock Exchange, there is no assurance that such applications will be accepted, that any particular Tranche of Notes will be so admitted or that an active trading market will develop. Accordingly, there is no assurance as to the development or liquidity of any trading market for any particular Tranche of Notes.

PROHIBITION OF SALES TO EEA AND UK RETAIL INVESTORS

The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area (“**EEA**”) or in the United Kingdom (“**UK**”). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, “**MiFID II**”), (ii) a customer within the meaning of Directive (EU) 2016/97 (the “**Insurance Distribution Directive**”), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II or (iii) not a qualified investor as defined in the Prospectus Regulation. Consequently, no key information document required by Regulation (EU) No 1286/2014 (as amended, the “**PRIIPs Regulation**”) for offering or selling the Notes or otherwise making them available to retail investors in the EEA or in the UK has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA or in the UK may be unlawful under the PRIIPs Regulation.

MiFID II PRODUCT GOVERNANCE / TARGET MARKET

The Final Terms in respect of any Notes will include a legend entitled “MiFID II Product Governance” which will outline the target market assessment in respect of the Notes and which channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending the Notes (a “**distributor**”) should take into consideration the target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the MiFID Product Governance rules under EU Delegated Directive 2017/593 (the (“**MiFID Product Governance Rules**”), any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the MiFID Product Governance Rules.

NOTIFICATION UNDER SECTION 309B(1)(C) OF THE SECURITIES AND FUTURES ACT (CHAPTER 289) OF SINGAPORE (THE SFA) – Unless otherwise stated in the Final Terms in respect of any Notes, all Notes issued or to be issued under the Programme shall be prescribed capital markets products (as defined in the Securities and Futures (Capital Markets Products) Regulations 2018) and Excluded Investment Products (as defined in MAS Notice SFA 04-N12: Notice on the Sale of Investment Products and MAS Notice FAA-N16: Notice on Recommendations on Investment Products).

ALTERNATIVE PERFORMANCE MEASURES

Certain alternative performance measures (as defined in the ESMA Guidelines on Alternative Performance Measures) (“**Alternative Performance Measures**” or “**APMs**”) are included in this Base Prospectus (which reference includes any information incorporated by reference herein). Such APMs, which are not required by, and have not been prepared in accordance with, International Financial Reporting Standards as adopted by the European Union (“**IFRS-EU**”), have been extracted or derived from the accounting records of the Group.

The Guarantor believes these measures will assist securities analysts, investors and other interested parties in the understanding of the Group’s results of operations and financial position. These APMs should be viewed as complementary to, rather than a substitute for, the figures determined according to IFRS-EU. Such APMs have not been audited or reviewed, and are not recognised measures of financial performance or liquidity under IFRS-EU but are used by management to monitor the underlying performance of the business, operations and financial condition of the Group.

These APMs may not be indicative of the Group’s historical results, nor are such measures meant to be predictive of its future results. The Guarantor has presented these APMs in this Base Prospectus because it considers them to be important supplemental measures of the Group’s performance or liquidity, because these and similar measures are seen to be used widely in the sector in which it operates as a means of evaluating a company’s operating performance and liquidity. However, not all companies calculate such APMs in the same manner or on a consistent basis. As a result, these measures may not be comparable to measures used by other companies under the same or similar names. and they should not be considered as a substitute for financial measures computed in accordance with IFRS-EU.

Accordingly, undue reliance should not be placed on such APMs contained in this Base Prospectus.

See “Alternative performance metrics” in Annex II to the Annual Consolidated Directors’ Report 2019 of the Guarantor which is incorporated by reference in this Base Prospectus for information on APMs contained in this Base Prospectus.

Certain Notes may be redenominated in euro. See Condition 7 (*Payments*).

RISK FACTORS

Prospective investors should carefully consider all the information set forth in this Base Prospectus, the applicable Final Terms and any documents incorporated by reference into this Base Prospectus, as well as their own personal circumstances, before deciding to invest in any Notes. Prospective investors should have particular regard to, among other matters, the considerations set out in this section of this Base Prospectus. The following is not intended as, and should not be construed as, an exhaustive list of relevant risks.

Each of the Issuers and the Guarantor believes that each of the following factors may affect its ability to fulfil its obligations under Notes issued under the Programme. All of these factors are contingencies which may or may not occur and none of the Issuers or the Guarantor is in a position to express a view on the likelihood of any such contingency occurring. In addition, factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme are also described below.

Those risk factors that each of the Issuers and the Guarantor believe are the most material as at the date of this Base Prospectus have been presented first in each category. The order of presentation of the categories themselves or the remaining risk factors in each category is not intended to be an indication of the probability of their occurrence or of their potential effect on the Issuers' or the Guarantor's ability to fulfil their obligations under the Notes.

Each of the Issuers and the Guarantor believes that the factors described below represent the principal risks inherent in investing in Notes issued under the Programme as at the date of this Base Prospectus, but the inability of the relevant Issuer or the Guarantor to pay interest, principal or other amounts on or in connection with any Notes may occur for other reasons which may not be considered significant risks by the relevant Issuer and the Guarantor based on information currently available to them or which they may not currently be able to anticipate. Prospective investors should also read the detailed information set out elsewhere in this Base Prospectus, including the descriptions of the Issuers and the Guarantor, as well as the documents incorporated by reference, and reach their own views prior to making any investment decisions.

Before making an investment decision with respect to any Notes, prospective investors should consult their own stockbroker, bank manager, lawyer, accountant or other financial, legal and tax advisers and carefully review the risks entailed by an investment in the Notes and consider such an investment decision in the light of the prospective investor's personal circumstances.

(I) RISK FACTORS THAT MAY AFFECT THE ISSUERS' AND THE GUARANTOR'S ABILITY TO FULFIL THEIR OBLIGATIONS UNDER THE NOTES

The risk factors set out below are applicable to each of the Issuers as a member of the Group, and the Guarantor.

1. LEGAL AND REGULATORY RISKS

Risks relating to the Group's regulatory environment

The Group operates in a highly regulated environment and, as a result, the Guarantor and its subsidiaries are required to comply with a wide variety of legal rules and regulations applying to the natural gas and electricity sectors. In particular, gas and electricity distribution are regulated businesses in most of the countries in which the Group carries out these activities. In addition, the Group is subject to laws and regulations concerning prices, environmental requirements and other aspects of its activities in each of the countries in which it operates. An overview of such laws and regulations is available at Note 2 of the Guarantor's consolidated annual accounts for the year ended 31 December 2019, which are incorporated by reference in this Base Prospectus. Although this overview contains all the information that, as at the date of this Base Prospectus, the Group considers material in the context of the issue of the Notes, it is not an exhaustive account of all applicable laws and regulations. Prospective investors and their advisers should make their own analysis of the legislation and regulations applicable to the Group and of the impact they may have on the Group and any investment in the Notes and should not rely on this overview only.

The laws and regulations governing the natural gas and electricity sectors in the countries where the Group operates are typically subject to periodic review by the regulatory authorities. Following such reviews, or as a result of the approval of new laws and regulations, the regulatory frameworks prevailing in those

jurisdictions, along with the interpretation of the applicable rules, may be modified, and such modifications may be significant in certain instances.

In particular, during the year 2019 significant changes regarding energy regulation were introduced in Spain. Royal Decree-Law 1/2019 assigned to the Spanish National Commission on Markets and Competition (*Comisión Nacional de los Mercados y la Competencia*) (the “CNMC”) the task of setting new framework methodologies for the calculation of the remuneration of the electricity and gas transmission and distribution activities as well as the annual remuneration of those activities for the period 2020 to 2025 for electricity and 2021 to 2026 for gas.

Regarding electricity distribution, the CNMC proposed to maintain the remuneration methodology for the next regulatory period with a moderate remuneration decrease to be applied progressively over the six-year period.

Regarding gas distribution the initial proposal made by the CNMC (published in July 2019) introduced a new methodology for calculating such remuneration which is primarily based on a fixed remuneration on a regulatory asset base quantified using an accounting criteria, whereas the previous methodology was based on the number of customers and the volume of transported gas. As a result of the new methodology, the CNMC estimated a remuneration decrease of 32% as sector average to be applied progressively over the six-year period. After the consultation phase, the CNMC reconsidered the proposal and now maintains the activity-based remuneration, with a remuneration reduction that it has estimated at 16.8% as sector average for the last year of the six-year period to be applied progressively (with an average reduction for the six-year period estimated at 9.6%).

While the electricity remuneration methodology was approved in December 2019, the final gas distribution methodology was published on 3 April 2020 and is substantially in line with the remuneration parameters that the CNMC published in January 2020. Detailed information can be found on the CNMC website (www.cnmc.es). The Group is unable to predict future changes to any of the laws or regulations applicable to its businesses or their interpretation. The introduction of any such changes or new regulatory requirements may adversely impact the remuneration received by the Group for its regulated activities, as well its operating, capital and raw material costs, all of which could have a material adverse effect on the Group’s business, prospects, financial condition and results of operations.

Risks relating to concessions, licences and other administrative authorisations

Given the highly regulated nature of some of the gas and electricity sectors in which the Group operates, some of its activities are subject to obtaining relevant concessions, licences or other administrative authorisations, which can be time-consuming and costly. Operating without the necessary concessions, licences or authorisations can result in a sanction.

The return on, and performance of, the Group’s investments in regulated jurisdictions are therefore conditional on obtaining and maintaining the relevant administrative concessions and authorisations in the medium and long term, which, in many cases, is outside of the Group’s control. Any new political, social or economic conditions in these jurisdictions could affect the validity of the Group’s concessions, licences or other administrative authorisations, as well as have unforeseeable consequences for the Group’s business plan and materially adversely affect the revenue from the Group’s regulated activities and return on investment in such jurisdictions.

In addition, it should be noted that many of the Group’s concessions are subject to the satisfaction of certain commitments which, if not met, can lead to sanctions, reductions in revenue, revocation of the concessions and enforcement of any guarantees or surety bonds, which could materially and adversely impact the return on the Group’s investments and, as a result, have a material adverse effect on the Group’s business, prospects, financial condition and results of operations.

Risks relating to environmental laws and regulations

The Group is subject to extensive environmental protection laws and regulations that require the preparation of environmental impact studies, the maintenance of relevant authorisations, licences and permits and the fulfilment of certain other requirements. Any such environmental authorisations and licences may not be granted or may be revoked as a result of a breach of the conditions imposed by such authorisations or otherwise.

In addition, the Group is subject to changes in the legal and regulatory framework related to environmental and climate change concerns in the countries in which it operates. Given the continued and increased attention to climate change and the global drive towards low-carbon economies and energy sources, the Group's business could be impacted by the implementation of new legal and regulatory measures (including taxes) aimed at mitigating the effects of climate change, resulting in increased compliance costs and operational restrictions for the Group. In addition, there can be no assurance that the Group will be able to adapt its business model and strategy successfully to any such changes to the legal and regulatory framework applicable to it.

Any of the above could have a material adverse effect on the Group's business, prospects, financial condition and results of operations.

Risks relating to litigation and arbitration

The sectors in which the Group operates have grown more litigious in recent years, as a result of the volatility of fuel and natural gas prices and greater competition in the liberalised market, among other factors. The Guarantor and certain of its subsidiaries are currently involved in a number of judicial, arbitration and regulatory proceedings. Given the nature of the Group's business and the sectors in which it operates, the amounts involved in such proceedings can be significant. See "*Description of Naturgy Energy Group, S.A.—Litigation and Arbitration*" for a description of the Group's main judicial, arbitration and regulatory proceedings as at the date of this Base Prospectus.

An adverse outcome in one or more of those proceedings (including out-of-court settlements), or any future proceedings, could have a material adverse effect on the Group's business, prospects, financial condition and results of operations.

2. RISKS RELATING TO THE GROUP'S BUSINESS ACTIVITIES AND INDUSTRIES

The Group is exposed to price variations in crude oil, natural gas and electricity

A significant portion of the Group's operating expenses relate to the purchase of natural gas and liquefied natural gas ("LNG") for commercialisation in the regulated and deregulated markets in which it operates and for fuelling its combined cycle gas turbine ("CCGT") plants for electricity generation. Although the prices that the Group charges its gas customers generally reflect the market price of natural gas, in changing market conditions the adjustments it makes to its sale prices may not fully reflect the changes in the cost of natural gas supplies. In addition to increasing costs in the Group's natural gas business, higher gas prices can also inflate its electricity generation costs, as natural gas is used to fuel its CCGT plants. Lower short-term gas prices may harm the competitiveness of the Group's gas procurement portfolio for supplying its customers and limit the competitiveness of its CCGT power production since lower spot gas prices can imply lower procurement costs for competing gas suppliers and also lower power wholesale prices, putting pressure on companies with long-term purchase commitments.

The prices for such commodities have historically fluctuated and the Group cannot be certain that prices will remain within projected levels. Despite the fact that the annual average price of a barrel of Brent crude oil was stable in preceding years, at U.S.\$111.3 in 2011, U.S.\$111.6 in 2012, U.S.\$108.7 in 2013 and U.S.\$99.1 in 2014, prices are now highly volatile, falling to an average of U.S.\$52.5 in 2015, to U.S.\$43.7 in 2016, to U.S.\$54.3 in 2017, to U.S.\$67.7 in 2018 and to U.S.\$64.2 in 2019 (source: *BP Trading Conditions Update—Crude oil and natural gas markets archive*). Crude oil and natural gas prices are also influenced by geopolitical factors, including but not limited to, demand in China, India and Japan due to nuclear shutdown, oversupply of crude oil, the current general collapse in the commodity markets due to the slowdown of global economic activity as a result of the COVID-19 pandemic, the strong U.S. dollar and general market volatility. Additionally, new procurement contracts from the U.S. (Sabine Pass and Corpus Christi) are exposed to the Henry Hub index, which is also highly volatile, with the annual average price of one million British Thermal Units (BTU) in U.S.\$ for the last five years, at U.S.\$2.66 in 2015, U.S.\$2.46 in 2016, U.S.\$3.10 in 2017, U.S.\$2.86 in 2018 and U.S.\$2.56 in 2019 (source: *NYMEX New York Mercantile Exchange*). Finally, increasingly liquid final destination markets may not sufficiently reflect existing long-term gas procurement contract prices.

The price of electricity in Spain is also highly volatile due to the market share of renewable technologies and their dependence on climate conditions and also because of the volatility of thermal energy technologies that define the price of electricity in Spain since it is the marginal technology required to cover electricity demand. The average price per MWh of electricity fell from €47.25 in 2012 to €44.19 in 2013 and to €41.97 in 2014, rising to €52.02 in 2015, falling significantly to €39.67 in 2016, rising again to €52.24 in 2017 and

to €57.29 in 2018 and falling to €47.71 in 2019 (source: OMIE), mainly due to the weather and the decrease in dispatch of renewable energy (hydro and wind).

The Group's business activities include wholesale natural gas sales to electricity producers and others. With respect to such transactions, its results of operations are likely to depend largely upon prevailing market prices in regional markets and other competitive markets. These market prices may not correlate with long-term gas procurement contracts. As a result, the Group's natural gas wholesale business is exposed to risks of fluctuating commodity prices and movements in the price of electricity.

There can be no assurance that the Group will be able to fully pass on its costs to its gas and electricity customers or to negotiate a decrease in wholesale prices with its suppliers, or otherwise offset such variations through hedging arrangements and other risk management techniques.

Additionally, long-term gas purchase contracts typically provide for regular price revision mechanics: the parties have the right to request a review of the gas purchase price in certain circumstances, and in the event the parties are unable to reach an agreement, such contracts provide for an independent system or formula for setting the price. The Group is periodically subject to such procedures, which may potentially result in the unfavourable pricing of gas or delayed or lack of pass-through of market conditions to the gas suppliers. Long-term gas purchase contracts also typically require the purchase of a certain amount of natural gas and LNG during specified contract periods, usually on a yearly basis. The Group is contractually bound to purchase such minimum volumes even if it does not take the gas (sometimes known as "take-or-pay" clauses). Some agreements provide for a recovery of the amount paid to purchase such minimum gas volumes (sometimes known as "make-up" clauses) in certain circumstances. However, the Group may be subject to such "take-or-pay" clauses without the possibility to recover the gas volumes or amounts it pays.

Any such variations in commodity prices could have a material adverse effect on the Group's business, prospects, financial condition and results of operations.

Impact of weather and climate conditions

The demand for electricity and natural gas, as well as electricity and gas prices, are closely related to climate. Generally, natural gas demand is higher during the cold weather months of October through March in Europe and Mexico (or April through September in Argentina and Chile and, to a lesser extent, Brazil) and lower during the warm weather months of April through September in Europe and Mexico (or October through March in Argentina and Chile and, to a lesser extent, Brazil). A significant portion of demand for natural gas in the winter months relates to the production of electricity and heat and, in the summer months, to the production of electricity for air-conditioning systems. The revenues and results of operations of the Group's natural gas operations could be negatively affected by periods of unseasonable warm weather during the autumn and winter months, due to decreases in factors such as price and volume. Likewise, electricity demand may decrease during mild summers as a result of reduced demand for air-conditioning, negatively impacting revenues generated from the Group's electricity generation and distribution businesses and its commercialisation of natural gas.

The Group's operations involve hydroelectric and wind generation in Spain, Central America and Latin America and, accordingly, the Group is dependent upon hydrological conditions prevailing from time to time in the geographic regions in which its hydroelectric and wind generation facilities are located. If hydrological and wind conditions result in droughts or other conditions that negatively affect the Group's hydroelectric and wind generation business, this could have a material adverse effect on the Group's business, prospects, financial condition and results of operations.

Moreover, the Group may be impacted by the physical and environmental effects of climate change, which are difficult to predict. Possible outcomes include less stable or predictable weather patterns, which could result in more frequent or severe storms and other weather conditions (such as flooding, drought and hurricanes) that could increase the Group's operating costs and interfere with its business operations, particularly when located in areas that typically experience more severe weather conditions. In addition, significant climatic changes, including a gradual, steady increase in global temperatures, could affect consumer behaviour and global or regional demand for energy products such as natural gas. There can be no assurance that the Group will be able to adapt its business model and strategy successfully to the evolving physical and environmental effects of climate change. Any failure to do so could have a material adverse effect on the Group's business, prospects, financial condition and results of operations.

Environmental and climate related risks

The Group is subject to risks associated with key environmental issues such as climate change and water. These risks include changes to energy policies, laws and regulations aimed at mitigating climate change, which includes driving renewable energies and the promotion of energy efficiency. Any such changes could result in increased compliance costs and operational restrictions for the Group. See “—*Legal and Regulatory Risks—Risks relating to environmental laws and regulations*”.

The Group is also exposed to the physical and environmental effects of climate change, which could negatively affect the operation of the Group’s power generation assets as well as resulting in a change to consumer behaviour and reduced demand for the Group’s products. See “—*Impact of weather and climate conditions*”.

The growing public concern with regards to climate change or environmental protection more generally could also have an adverse impact on the Group’s ability to carry out new investment projects or otherwise harm its reputation. For example, concerns about fugitive emissions of methane in natural gas extraction processes could result in natural gas being seen as equally harmful as more carbon-intensive fossil fuels.

In addition, if the Group fails to keep pace with technological improvements or innovations that support the transition to a lower carbon, energy efficient economic system, this could have an adverse effect on its business and prospects.

While the Group analyses these and other risks associated with climate change and the wider environment and establishes goals to mitigate their impact on the Group, there can be no assurance that the Group will be able to mitigate such risks effectively or at all. As a result, any of the above could have a material adverse effect on the Group’s business, prospects, financial condition and results of operations.

Gas volume risks

Most purchases of natural gas and LNG are made pursuant to long-term contracts with clauses (sometimes known as “take-or-pay” clauses) that require the Group to purchase a certain amount of natural gas and LNG during specified contract periods. Pursuant to these contracts, even if the Group requires less than the minimum contracted amount, it is still contractually bound to pay for the minimum contracted amount, thereby paying for an amount of gas or LNG that is greater than its operational needs or to pay a fixed price amount for such gas irrespective of whether it takes the gas or not. When the Group enters into contracts with “take-or-pay” provisions, it negotiates the contracted amount based on forecasts of its anticipated future needs and the competitiveness of such gas. Such forecasts are based on previous experience and the information then available to the Group, but actual volume requirements may prove to be lower than those projected at the time the contracts are entered into. Any significant variation in the forecasted levels of demand or price competitiveness could result in the Group being required to pay for quantities of natural gas that exceed its actual needs, regardless of whether it elects to take delivery of the excess quantities of gas, which could, in turn, have a material adverse effect on the Group’s operational costs and, as a result, its business, prospects, financial condition and results of operations. These demand shifts include the dramatic impact on demand that the current COVID-19 pandemic may cause, the outcome of which will depend on the persistence and final deepness of commercial slowdown in the Spanish and worldwide economies.

Development of the Group’s electricity activities

The success of the Group’s electricity sector projects could be adversely affected by factors beyond the control of the Group, including the following:

- increases in the cost of generation, including increases in fuel costs and CO₂ prices;
- reduced competitiveness of the Group’s gas procurement to be used in the Group’s power generation facilities;
- reduced competitiveness with other technologies due to an increase in the cost of electricity generation from natural gas;
- the possibility of a reduction in the projected rate of growth in electricity usage as a result of factors such as economic or weather conditions;
- the implementation of energy conservation schemes;

- risks incidental to the operation and maintenance of electricity generation facilities;
- the increasing price volatility that has resulted from deregulation and changes in the market;
- surplus electricity generation capacity in the markets served by the electricity plants the Group owns or in which it has an interest;
- generation-commercialisation imbalances that may result in the exposure of the Group to electricity price volatility;
- the imposition of new requirements by regulatory authorities resulting from the ongoing deregulation of the electricity sector in the jurisdictions in which the Group operates; and
- alternative sources and supplies of energy becoming available due to new technologies and increasing interest in renewable energy and cogeneration.

Should any of these risks materialise, they could have a material adverse effect on the Group's business, prospects, financial condition and results of operations.

Level of competitiveness in supply activities in the gas and electricity market

The Group operates in a highly competitive environment in the gas and electricity markets in the different countries in which it carries on its business. In particular, the liberalisation processes that have taken place in energy markets both in Spain and in other key markets have had a negative impact on energy prices and on the market share of retail supply, especially in the gas business. The Group may continue to lose market share due to the entry of new suppliers into the market or existing suppliers. As the Group experienced during 2019, its portfolio of long-term gas supply contracts may become less competitive if the relevant price indexes of such portfolio and those of the final markets differ. A further decline in market share could have a significant adverse effect on the Group's business, prospects, financial condition and results of operations.

In the electricity industry, liberalisation has led to increased competition as a result of consolidation and the entry of new market participants in the European Union electricity markets, including the Spanish electricity market. The liberalisation of the electricity industry in the European Union has also led to lower electricity prices in some market segments as a result of the entry of new competitors and cross-border energy suppliers as well as the establishment of European electricity exchanges, which in turn has led to increased liquidity in the electricity markets. This liberalisation of the electricity market means that many areas of the Group's business must develop in a more competitive environment.

If the Group were unable to adapt to or adequately manage this competitive market its business, prospects, financial condition and results of operations could be materially adversely affected.

3. RISKS RELATING TO THE GROUP'S OPERATIONS

Operating risks

The Group's operations are subject to certain inherent risks, including pipeline ruptures, breakdowns affecting its electricity generation assets and LNG tankers, explosions, pollution, release of toxic substances, fires, adverse weather conditions (such as the earthquake that affected the islands of Puerto Rico in January 2020), failure by gas and fuel suppliers or other third parties to fulfil contractual obligations, sabotage, accidental damage to its gas distribution network or electricity generation assets and other hazards and *force majeure* events, any of which could result in personal injury and/or damage to, or the destruction of, the Group's facilities and other properties or an interruption in gas supply and/or electricity generation.

Additionally, the Group may be subject to civil liability claims for personal injury and/or other damages caused in the ordinary course of its activities, such as failures in its distribution network, gas explosions, wildfires, pollution or toxic spills or incidents with its generating plants. Such claims could result in the payment of compensation under the laws of certain countries where the Group operates, which could, to the extent the Group's civil liability insurance policies do not cover such damages, have a material adverse effect on the Group's business, prospects, financial condition and results of operations.

Furthermore, if operations at compression stations on the Europe-Maghreb pipeline were to be interrupted, suppliers may notify the Group of a reduction in supply levels or seek to enforce *force majeure* provisions

with a view to terminating the corresponding supply agreements. The Group is not generally able to predict the occurrence of these or similar events and they may cause unanticipated interruptions in its gas supply and electricity generation activities. While the Group seeks to obtain insurance cover for risks such as damage to property and loss of profit, its financial condition and results of operations may be adversely affected to the extent any losses are uninsured, exceed the applicable limitations under its insurance policies, are subject to the payment of excesses or to the extent the premiums payable in respect of such policies are increased as a result of insurance claims.

The Group enters into long-term gas supply contracts and, consequently, its gas supply is subject to the risk of non-fulfilment by its contractual counterparties. In the event that insufficient gas is supplied to the Group due to the failure of a counterparty to deliver contracted amounts of gas or for any other reason, the Group could be required to seek alternative sources of gas in order to ensure continued supply. This may require purchases on the “spot” market (a non-organised market aimed at short-term commercialisation in gas, primarily LNG), to acquire the gas required. Such “spot” purchases may only be available on more expensive terms than under the current supply contracts to which the Group is party, and this cost may not be recoverable under such contracts. The Group cannot provide any assurance that, in such circumstances, it would be able to acquire the gas needed to guarantee supply on reasonable terms, or at all, and any failure to do so could have a negative effect on its business, prospects, financial condition and results of operations.

If any of these operating risks were to materialise, they could have a material adverse effect on the Group’s business, prospects, financial condition and results of operations.

Construction and development of new infrastructure

The construction and development of natural gas supply and distribution infrastructure and the exploration, production and sale of LNG, as well as electricity generation and distribution projects, can be time-consuming and highly complex. Any increase in the costs of, cancellation of and/or delay in the completion of, the Group’s projects under development and projects proposed for development could have a material adverse effect on its business, prospects, financial condition and results of operations. In particular, if the Group were unable to complete projects under development, it would not be able to recover the costs incurred and its profitability, and, as a result, its business, prospects, financial condition and results of operations, could be materially adversely affected.

Risks related to cybersecurity

The Group may be affected by threats to the availability, confidentiality, integrity and privacy of both information assets and technologies which support its business processes, as well as the risk of non-compliance with regulations related to cybersecurity.

Examples of these threats include unauthorised access to, as well as the use, disclosure, degradation, interruption, modification or destruction of information, including as a consequence of acts of terrorism, malicious attacks, sabotage and other intentional acts. Unauthorised access to the Group’s IT systems may also compromise business data and customer information resulting in fines and penalties as a consequence of the violation of data protection regulations and other legal requirements. Such threats could also damage the reputation of the Group.

Any of the above could have a material adverse effect on the Group’s business, prospects, financial condition or results of operations.

4. RISKS RELATING TO MACRO-ECONOMIC CONDITIONS AND COUNTRY RISKS

The uncertain macroeconomic climate

Since 2013, the global economy has grown at a modest pace, curbed by the stagnation of economic activity in parts of Europe, as well as the slowdown of several emerging economies. In the Eurozone, the pace of economic recovery has lagged behind that of other advanced economies following the prior global recession, including as a result of the sovereign debt crisis that affected several European countries, including Spain. In 2017, the Eurozone’s economic recovery was stronger and broader than that observed in previous years, but it was underpinned more by positive sentiment than structural factors. In 2019, with global conditions deteriorating, the Eurozone’s economic growth rate reverted to a lower level as core inflation remains subdued and weak business and consumer confidence are affecting consumption and investment decisions.

The economic recovery of the Eurozone may also be jeopardised by the current political instability affecting several countries. For example, following the United Kingdom's withdrawal from the European Union on 31 January 2020, there is currently uncertainty about the future trading relationship between the United Kingdom and the European Union. Such uncertainty may have a negative effect on investor sentiment.

In Spain, further instability cannot be ruled out, particularly in light of Spain's minority government or the tensions between Spain's central government and the regional government of Catalonia. While such political tensions have not significantly affected macroeconomic figures so far, there can be no assurance that they may not do so in the future.

In addition, there is growing concern that the outbreak of the COVID-19 (commonly referred to as "coronavirus") pandemic across major economies will cause significant disruptions in economic activity. The spread of the virus is raising health concerns and the risk of wider restrictions on the movement of people, goods and services, falls in business and consumer confidence and slowing production. While the exact impact of this virus on the global economy is uncertain, there is significant risk that disruptions to demand as a result of the virus would be aggravated by supply-chain disruptions (potentially causing lower energy consumption) and financial contagion (including lower equity prices and higher money market spreads). It is currently expected that the broader contagion of COVID-19 across the world will lead to significant cuts in global growth in 2020, with containment measures and loss of confidence adversely affecting production and spending, which, in turn, could cause certain economies, including in the euro area, to drift into recession.

The Group is exposed to the uncertain macroeconomic climate in a number of ways:

- An economic downturn in any of the countries in which the Group operates negatively affects business and consumer confidence, unemployment trends and the state of the residential and commercial real estate sector. This in turn, may impact the Group's customers, resulting in their inability to pay amounts owed to the Group and may affect demand for the Group's goods and services. What is more, given that as of 31 December 2019, more than half of the Group's operating assets were located in Spain, any economic downturn affecting the Spanish economy would have a material adverse effect on the Group's business.
- An economic downturn also negatively affects the state of the equity, bond and foreign exchange markets, including their liquidity. This might affect the reasonable value of financial assets and liabilities and increase the Group's financing costs, all of which could give rise to an impairment of the goodwill and the intangible or tangible fixed assets of the Group.

The Group is not able to predict how the economic cycle is likely to develop in the short term or the coming years or whether there will be a return to a recessive phase of the global economic cycle, including as a result of the spread of COVID-19 or otherwise. Any further deterioration of the current economic situation in the markets in which the Group operates could have a material adverse effect on the Group's business, prospects, financial condition and results of operations.

Geographical exposure

The Group has interests in countries with varied political, economic and social environments, focused on two main geographical areas, Latin America and the Middle East and the Maghreb.

Latin America

A significant portion of the Group's operating income is generated by its Latin American subsidiaries. Operations and investments in Latin America are exposed to various risks that are inherent to the region, including, but not limited to, risks relating to the following:

- significant governmental influence over local economies;
- substantial fluctuations in economic growth;
- high levels of inflation;
- devaluation, depreciation or over-valuation of local and foreign currencies;
- exchange controls or restrictions on expatriation of earnings;

- volatile domestic interest rates;
- changes in governmental, fiscal, economic or tax policies;
- unexpected changes in governmental regulation;
- expropriation of assets or businesses;
- social unrest; and
- general political and macro-economic instability.

Most or all of these factors have arisen at various times in the last two decades in the most important Latin American markets: Argentina, Brazil, Chile, Colombia and Mexico.

The Middle East and the Maghreb

The Group has both proprietary assets and significant gas supply contracts in various countries in the Middle East, mainly in Egypt, and the Maghreb. Political instability in the area can result in physical damage to assets of companies in which the Group participates as well as in obstructing the operations of these or other companies causing interruption in gas supply.

The Group is not able to predict the occurrence of any of these risks or other risks related to the Group's operations and interests in Latin America or the Middle East and the Maghreb, or the magnitude of their impact, and any of the above risks could have a material adverse effect on the Group's business, prospects, financial condition and results of operations.

5. RISKS RELATING TO THE GROUP'S STRATEGY

Business strategy

The Group's ability to achieve its strategic objectives is subject to a variety of risks. These risks include:

- an inability to manage more challenging gas markets and price evolution, resulting in an adverse impact on the profitability of the Group's liberalised businesses;
- an inability to successfully manage the requirements of regulatory frameworks if stricter-than-expected regulatory measures were to be imposed in relation to the international distribution of gas and electricity generation;
- an inability to successfully manage the businesses of the Group in the context of the changing political and regulatory environment, including the potential risk of intervention and/or liquidation of any of the Group's businesses. In particular, an inability to manage new populist political and social environments in countries that lead to worse regulations in regulated businesses impacting the profitability of the Group's businesses in such countries;
- the possibility of a new recession in the Spanish, European, Latin American or any other economy where the Group operates, or the actual or threatened default by any major economy on its sovereign debt, which would negatively affect the performance of the Group's businesses;
- an inability to properly manage foreign exchange evolutions, resulting in a negative impact on the Group's profitability;
- an inability to extend contracts that expire over the short and medium term, resulting in decreased cash flow and a negative impact on the Group's profitability;
- an inability to increase the number of connection points in Europe and Latin America, preventing the Group from expanding its distribution networks in these countries in line with its Strategic Plan (see "*Description of Naturgy Energy Group, S.A.—Strategic Plan*");
- a stagnation in the number of customers due to a lack of success in marketing campaigns targeted at gas and electricity consumers;

- an inability to achieve the desired level of flexibility and diversification in gas supplies and access to gas reserves;
- an inability to renegotiate contracts that expire or the conditions of which no longer reflect the existing market situation, which may negatively impact the Group's profitability;
- the inclusion of "take-or-pay" or minimum payment clauses in supply contracts, potentially imposing an obligation on the Group to pay for a larger volume of gas than it requires or to pay for a minimum amount of gas, irrespective of whether it takes the gas or not;
- an inability to consolidate the Group's multi-service business strategy or to increase the current rate of multi-product contracts per customer;
- an inability to execute the Group's current efficiency plan;
- an inability to fulfil the current dividend plan as a result of lower cash generation; and
- an inability to successfully manage the Group's minority shareholders in the different businesses belonging to the Group.

The Group can provide no assurance that it will be able to implement its business strategy successfully. Were the Group to fail to achieve its strategic objectives, or if those objectives, once attained, did not generate the benefits initially anticipated, this could have a material adverse effect on the Group's business, prospects, financial condition and results of operations.

Risks related to acquisitions, investments and disposals

As part of the Group's strategy, the Group may engage in acquisitions, investments and total or partial disposals of interests. There can be no assurance that the Group will identify suitable acquisition opportunities, obtain the financing necessary to complete and support such acquisitions or investments, acquire businesses on satisfactory terms, or that any acquired business will prove to be profitable. In addition, acquisitions, investments and divestments involve a number of risks associated with unanticipated events, including difficulties in relation to the operational integration of such new businesses in the Group or the disintegration of such businesses from the Group and risks arising from provisions in contracts that are triggered by a change of control of an acquired company or from provisions in contracts relating to the units to be divested. Any disposal of an interest may also adversely affect the Group's financial condition if such disposal results in a loss to the Group. Any of the above factors could have a material adverse impact on the Group's business, prospects, financial condition and results of operations.

6. FINANCIAL RISKS

Credit, currency and interest rate risks

The Group is exposed to credit risk insofar as its counterparts, such as customers, suppliers, financial institutions and partners may default on their contractual payment obligations by failing to make payments on time or at all. The energy retail business, despite having procedures for the selection of customers, is exposed to defaults in its commercial portfolios due to both the deterioration of existing portfolios and the decreased quality of new customers as a result of current economic and financial conditions. In businesses which, aside from the supply of energy, offer consumer financing for the acquisition of ancillary products, unpaid invoices tend to be greater and there is less incentive to repay compared to circumstances where only the supply payment is due. Business activity which requires a prior investment in assets is especially sensitive to default risk because if an event of default does occur, these assets might not be recoverable or reusable. Conversely, risk management is hindered and losses increased where there is a legal obligation to guarantee an uninterrupted supply to certain customers, including when there is an event of default.

There is an international consensus that, in order to determine credit quality, the ratings provided by rating agencies must be taken into account. Credit ratings affect the pricing and other conditions under which the Group obtains financing. This leads to the risk that following a deterioration in the rating of the Guarantor, especially below BBB- (or equivalent), all purchase transactions would increase related guarantee requirements which would entail an increase in financial costs possibly leading to transaction restrictions if insufficient bank guarantees were provided to all counterparties. Any such downgrade in the credit rating of the Guarantor could restrict or limit the Group's access to the financial markets, increase its new borrowing costs and have a negative effect on its liquidity.

Fluctuations in interest rates modify the fair value of the Group's assets and liabilities that accrue a fixed interest rate and the cash flows from assets and liabilities pegged to a floating interest rate, and accordingly, affect the Group's equity and profitability, respectively. The Group's floating-rate debt is primarily subject to fluctuations in EURIBOR, LIBOR and the indexed rates in Argentina, Brazil, Colombia, Chile, Mexico and South Africa.

The Group is also exposed to risks associated with variations in currency exchange rates. Variations in exchange rates can affect, among other things, the value of the Group's earnings and borrowings denominated in currencies other than the euro and its operations that generate non-euro revenue, as well as the exchange value of commodity purchases denominated in currencies other than the euro.

Although the Group takes a proactive approach to the management of the above risks in order to minimise their impact on its revenues, in certain cases the policies it implements may not be effective in mitigating the adverse effects caused by interest rate and currency fluctuations.

Any of these risks could have an adverse impact on the Group's business, prospects, financial condition and results of operations.

(II) RISKS RELATING TO WITHHOLDING

Risks in relation to Spanish Taxation in respect of payments made by the Guarantor

Whilst the Guarantor considers that payments under the Guarantee should be characterised as an indemnity and, accordingly, be made free and clear of, and without withholding or deduction for, any taxes imposed by the Kingdom of Spain, there are certain circumstances outside the Guarantor's control, which would require the Guarantor to withhold tax at the then-applicable rate (currently 19 per cent.) from any payment of interest in respect of the Notes. In such circumstances, neither the Issuer nor the Guarantor will pay any additional amounts with respect to any such withholding and investors would receive less interest than expected. This could also adversely affect the price of the Notes. See "*Taxation and Disclosure of Information in Connection with the Notes – Spanish Tax – Payment by the Guarantor*".

Prospective purchasers of the Notes should consult their own tax advisers as to the consequences under the tax laws of the Kingdom of Spain of receiving payments of interest under the Notes.

No obligation to pay additional amounts if payments in respect of the Notes are subject to the 2021 Netherlands conditional interest withholding tax

The Netherlands introduced a withholding tax on interest payments which will enter into effect as of 1 January 2021. This interest withholding tax will apply to interest payments made by Naturgy Finance B.V. to affiliated entities (i) resident in low-tax jurisdictions designated as such by the Dutch Ministry of Finance (generally, a jurisdiction (a) with a corporation tax on business profits with a general statutory rate of less than 9%, or (b) a jurisdiction included in the EU list of non-cooperative jurisdictions), or (ii) in certain abusive situations.

Generally, an entity is considered to be affiliated (*gelieerd*) to Naturgy Finance B.V. for these purposes if such entity, either individually or as part of a collaborating group (*samenwerkende groep*), has a decisive influence on Naturgy Finance B.V.'s decisions, in such a way that it, or the collaborating group of which it forms part, is able to determine the activities of Naturgy Finance B.V. An entity, or the collaborating group of which it forms part, that holds more than 50% of the voting rights in Naturgy Finance B.V., or in which Naturgy Finance B.V. holds more than 50% of the voting rights, is in any event considered to be affiliated. An entity is also considered to be affiliated if a third party holds more than 50% of the voting rights both in such entity and Naturgy Finance B.V.

In case payments made by Naturgy Finance B.V. in respect of the Notes are, as of 1 January 2021, subject to this interest withholding tax, Naturgy Finance B.V. will make the required withholding of such taxes for the account of the relevant Noteholder(s) without being obliged to pay any additional amounts to the relevant Noteholder(s) in respect of the interest withholding tax. Prospective investors in the Notes should consult their own tax advisers as to whether this interest withholding tax could be relevant to them.

(III) RISKS RELATED TO THE NOTES ISSUED UNDER THE PROGRAMME

1. RISKS RELATED TO THE STRUCTURE OF A PARTICULAR ISSUE OF NOTES

A wide range of Notes may be issued under the Programme. A number of these Notes may have features which contain particular risks for potential investors.

In respect of any Notes issued with a specific use of proceeds, such as a Green Bond, there can be no assurance that such use of proceeds will be suitable for the investment criteria of an investor

The net proceeds from the issue of any Notes will be on-lent by the relevant Issuer to the Guarantor to be used by the Group for general corporate purposes. The Guarantor may also choose to apply the proceeds from the issue of any Notes specifically to finance and/or refinance, in whole or in part, Eligible Green Projects in accordance with prescribed eligibility criteria (any such Notes, “**Green Bonds**”). See also the section entitled “*Use of Proceeds*” for further detail.

Regardless of whether any Notes are listed or admitted to trading on any dedicated “green”, “environmental”, “sustainable” or other equivalently-labelled segment of any stock exchange or securities market, no assurance is given by either of the Issuers, the Guarantor or the Dealers that the use of such proceeds for any Eligible Green Projects will satisfy, whether in whole or in part, any present or future investor expectations or requirements as regards any investment criteria or guidelines with which such investor or its investments are required to comply whether by any present or future applicable law or regulations or by its own by-laws or other governing rules or investment portfolio mandates, in particular with regard to any direct or indirect environmental, sustainability or social impact of any projects or uses, the subject of or related to, any Eligible Green Projects. In addition, although the relevant Issuer or the Guarantor may agree at the time of issue of any Green Bonds to apply the proceeds of any Green Bonds so specified in, or substantially in accordance with, the eligibility criteria, it would not be an Event of Default under the Notes if the relevant Issuer or the Guarantor were to fail to comply with such obligations for whatever reason.

In connection with the issue of Green Bonds, a sustainability rating agency or sustainability consulting firm may issue a second-party opinion (whether or not requested by the relevant Issuer or the Guarantor) confirming that the Eligible Green Projects have been defined in accordance with the broad categorisation of eligibility for green projects and/or a second-party opinion regarding the suitability of the Notes as an investment in connection with certain environmental and sustainability projects (any such second-party opinion, a “**Second-party Opinion**”). A Second-party Opinion would not constitute a recommendation to buy, sell or hold securities, would only be current as of the date it is released and would not be, nor would be deemed to be, incorporated in and/or form part of this Base Prospectus.

Any failure to apply the proceeds of any issue of Green Bonds in connection with Eligible Green Projects, or any failure to meet, or continue to meet the eligibility criteria, or the withdrawal of any Second-Party Opinion or any such Notes no longer being listed or admitted to trading on any stock exchange or securities market may have a material adverse effect on the value of such Notes and also potentially the value of any other Notes which are intended by either Issuer to finance Eligible Green Projects or result in adverse consequences for certain investors with portfolio mandates to invest in securities to be used for a particular purpose. Prospective investors must determine for themselves whether the proposed Green Bonds meet their requisite investment criteria and conduct any other investigations they deem necessary to reach their own conclusions as to the merits of investing in any such Green Bonds.

Furthermore, it should be noted that there is currently no clear definition (legal, regulatory or otherwise) of, nor market consensus as to what constitutes, a “green” or an equivalently-labelled project or as to what precise attributes are required for a particular project to be defined as “green” or such other equivalent label nor can any assurance be given that such a clear definition or consensus will develop over time or that any prevailing market consensus will not significantly change, particularly when the EU Taxonomy comes into force. Accordingly, no assurance is or can be given to investors in Green Bonds that any projects or uses the subject of, or related to, any Eligible Green Projects will meet any or all investor expectations regarding such “green” or other equivalently-labelled performance objectives or that any adverse environmental, social and/or other impacts will not occur during the implementation of any projects or uses the subject of, or related to, any Eligible Green Projects.

Notes subject to optional redemption by the relevant Issuer

The Conditions provide that, if so specified in the relevant Final Terms, Notes may be subject to early redemption at the option of the relevant Issuer in certain circumstances. See Condition 6 (*Redemption and Purchase*). An optional redemption feature of Notes is likely to limit their market value. During any period

when the relevant Issuer may elect to redeem Notes, the market value of those Notes generally will not rise substantially above the price at which they can be redeemed. This may also be true prior to any redemption period.

The relevant Issuer may be expected to redeem Notes when its cost of borrowing is lower than the interest rate on the Notes. At those times, an investor would generally not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed, and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time.

Notes issued at a substantial discount or premium

The market values of securities issued at a substantial discount or premium from their principal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing securities. Generally, the longer the remaining term of the securities, the greater the price volatility as compared to conventional interest-bearing securities with comparable maturities.

Notes linked to SONIA

The market continues to develop in relation to SONIA as a reference rate in the capital markets and its adoption as an alternative to LIBOR. In particular, market participants and relevant working groups are exploring alternative reference rates based on SONIA, including term SONIA reference rates (which seek to measure the market's forward expectation of an average SONIA rate over a designated term). As a result, the market or a significant part thereof may adopt an application of SONIA that differs significantly from that set out in the Conditions and used in relation to Notes that reference a SONIA rate issued under this Base Prospectus.

Interest on Notes which reference SONIA is only capable of being determined at the end of the relevant Observation Period and immediately prior to the relevant Interest Payment Date. It may be difficult for investors in Notes which reference a SONIA rate to reliably estimate the amount of interest which will be payable on such Notes, and some investors may be unable or unwilling to trade such Notes without changes to their IT systems, both of which could adversely impact the liquidity of such Notes. Further, in contrast to LIBOR-based Notes, if Notes referencing SONIA become due and payable as a result of an Event of Default under Condition 11 (*Events of Default*) are redeemed early on a date other than an Interest Payment Date, the rate of interest payable for the final Interest Period in respect of such Notes shall only be determined immediately prior to the date on which the Notes become due and payable and shall not be reset thereafter.

In addition, the manner of adoption or application of SONIA reference rates in the Eurobond markets may differ materially compared with the application and adoption of SONIA in other markets, such as the derivatives and loan markets. Investors should carefully consider how any mismatch between the adoption of SONIA reference rates across these markets may impact any hedging or other financial arrangements which they may put in place in connection with any acquisition, holding or disposal of Notes referencing a SONIA rate.

Further, if SONIA does not prove to be widely used in securities such as the Notes, the trading price of such Notes linked to SONIA may be lower than those of Notes linked to indices that are more widely used. Investors in such Notes may not be able to sell such Notes at all or may not be able to sell such Notes at prices that will provide them with a yield comparable to similar investments that have a developed secondary market, and may consequently suffer from increased pricing volatility and market risk.

Investors should consider these matters when making their investment decision with respect to any such relevant Notes.

Fixed/Floating Rate Notes

Fixed/Floating Rate Notes may bear interest at a rate that the relevant Issuer may elect to convert from a fixed rate to a floating rate or from a floating rate to a fixed rate. The relevant Issuer's ability to convert the interest rate will affect the secondary market and the market value of the Notes since such relevant Issuer may be expected to convert the rate when it is likely to produce a lower overall cost of borrowing. If the relevant Issuer converts from a fixed rate to a floating rate, the spread on the Fixed/Floating Rate Notes may be less favourable than prevailing spreads on comparable Floating Rate Notes tied to the same reference rate. In addition, the new floating rate at any time may be lower than the rates on other Notes. If

the relevant Issuer converts from a floating rate to a fixed rate, the fixed rate may be lower than the prevailing rates on the Notes prior to such conversion.

Calculation Agent

The relevant Issuer may appoint a Dealer as Calculation Agent in respect of an issuance of Notes under the Programme. In such a case the Calculation Agent is likely to be a member of an international financial group that is involved, in the ordinary course of its business, in a wide range of banking activities out of which conflicting interests may arise. Whilst such a Calculation Agent will, where relevant, have information barriers and procedures in place to manage conflicts of interest, it may in its other banking activities from time to time be engaged in transactions involving an index or related derivatives which may affect amounts receivable by Noteholders during the term and on the maturity of the Notes or the market price, liquidity or value of the Notes and which could be deemed to be adverse to the interests of the Noteholders.

2. RISKS RELATED TO ANY ISSUE OF NOTES

The Notes may be redeemed prior to maturity

In the case of any particular Tranche of Notes, the relevant Final Terms specify that the Notes are redeemable at the relevant Issuer's option, for example pursuant to Condition 6(c) (*Redemption at the Option of the Issuer*), Condition 6(d) (*Residual Maturity Call Option*), Condition 6(e) (*Redemption following a Substantial Purchase Event*) or Condition 6(f) (*Make-Whole Redemption*). In certain circumstances the relevant Issuer may choose to redeem the Notes at times when prevailing interest rates may be relatively low. In such circumstances, an investor may not be able to reinvest the redemption proceeds in a comparable security at an effective interest rate as high as that of the relevant Tranche of Notes.

The regulation and reform of benchmarks may adversely affect the value of Notes referencing such benchmarks.

Reference rates and indices, including interest rate benchmarks, which are deemed to be "benchmarks" are the subject of recent national and international regulatory guidance and proposals for reform. This has resulted in regulatory reform and changes to existing benchmarks, with further changes anticipated. These reforms may cause such benchmarks to perform differently than in the past, to disappear entirely, or have other consequences which cannot be predicted. Any such consequence could have a material adverse effect on any Notes referencing such a benchmark.

Regulation (EU) 2016/1011 (the "BMR") was published in the Official Journal of the EU on 29 June 2016 and has applied from 1 January 2018. The BMR could have a material impact on any Notes referencing a benchmark, in particular, if the methodology or other terms of the relevant benchmark are changed in order to comply with the requirements of the BMR. Such changes could, among other things, have the effect of reducing, increasing or otherwise affecting the volatility of the published rate or level of the relevant benchmark.

The London Interbank Offered Rate ("LIBOR"), Euro Interbank Offered Rate ("EURIBOR") and other interest rates or other types of rates and indices which are deemed to be "benchmarks" are the subject of ongoing national and international regulatory reform. Following the implementation of any such potential reforms, the manner of administration of benchmarks may change, with the result that they may perform differently than in the past, or benchmarks could be eliminated entirely, or there could be other consequences which cannot be predicted. For example, on 27 July 2017, the UK Financial Conduct Authority announced that it would no longer persuade or compel banks to submit rates for the calculation of the LIBOR benchmark after 2021 (the "FCA Announcement"). The FCA Announcement indicates that the continuation of LIBOR on the current basis cannot and will not be guaranteed after 2021.

The potential elimination of LIBOR or any other benchmark, or changes in the manner of administration of any benchmark, could require an adjustment to the terms and conditions, or result in other consequences, in respect of any Notes referencing such benchmark (including but not limited to Floating Rate Notes the interest rates of which are linked to LIBOR which may, depending on the manner in which the LIBOR benchmark is to be determined under the Conditions, result in the effective application of a fixed rate based on the rate which applied in the previous period when LIBOR was available).

Under the Conditions, certain replacement provisions will apply if a benchmark (or any component part thereof) used as a reference for the calculation of interest amounts payable under the Floating Rate Notes were to be discontinued or otherwise become unavailable. See Condition 5(i) (*Benchmark discontinuation*).

For example, where Screen Rate Determination is specified as the manner in which the Rate of Interest in respect of Floating Rate Notes is to be determined, the Conditions provide that the Rate of Interest shall be determined by reference to the Relevant Screen Page (or its successor or replacement). In circumstances where such Original Reference Rate is discontinued, neither the Relevant Screen Page, nor any successor or replacement may be available, in which case the Rate of Interest to be determined by the Calculation Agent by reference to quotations from banks communicated to the Calculation Agent. Where such quotations are not available (as may be the case if the relevant banks are not submitting rates for the determination of such Original Reference Rate), the Rate of Interest may ultimately revert to the Rate of Interest applicable as at the last preceding Interest Determination Date before the Original Reference Rate was discontinued.

Uncertainty as to the continuation of the Original Reference Rate, the availability of quotes from reference banks, and the rate that would be applicable if the Original Reference Rate is discontinued may adversely affect the value of, and return on, the Floating Rate Notes.

If a Benchmark Event (as defined in Condition 5(i) (*Benchmark discontinuation*)) occurs (which, among other events, includes the permanent discontinuation of an Original Reference Rate), the Issuer shall use its reasonable endeavours to appoint an Independent Adviser. The Independent Adviser shall endeavour to determine a Successor Rate or Alternative Rate to be used in place of the Original Reference Rate. The use of any such Successor Rate or Alternative Rate to determine the Rate of Interest is likely to result in Notes initially linked to or referencing the Original Reference Rate performing differently (which may include payment of a lower Rate of Interest) than they would do if the Original Reference Rate were to continue to be referenced.

Where ISDA Determination is specified as the manner in which the Rate of Interest in respect of Floating Rate Notes is to be determined, the Conditions provide that the Rate of Interest in respect of the Notes shall be determined by reference to the relevant Floating Rate Option in the 2006 ISDA Definitions. Where the Floating Rate Option specified is an “IBOR” Floating Rate Option, the Rate of Interest may be determined by reference to the relevant screen rate or the rate determined on the basis of quotations from certain banks.

If the relevant IBOR is permanently discontinued and the relevant screen rate or quotations from banks (as applicable) are not available, the operation of these provisions may lead to uncertainty as to the Rate of Interest that would be applicable, and may, adversely affect the value of, and return on, the Floating Rate Notes.

Investors should consult their own independent advisers and make their own assessment about the potential risks imposed by the BMR reforms in making any investment decision with respect to any Notes referencing a benchmark.

3. RISKS RELATED TO THE DENOMINATIONS OF THE NOTES

In relation to any issue of Notes which under the Conditions have a minimum denomination of euro 100,000 plus a higher integral multiple of another smaller amount (or, where the specified currency is not euro, its equivalent in the specified currency) (each, a “**Specified Denomination**”), it is possible that Notes may be traded in the clearing systems in amounts in excess of euro 100,000 (or its equivalent in the specified currency). In such a case, should definitive Notes be required to be issued, a holder who, as a result of trading, holds a principal amount of less than euro 100,000 (or its equivalent in the specified currency) in his account with the relevant clearing system at the relevant time may not receive all of his entitlement in the form of definitive Notes, and consequently may not be able to receive interest or principal in respect of all of his entitlement, unless and until such time as his holding becomes an integral multiple of a Specified Denomination. Furthermore, at any meeting of Noteholders while Notes are represented by a Permanent Global Note, any vote cast shall only be valid if it is in respect of a minimum of euro 100,000 (or its equivalent in the specified currency).

TERMS AND CONDITIONS OF NOTES ISSUED BY NATURGY FINANCE B.V.

The following is the text of the terms and conditions which, subject to completion in accordance with the provisions of the relevant Final Terms, will be endorsed on each Note in definitive form issued by Naturgy Finance B.V. under the Programme. The terms and conditions applicable to any Note in global form will differ from those terms and conditions which would apply to the Note were it in definitive form to the extent described in the Base Prospectus dated 3 April 2020 relating to the Notes, under “Form of the Notes”.

Naturgy Finance B.V. and Naturgy Capital Markets, S.A. have established a Euro Medium Term Note Programme (the “**Programme**”) for the issuance of up to €12,000,000,000 in aggregate nominal amount of Notes (the “**Notes**”) guaranteed by Naturgy Energy Group, S.A.

Notes issued under the Programme are issued in series (each a “**Series**”) and each Series may comprise one or more tranches (each a “**Tranche**”) of Notes. Each Tranche is the subject of final terms (the “**Final Terms**”) which completes these terms and conditions (the “**Conditions**”). The terms and conditions applicable to any particular Tranche of Notes are these Conditions as completed by the relevant Final Terms. All subsequent references in these Conditions to “Notes” are to the Notes which are the subject of the relevant Final Terms. The Notes are the subject of an amended and restated agency agreement dated on or about 3 April 2020 (the “**Agency Agreement**”, which expression shall include any further amendments or supplements thereto) and made between Naturgy Finance B.V. (the “**Issuer**”), Naturgy Capital Markets, S.A., Naturgy Energy Group, S.A. as Guarantor (the “**Guarantor**”), Citibank, N.A., London Branch in its capacity as Agent (the “**Agent**” or “**Calculation Agent**”, which expressions shall include any successor to Citibank, N.A., London Branch in its capacity as such) and the Paying Agents named therein (the “**Paying Agents**”, which expression shall include the Agent and any substitute or additional Paying Agents appointed in accordance with the Agency Agreement). The Notes, the Receipts and the Coupons (each as defined below) also have the benefit of a deed of covenant (the “**Deed of Covenant**”, which expression shall include any amendments or supplements thereto) dated on or about 3 April 2020 executed by the Issuer in relation to the Notes. The Guarantor has, for the benefit of the holders of the Notes from time to time (the “**Noteholders**”), executed and delivered a deed of guarantee (the “**Deed of Guarantee**”) dated on or about 3 April 2020 under which it has guaranteed the due and punctual payment of all amounts due by the Issuer under the Notes and the Deed of Covenant as and when the same shall become due and payable.

Interest bearing definitive Notes (unless otherwise indicated in the applicable Final Terms) have interest coupons (“**Coupons**”) and, if indicated in the applicable Final Terms, talons for further Coupons (“**Talons**”) attached on issue. Any reference herein to Coupons or coupons shall, unless the context otherwise requires, be deemed to include a reference to Talons or talons. Definitive Notes repayable in instalments have receipts (“**Receipts**”) for the payment of the instalments of principal (other than the final instalment) attached on issue.

Copies of the Deed of Covenant, the Agency Agreement, the Deed of Guarantee and the Final Terms applicable to the Notes are available for inspection during normal business hours at the specified office of each of the Paying Agents, save that any Final Terms relating to an unlisted Note of a Series will only be available for inspection by a Noteholder holding one or more unlisted Notes of that Series and such Noteholder must produce evidence satisfactory to the relevant Paying Agent as to its identity. If the Notes are to be admitted to trading on the regulated market of the Luxembourg Stock Exchange, the applicable Final Terms will be published on the website of the Luxembourg Stock Exchange at www.bourse.lu. All persons from time to time entitled to the benefit of obligations under any Notes are deemed to have notice of, and are entitled to the benefit of, all the provisions of the Deed of Covenant, the Agency Agreement, the Deed of Guarantee and the applicable Final Terms, which are binding on them.

Words and expressions defined in the Deed of Covenant, the Agency Agreement, the Deed of Guarantee or used in the applicable Final Terms shall have the same meanings where used in these Conditions unless the context otherwise requires or unless otherwise stated and provided that, in the event of inconsistency, the applicable Final Terms will prevail.

1. Form, Denomination and Title

The Notes are in bearer form and, in the case of definitive Notes, serially numbered in the Specified Currency and the Specified Denomination(s), provided that in the case of any Notes which are to be admitted to trading on a regulated market within the European Economic Area or offered to the public in a Member State of the European Economic Area or the United Kingdom in circumstances which require the publication of a prospectus under the Prospectus Regulation, the minimum

Specified Denomination shall be euro 100,000 (or its equivalent in any other currency as at the date of issue of those Notes). Notes of one Specified Denomination may not be exchanged for Notes of another Denomination.

So long as the Notes are represented by a Temporary Global Note or Permanent Global Note and the relevant clearing system(s) so permit, the Notes will be tradeable only (a) if the Specified Denomination stated in the relevant Final Terms is “euro 100,000 (or its equivalent in another currency)”, in the authorised denomination of euro 100,000 (or its equivalent in another currency) and integral multiples of euro 100,000 (or its equivalent in another currency) thereafter, or (b) if the Specified Denomination stated in the relevant Final Terms is “euro 100,000 (or its equivalent in another currency) and integral multiples of euro 1,000 (or its equivalent in another currency) in excess thereof”, in the minimum authorised denomination of euro 100,000 (or its equivalent in another currency) and higher integral multiples of euro 1,000 (or its equivalent in another currency), notwithstanding that no definitive Notes will be issued with a denomination above euro 199,000 (or its equivalent in another currency).

Definitive Notes are issued with Coupons attached, unless they are Zero Coupon Notes in which case references to Coupons and Couponholders in these Conditions are not applicable.

Subject as set out below, title to the Notes, Receipts and Coupons will pass by delivery. Subject as set out below, the Issuer, the Guarantor, and any Paying Agent may deem and treat (and no such person will be liable for so deeming and treating) the bearer of any Note, Receipt or Coupon as the absolute owner thereof (whether or not overdue and notwithstanding any notice of ownership or writing thereon or notice of any previous loss or theft thereof) for all purposes but, in the case of any global Note, without prejudice to the provisions set out in the next succeeding paragraph.

For so long as any of the Notes is represented by a global Note, each person who is for the time being shown in the records of Euroclear Bank SA/NV (“**Euroclear**”) or of Clearstream Banking, S.A. (“**Clearstream, Luxembourg**”) as the holder of a particular nominal amount of Notes (in which regard any certificate or other document issued by Euroclear or Clearstream, Luxembourg as to the nominal amount of Notes standing to the account of any person shall be conclusive and binding for all purposes save in the case of manifest error) shall be deemed to be the holder of such nominal amount of Notes for all purposes other than with respect to the payment of principal or interest on the Notes, for which purpose the bearer of the relevant global Note shall be deemed to be the holder of such nominal amount of Notes in accordance with and subject to the terms of the relevant global Note (and the expressions “**Noteholder**” and “**holder of Notes**” and related expressions shall be construed accordingly). Notes which are represented by a global Note will be transferable only in accordance with the rules and procedures for the time being of Euroclear or of Clearstream, Luxembourg, as the case may be.

Any reference herein to Euroclear and/or Clearstream, Luxembourg shall, whenever the context so permits, except in relation to Notes issued in NGN form, be deemed to include a reference to any additional or alternative clearance system approved by the Issuer, the Guarantor and the Agent.

2. Status of the Notes

The Notes and the relative Receipts and Coupons (if any) are direct, unconditional, unsubordinated and (subject to Condition 4 (*Negative Pledge*)) unsecured obligations of the Issuer ranking *pari passu* without any preference among themselves and (subject to any applicable statutory exceptions) at least *pari passu* with all other present and future unsecured and unsubordinated obligations of the Issuer.

3. Status of the Deed of Guarantee

The payment of principal and interest together with all other sums payable by the Issuer in respect of the Notes has been unconditionally and irrevocably guaranteed by the Guarantor. The obligations of the Guarantor under the Deed of Guarantee constitute direct, unconditional, unsubordinated and (subject to Condition 4 (*Negative Pledge*)) unsecured obligations of the Guarantor and (subject to any applicable statutory exceptions) rank *pari passu* with all other present and future outstanding, unsecured and unsubordinated obligations of the Guarantor.

In the event of insolvency (concurso) of the Guarantor, under the Insolvency Law, claims under the Guarantee relating to Notes (unless they qualify by law as subordinated credits under Article

92 of the Insolvency Law) will be ordinary credits (*créditos ordinarios*) as defined in the Insolvency Law. Ordinary credits rank below credits against the insolvency estate (*créditos contra la masa*) and credits with a privilege (*créditos privilegiados*). Ordinary credits rank above subordinated credits and the rights of shareholders.

4. Negative Pledge

So long as any Note remains outstanding (as defined in the Agency Agreement):

- (a) neither the Issuer nor the Guarantor shall create or permit to subsist any Security Interest (other than a Permitted Security Interest) upon the whole or any part of its present or future undertaking, assets or revenues (including uncalled capital) to secure any Relevant Indebtedness or any Guarantee of any Relevant Indebtedness; and
- (b) the Issuer and the Guarantor shall procure that none of their respective Subsidiaries will create or permit to subsist any Security Interest (other than a Permitted Security Interest) upon the whole or any part of its present or future undertaking, assets or revenues (including uncalled capital) to secure any Relevant Indebtedness or any Guarantee of any Relevant Indebtedness,

without at the same time or prior thereto (i) securing the Notes and/or, as the case may be, the Guarantor's obligations under the Deed of Guarantee, equally and rateably therewith or (ii) providing such other security for the Notes and/or, as the case may be, the Guarantor's obligations under the Deed of Guarantee, as may be approved by an Extraordinary Resolution (as defined in the Agency Agreement) of Noteholders.

"Permitted Security Interest" means:

- (a) in relation to the Issuer or any of its Subsidiaries:

- (ii) any Security Interest that does not fall within sub-paragraph (i) above and that secures Relevant Indebtedness which, when aggregated with Relevant Indebtedness secured by all other Security Interests permitted under this sub-paragraph, does not exceed euro 50,000,000 (or its equivalent in other currencies); and
- (b) in relation to the Guarantor or any of its Subsidiaries:

 - (iii) any Security Interest to secure Project Finance Debt;
 - (iv) any Security Interest created in respect of Relevant Indebtedness of an entity that has merged with, or has been acquired (whether in whole or in part) by, the Guarantor or any of its Subsidiaries, provided that such Security Interest:

 - (B) was not created for the purpose of providing security in respect of the financing of such merger or acquisition; and
 - (C) is not increased in amount or otherwise extended following such merger or acquisition other than pursuant to a legal or contractual obligation (x) which was assumed (by operation of law, agreement or otherwise) prior to such merger or acquisition by an entity which, at such time, was not a Subsidiary of the Guarantor, and (y) which remains legally binding on such entity at the time of such merger or acquisition; and
 - (v) any Security Interest that does not fall within sub-paragraphs (i), (ii), (iii) or (iv) above and that secures Relevant Indebtedness which, when aggregated with Relevant Indebtedness secured by all other Security Interests permitted under this sub-paragraph, does not exceed euro 50,000,000 (or its equivalent in other currencies);

“**Relevant Indebtedness**” means any Indebtedness which is in the form of or represented by any bond, note, debenture, debenture stock, loan stock, certificate or other instrument which is, or is capable of being, listed, quoted or traded on any stock exchange or in any securities market (including, without limitation, any over-the-counter market);

“**Subsidiary**” means, in relation to any Person (the “**first Person**”) at any particular time, any other Person (the “**second Person**”):

- (a) whose affairs and policies the first Person controls or has the power to control, whether by ownership of share capital, contract, the power to appoint or remove members of the governing body of the second Person or otherwise; or
- (b) whose financial statements are, in accordance with applicable law and generally accepted accounting principles, fully consolidated with those of the first Person.

5. Interest

(a) *Interest on Fixed Rate Notes*

- (i) Each Fixed Rate Note shall bear interest on its nominal amount from, and including, the Interest Commencement Date (which shall be the date of issue thereof or such other date as may be specified in the relevant Final Terms) in respect thereof at the rate *per annum* (expressed as a percentage) equal to the Rate(s) of Interest specified in the relevant Final Terms and on the Maturity Date specified in the relevant Final Terms if that date does not fall on an Interest Payment Date.
- (ii) The first payment of interest will be made on the Interest Payment Date next following the Interest Commencement Date and, if the period between the Interest Commencement Date and the first Interest Payment Date is different from the periods between Interest Payment Dates, will amount to the initial Broken Amount specified in the relevant Final Terms. If the Maturity Date is not an Interest Payment Date, interest from, and including, the preceding Interest Payment Date (or from the Interest Commencement Date, as the case may be) to, but excluding, the Maturity Date will amount to the final Broken Amount specified in the relevant Final Terms.

If interest is required to be calculated for a period ending other than on an Interest Payment Date, such interest shall be calculated by applying the Rate of Interest to each Calculation Amount, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention.

If a Fixed Coupon Amount or a Broken Amount is specified in the applicable Final Terms, the amount of interest payable on each Interest Payment Date will amount to the Fixed Coupon Amount or, if applicable, the Broken Amount so specified.

If interest is required to be calculated for a period of other than a full year, such interest shall be calculated using the applicable Day Count Fraction pursuant to Condition 5(e) (*Determination of Rate of Interest and Calculation of Interest Amount*).

(b) *Interest on Floating Rate Notes*

(i) ***Specified Interest Payment Dates***

Each Floating Rate Note bears interest on its outstanding nominal amount from (and including) the Interest Commencement Date specified in the applicable Final Terms and such interest will be payable in arrear on each interest payment date (each a “**Specified Interest Payment Date**”) which (save as otherwise mentioned in these Conditions or the applicable Final Terms) falls the number of months or other period specified as the Interest Period in the applicable Final Terms after the preceding Specified Interest Payment Date or, in the case of the First Interest Payment Date, after the Interest Commencement Date.

If a business day convention is specified in the applicable Final Terms and if any Specified Interest Payment Date would otherwise fall on a day which is not a Business Day (as defined below), then, if the business day convention specified is:

- (A) in any case where Interest Periods are specified in accordance with Condition 5(b)(i) above, the Floating Rate Convention, such Specified Interest Payment Date shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event: (A) such Specified Interest Payment Date shall be brought forward to the immediately preceding Business Day; and (B) each subsequent Specified Interest Payment Date shall be the last Business Day in the month which falls the number of months or other period specified as the Interest Period in the applicable Final Terms after the preceding applicable Specified Interest Payment Date occurred; or
- (B) the Following Business Day Convention, such Specified Interest Payment Date shall be postponed to the next day which is a Business Day; or
- (C) the Modified Following Business Day Convention, such Specified Interest Payment Date shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Specified Interest Payment Date shall be brought forward to the immediately preceding Business Day; or
- (D) the Preceding Business Day Convention, such Specified Interest Payment Date shall be brought forward to the immediately preceding Business Day.

(ii) ***Business Day*** means:

- (A) in the case of a currency other than euro, a day (other than a Saturday or Sunday) on which commercial banks and foreign exchange markets settle payments in the principal financial centre for such currency; and/or
- (B) in the case of euro, a day on which the TARGET System (as defined in Condition 5(b)(iv)) is operating (a “**TARGET Business Day**”); and/or
- (C) in the case of a currency and/or one or more Business Centres a day (other than a Saturday or a Sunday) on which commercial banks and foreign exchange markets settle payments in such currency in the Business Centre(s) or, if no currency is indicated, generally in each of the Business Centres.

(ii) ***Rate of Interest for Floating Rate Notes***

The Rate of Interest payable from time to time in respect of Floating Rate Notes will be determined in the manner specified in the applicable Final Terms.

(iii) ***ISDA Determination for Floating Rate Notes***

Where ISDA Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will be the relevant ISDA Rate plus or minus (as indicated in the applicable Final Terms) the Margin (if any). For the purposes of this sub-paragraph (iii), “**ISDA Rate**” for an Interest Period means a rate equal to the Floating Rate that would be determined by the Calculation Agent or other person specified in the applicable Final Terms under an interest rate swap transaction if the Calculation Agent or that other person were acting as Calculation Agent for that swap transaction under the terms of an agreement incorporating the 2006 ISDA Definitions, as published by the International Swaps and Derivatives Association, Inc. (the “**ISDA Definitions**”), and under which:

- (A) the Floating Rate Option is as specified in the applicable Final Terms;
- (B) the Designated Maturity is a period equal to that Interest Period; and
- (C) the relevant Reset Date is either: (i) if the applicable Floating Rate Option is based on the London inter-bank offered rate (“**LIBOR**”) (or, in the case of Notes denominated or payable in euro, the Eurozone interbank market (“**EURIBOR**”)) for a currency, the first day of that Interest Period; or (ii) in any other case, as specified in the applicable Final Terms.

For purposes of this sub-paragraph (iii), “**Floating Rate**”, “**Calculation Agent**”, “**Floating Rate Option**”, “**Designated Maturity**” and “**Reset Date**” have the meanings given to those terms in the ISDA Definitions.

Where this sub-paragraph (iii) applies, in respect of each relevant Interest Period, the Calculation Agent will be deemed to have discharged its obligations under paragraph (g) below in respect of the determination of the Rate of Interest if it has determined the Rate of Interest in respect of such Interest Period in the manner provided in this sub-paragraph (iii).

(iv) ***Screen Rate Determination for Floating Rate Notes***

Where so specified in the applicable Final Terms, the Rate of Interest for each Interest Period will, subject as provided below, be either:

- (A) the offered quotation (if there is only one quotation on the Relevant Screen Page (as indicated in the applicable Final Terms)), expressed as a percentage rate *per annum*; or
- (B) the arithmetic mean (rounded if necessary to the fourth decimal place, with 0.00005 being rounded upwards) of the offered quotations (expressed as a percentage rate *per annum*),

for deposits in the Specified Currency for that Interest Period which appears or appear, as the case may be, on the Relevant Screen Page as at 11.00a.m. (London time or, where the Reference Rate is EURIBOR, Brussels time) on the Interest Determination Date in question plus or minus (as indicated in the applicable Final Terms) the Margin (if any), all as determined by the Calculation Agent. If five or more such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) shall be disregarded by the Calculation Agent for the purpose of determining the arithmetic mean (rounded as provided above) of such offered quotations.

If the Relevant Screen Page is not available or if, in the case of (A) above, no such quotation appears or, in the case of (B) above, fewer than three of such offered quotations appear, in each case as at such time, the Calculation Agent shall request the principal London office of each of the Reference Banks (as defined below) or, in the case of the determination of EURIBOR, the principal office of each of four EURIBOR Reference Banks (as defined below) to provide the Calculation Agent with its offered quotation (expressed as a percentage rate *per annum*) for deposits in the Specified Currency for the relevant Interest Period to leading banks in the London inter-bank market (or, in the case of the determination of EURIBOR, where the Reference Rate of EURIBOR is used for Notes denominated or payable in euro, the Eurozone interbank market) as at 11.00 a.m. (London time or, where the Reference Rate is EURIBOR, Brussels time) on the Interest Determination Date in question. If two or more of the Reference Banks or, as the case may be, EURIBOR Reference Banks provide the Calculation Agent with such offered quotations, the Rate of Interest for such Interest Period shall be the arithmetic mean (rounded as provided above) of such offered quotations plus or minus (as indicated in the applicable Final Terms) the Margin (if any), all as determined by the Calculation Agent.

If on any Interest Determination Date one only or none of the Reference Banks or, as the case may be, EURIBOR Reference Banks, provides the Calculation Agent with such an offered quotation as provided above, the Rate of Interest for the relevant Interest Period shall be the rate *per annum* which the Calculation Agent determines as being the arithmetic mean (rounded as provided above) of the rates, as communicated to (and at the request of) the Calculation Agent by the Reference Banks or, as the case may be, EURIBOR Reference Banks, or any two or more of them, at which such banks were offered, as at 11.00a.m. (London time or, where the Reference Rate is EURIBOR, Brussels time) on the relevant Interest Determination Date, deposits in the Specified Currency for the relevant Interest Period by leading banks in the London inter-bank market (or, in the case of the determination of EURIBOR, where the Reference Rate of EURIBOR is used for Notes denominated or payable in euro, the Eurozone interbank market) plus or minus (as indicated in the applicable Final Terms) the Margin (if any) or, if fewer than two of the Reference Banks or, as the case may be, EURIBOR Reference Banks, provide the Calculation Agent with such offered rates, the offered rate for deposits in the Specified Currency for the relevant Interest Period, or the arithmetic mean (rounded as provided above) of the offered rates for deposits in the Specified Currency for the relevant Interest Period, at which, on the relevant Interest Determination Date, any one or more banks (which bank or banks is or are suitable for such purpose) informs the Calculation Agent it is quoting to leading banks in the London inter-bank market (or, in the case of the determination of EURIBOR, the Eurozone interbank market) (or, as the case may be, the quotations of such bank or banks to the Calculation Agent) plus or minus (as indicated in the applicable Final Terms) the Margin (if any), provided that, if the Rate of Interest cannot be determined in accordance with the foregoing provisions of this sub-paragraph (iv), the Rate of Interest shall be the sum of the Margin and the offered rate or (as the case may be) the arithmetic mean of the offered rates last determined in relation to the Notes in respect of the preceding Interest Period.

In these Conditions:

“**Reference Banks**” means, in the case of (A) above, those banks whose offered rate was used to determine such quotation when such quotation last appeared on the Relevant Screen Page and, in the case of (B) above, those banks whose offered quotations last appeared on the Relevant Screen Page when no fewer than three such offered quotations appeared;

“**EURIBOR Reference Bank**” means a major bank operating in the Eurozone interbank market and “**EURIBOR Reference Banks**” shall be construed accordingly;

“**Interest Determination Date**” means, with respect to a Rate of Interest and Interest Period, the date specified as such in the relevant Final Terms or, if none is so specified, (i) the first day of such Interest Period if the Specified Currency is Sterling or (ii) the second Business Day in London prior to the commencement of such Interest Period if the Specified Currency is neither Sterling nor euro or (iii) the second TARGET Business Day prior to the commencement of such Interest Period if the Specified Currency is euro; and

“**TARGET system**” means the Trans-European Automated Real-time Gross Settlement Express Transfer (known as TARGET 2) System which was launched on 19 November 2007, or any successor thereto.

Where Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined and the Reference Rate is specified in the applicable Final Terms is SONIA, the foregoing provisions of Condition 5(b)(iv) will not apply and the Rate of Interest for the relevant Interest Period will, subject as provided below, be Compounded Daily SONIA with respect to such Interest Period plus or minus (as indicated in the applicable Final Terms) the applicable Margin (if any).

“**Compounded Daily SONIA**” means, with respect to an Interest Period, the rate of return of a daily compound interest investment during the Observation Period (with the daily Sterling overnight reference rate as reference rate for the calculation of interest) and will be calculated by the Calculation Agent on the Interest Determination Date, as follows, and the resulting percentage will be rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards:

$$\left[\prod_{i=1}^{d_o} \left(1 + \frac{SONIA_i \times n_i}{365} \right) - 1 \right] \times \frac{365}{d}$$

where:

“**d**” is the number of calendar days in the relevant Observation Period;

“**do**” is the number of London Banking Days in the relevant Observation Period;

“**i**” is a series of whole numbers from one to do, each representing the relevant London Banking Day in chronological order from, and including, the first London Banking Day in the relevant Observation Period;

“**London Banking Day**” or “**LBD**” means any day on which commercial banks are open for general business (including dealing in foreign exchange and foreign currency deposits) in London;

“**ni**”, for any London Banking Day “**i**” in the relevant Observation Period means the number of calendar days from and including such day “**i**” up to but excluding the following London Banking Day;

“**Observation Period**” means the period from and including the date falling five London Banking Days prior to the first day of the relevant Interest Period (and the first Interest Period shall begin on and include the Interest Commencement Date) and ending on, but excluding, the date falling five London Banking Days prior to the Interest Payment Date for such Interest Period (or the date falling five London Banking Days prior to such earlier date, if any, on which the Notes become due and payable);

“**SONIA reference rate**”, in respect of any London Banking Day, is a reference rate equal to the daily Sterling Overnight Index Average (“**SONIA**”) rate for such London Banking Day as provided by the administrator of SONIA to authorised distributors and as then published on the Relevant Screen Page or, if the Relevant Screen Page is unavailable, as otherwise published by such authorised distributors, in each case (on the London Banking Day immediately following such London Banking Day); and

“SONIA_i” means, in respect of any London Banking Day “i”, the SONIA reference rate for that day.

For the avoidance of doubt, the formula for the calculation of Compounded Daily SONIA only compounds the SONIA reference rate in respect of any London Banking Day. The SONIA reference rate applied to a day that is a non-London Banking Day will be taken by applying the SONIA reference rate for the previous London Banking Day but without compounding.

Subject to Condition 5(i), if, in respect of any London Banking Day in the relevant Observation Period, the Calculation Agent determines that the SONIA reference rate is not available on the Relevant Screen Page or has not otherwise been published by the relevant authorised distributors, the SONIA reference rate shall be:

- (A) the Bank of England’s Bank Rate (the “**Bank Rate**”) prevailing at close of business on the relevant London Banking Day; plus (ii) the mean of the spread of the SONIA reference rate to the Bank Rate over the previous five days on which a SONIA reference rate has been published, excluding the highest spread (or, if there is more than one highest spread, one only of those highest spreads) and lowest spread (or, if there is more than one lowest spread, one only of those lowest spreads) to the Bank Rate, each as determined by the Calculation Agent; or
- (B) if the Bank Rate is not published by the Bank of England at close of business on the relevant London Banking Day, the SONIA reference rate published on the Relevant Screen Page (or otherwise published by the relevant authorised distributors) for the first preceding London Banking Day on which the SONIA reference rate was published on the Relevant Screen Page (or otherwise published by the relevant authorised distributors).

If the relevant Series become due and payable in accordance with Condition 11 (*Events of Default*), the final Interest Determination Date shall, notwithstanding any Interest Determination Date specified in the applicable Final Terms be deemed to be the date on which such Notes became due and payable and the Rate of Interest on such Notes shall, for so long as any such Notes remain outstanding, be that determined on such date.

(c) *Accrual of Interest*

Each Note (or in the case of the redemption of part only of a Note, that part only of such Note) will cease to bear interest (if any) from the due date for its redemption unless, upon due presentation thereof, payment of principal is improperly withheld or refused. In such event, interest will continue to accrue thereon (as well after as before any demand or judgement) at the rate then applicable to the principal amount of the Notes or such other rate as may be specified in the relevant Final Terms until the date on which, upon (except in the case of any payment where presentation and/or surrender of the relevant Note is not required as a precondition of payment) due presentation of the relevant Note, the relevant payment is made or, if earlier (except in the case of any payment where presentation and/or surrender of the relevant Note is not required as a precondition of payment), the seventh day after the date on which the Agent having received the funds required to make such payment, notice is given to the Noteholders in accordance with Condition 15 (*Notices*) of that circumstance (except to the extent that there is failure in the subsequent payment thereof to the relevant Noteholder).

(d) *Minimum and/or Maximum Rate of Interest*

If the applicable Final Terms specify a Minimum Rate of Interest for any Interest Period then, in the event that the Rate of Interest in respect of any such Interest Period determined in accordance with the above provisions is less than such Minimum Rate of Interest, the Rate of Interest for such Interest Period shall be such Minimum Rate of

Interest. If the applicable Final Terms specify a Maximum Rate of Interest for any Interest Period then, in the event that the Rate of Interest in respect of any such Interest Period determined in accordance with the above provisions is greater than such Maximum Rate of Interest, the Rate of Interest for such Interest Period shall be such Maximum Rate of Interest.

(e) *Determination of Rate of Interest and Calculation of Interest Amount*

With respect to Floating Rate Notes, the Calculation Agent will, at or as soon as practicable after each time at which the Rate of Interest is to be determined, determine the Rate of Interest and calculate the amount of interest (the “**Interest Amount**”) payable in respect of any Notes in respect of each Calculation Amount (as specified in the relevant Final Terms) for the relevant Interest Period.

Each Interest Amount for Fixed Rate Notes and Floating Rate Notes shall be calculated by applying the Rate of Interest to each Calculation Amount multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention.

“**Day Count Fraction**” means, in respect of the calculation of an amount of interest on any Note for any period of time (whether or not constituting an Interest Period, the “**Calculation Period**”):

- (i) if “**Actual/Actual**” or “**Actual/Actual (ISDA)**” is specified in the relevant Final Terms as being applicable, the actual number of days in the Calculation Period divided by 365 (or, if any portion of that Calculation Period falls in a leap year, the sum of (A) the actual number of days in that portion of the Calculation Period falling in a leap year divided by 366; and (B) the actual number of days in that portion of the Calculation Period falling in a non-leap year divided by 365);
- (ii) if “**Actual/365 (Fixed)**” is specified in the relevant Final Terms as being applicable, the actual number of days in the Calculation Period divided by 365;
- (iii) if “**Actual/360**” is specified in the relevant Final Terms as being applicable, the actual number of days in the Calculation Period divided by 360;
- (iv) if “**30/360, 360/360**” or “**Bond Basis**” is specified in the relevant Final Terms as being applicable, the number of days in the Calculation Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

“**Y₁**” is the year, expressed as a number, in which the first day of the Interest Period falls;

“**Y₂**” is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“**M₁**” is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

“**M₂**” is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“**D₁**” is the first calendar day, expressed as a number, of the Interest Period, unless such number would be 31, in which case D₁ will be 30; and

“**D2**” is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless such number would be 31 and **D2** is greater than 29, in which case **D2** will be 30;

In these Conditions “**sub-unit**” means, with respect to any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, with respect to euro, means one cent.

- (v) if “**30E/360**” or “**Eurobond Basis**” is specified in the relevant Final Terms as being applicable, the number of days in the Calculation Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

“**Y1**” is the year, expressed as a number, in which the first day of the Interest Period falls;

“**Y2**” is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“**M1**” is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

“**M2**” is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“**D1**” is the first calendar day, expressed as a number, of the Interest Period, unless such number would be 31, in which case **D1** will be 30; and

“**D2**” is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless such number would be 31, in which case **D2** will be 30;

- (vi) if “**30E/360 (ISDA)**” is specified in the relevant Final Terms, the number of days in the Calculation Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

“**Y1**” is the year, expressed as a number, in which the first day of the Interest Period falls;

“**Y2**” is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“**M1**” is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

“**M2**” is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“**D1**” is the first calendar day, expressed as a number, of the Interest Period, unless (i) that day is the last day of February; or (ii) such number would be 31, in which case **D1** will be 30; and

“D2” is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless (i) such day is the last day of February but not the Maturity Date; or (ii) such number would be 31, in which case D2 will be 30; and

- (vii) if “**Actual/Actual (ICMA)**” is specified in the relevant Final Terms as being applicable:

where the Calculation Period is equal to or shorter than the Determination Period during which it falls, the actual number of days in the Calculation Period divided by the product of (1) the actual number of days in such Calculation Period; and (2) the number of Determination Periods in any period of one year; and

where the Calculation Period is longer than one Determination Period, the sum of:

- (i) the actual number of days in such Calculation Period falling in the Determination Period in which it begins divided by the product of (1) the actual number of days in such Determination Period; and (2) the number of Determination Periods in any period of one year; and
- (ii) the actual number of days in such Calculation Period falling in the next Determination Period divided by the product of (1) the actual number of days in such Determination Period; and (2) the number of Determination Periods in any period of one year.

“**Determination Period**” means the period from and including a Determination Date in any year to but excluding the next Determination Date;

“**Determination Date**” means the date specified as such in the relevant Final Terms or, if none is so specified, the Interest Payment Date(s) or the Specified Interest Payment Dates, as the case may be; and

“**Rate of Interest**” means the rate of interest payable from time to time in respect of the Notes and that is either specified or calculated in accordance with the provisions in the relevant Final Terms.

- (f) *Change of Interest Basis*

If Change of Interest Basis is specified in the relevant Final Terms as being applicable, the Final Terms will indicate the relevant Interest Periods to which the Fixed Rate Note Provisions, Floating Rate Note Provisions and/or Zero Coupon Note Provisions shall apply.

- (g) *Notification of Rate of Interest and Interest Amount*

The Calculation Agent will cause the Rate of Interest and each Interest Amount for each Interest Period and the relevant Interest Payment Date or Specified Interest Payment Date, as the case may be, to be notified to the Issuer, the Guarantor and, if the Notes are listed on a stock exchange, quotation system or other relevant authority and the rules of such exchange, quotation system or other relevant authority so require, to any such relevant exchange, quotation system and/or other relevant authority, and to be published in accordance with Condition 15 (*Notices*) as soon as possible after their determination but (i) in no event later than the first day of the relevant Interest Period thereafter, if determined prior to such time or (ii) in all other cases, as soon as practicable but in no event later than the fourth Business Day after such determination. Each Interest Amount and Interest Payment Date or Specified Interest Payment Date, as the case may be, so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. If the Notes are listed on a stock exchange, quotation system or other relevant authority and the rules of such exchange, quotation system or other relevant authority so require, any such amendment will be promptly notified to any such relevant exchange, quotation system and/or other relevant authority.

(h) *Certificates to be final*

All certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 5 shall (in the absence of wilful default, bad faith or manifest error) be binding on the Issuer, the Guarantor, the Agent, the Paying Agents and all Noteholders and (in the absence as aforesaid) no liability to the Issuer, the Guarantor or the Noteholders shall attach to the Agent in connection with the exercise or non-exercise by them of their powers, duties and discretions pursuant to such provisions.

(i) *Benchmark discontinuation*

(i) ***Independent Adviser***

If the Issuer determines that a Benchmark Event has occurred in relation to an Original Reference Rate when any Rate of Interest (or any component part thereof) remains to be determined by reference to such Original Reference Rate, the Issuer shall use its reasonable endeavours to appoint an Independent Adviser, as soon as reasonably practicable, to determine a Successor Rate, failing which an Alternative Rate (in accordance with Condition 5(i)(ii)) and, in either case, an Adjustment Spread and any Benchmark Amendments (in accordance with Conditions 5(i)(iii) and 5(i)(iv)). In making such determination, the Independent Adviser appointed pursuant to this Condition 5(i) shall act in good faith and in a commercially reasonable manner as an expert. In the absence of bad faith or fraud, the Independent Adviser shall have no liability whatsoever to the Issuer, the Paying Agents, the Noteholders or the Couponholders for any determination made by it, pursuant to this Condition 5(i).

If (i) the Issuer is unable to appoint an Independent Adviser; or (ii) the Independent Adviser appointed by it fails to determine a Successor Rate or, failing which, an Alternative Rate in accordance with this Condition 5(i) prior to the relevant Interest Determination Date, the Rate of Interest shall be (i) that determined as at the last preceding Interest Determination Date (though substituting, where a different Margin, Maximum Rate of Interest or Minimum Rate of Interest is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin or Maximum Rate of Interest or Minimum Rate of Interest relating to the relevant Interest Period in place of the Margin, Maximum Rate of Interest or Minimum Rate of Interest relating to that last preceding Interest Period); or (ii) if there is no such preceding Interest Determination Date, the initial Rate of Interest which would have been applicable to such Series for the first Interest Period had the Notes been in issue for a period equal in duration to the scheduled first Interest Period but ending on (and excluding) the Interest Commencement Date (but applying the Margin and any Maximum Rate of Interest or Minimum Rate of Interest applicable to the first Interest Period).

For the avoidance of doubt, the above paragraph shall apply to the relevant next succeeding Interest Accrual Period only and any subsequent Interest Accrual Periods are subject to the subsequent operation of, and to adjustment as provided in, the first paragraph of this Condition 5(i)(i).

(ii) ***Successor Rate or Alternative Rate***

If the Independent Adviser, following consultation with the Issuer, determines that:

- (A) there is a Successor Rate, then such Successor Rate and the applicable Adjustment Spread shall subsequently be used in place of the Original Reference Rate to determine the Rate of Interest (or the relevant component part thereof) for all future payments of interest on the Notes (subject to the subsequent operation of this Condition 5(i)); or

- (B) there is no Successor Rate but that there is an Alternative Rate, then such Alternative Rate and the applicable Adjustment Spread shall subsequently be used in place of the Original Reference Rate to determine the Rate of Interest (or the relevant component part thereof) for all future payments of interest on the Notes (subject to the subsequent operation of this Condition 5(i)).

(iii) ***Adjustment Spread***

If the Independent Adviser, following consultation with the Issuer, determines that an Adjustment Spread is required to be applied to the Successor Rate or the Alternative Rate (as the case may be), the Independent Adviser, following consultation with the Issuer, shall determine the quantum of, or the formula or methodology for determining, the Adjustment Spread and such Adjustment Spread shall then be applied to the Successor Rate or the Alternative Rate (as the case may be). If the Independent Adviser is unable to determine the quantum of, or a formula or methodology for determining, such Adjustment Spread, then the Successor Rate or Alternative Rate (as applicable) will apply without an Adjustment Spread.

(iv) ***Benchmark Amendments***

If any Successor Rate or Alternative Rate and, in either case, the applicable Adjustment Spread is determined in accordance with this Condition 5(i) and the Independent Adviser and the Issuer agree (i) that amendments to these Conditions and/or the Agency Agreement are necessary to ensure the proper operation of such Successor Rate or Alternative Rate and/or (in either case) the applicable Adjustment Spread (such amendments, the “**Benchmark Amendments**”) and (ii) the terms of the Benchmark Amendments, then the Issuer shall, subject to giving notice thereof in accordance with Condition 5(i)(v) (*Notices, etc.*), without any requirement for the consent or approval of Noteholders, vary these Conditions and/or the Agency Agreement to give effect to such Benchmark Amendments with effect from the date specified in such notice.

In connection with any such variation in accordance with this Condition 5(i)(iv), the Issuer shall comply with the rules of any stock exchange on which the Notes are for the time being listed or admitted to trading.

(v) ***Notices, etc.***

Any Successor Rate, Alternative Rate, Adjustment Spread and the specific terms of any Benchmark Amendments determined under this Condition 5(i) will be notified promptly by the Issuer to the Calculation Agent, the Paying Agents and, in accordance with Condition 15 (*Notices*), the Noteholders. Such notice shall be irrevocable and shall specify the effective date of the Benchmark Amendments, if any.

Notwithstanding any other provision of this Condition 5(i), if following the determination of any Successor Rate, Alternative Rate, Adjustment Spread or Benchmark Amendments (if any), in the Calculation Agent’s opinion there is any uncertainty between two or more alternative courses of action in making any determination or calculation under this Condition 5(i), the Calculation Agent shall promptly notify the Issuer thereof and the Issuer shall direct the Calculation Agent in writing as to which alternative course of action to adopt. If the Calculation Agent is not promptly provided with such direction, or is otherwise unable (other than due to its own gross negligence, wilful default or fraud) to make such calculation or determination for any reason, it shall notify the Issuer thereof and the Calculation Agent shall be under no obligation to make such calculation or determination and (in the absence of such gross negligence, wilful default or fraud) shall not incur any liability for not doing so.

(vi) ***Survival of Original Reference Rate***

Without prejudice to the obligations of the Issuer under Condition 5(i)(i) (*Independent Adviser*), (ii) (*Successor Rate or Alternative Rate*), (iii) (*Adjustment Spread*) and (iv) (*Benchmark Amendments*), the Original Reference Rate and the fallback provisions provided for in Condition 5(b)(iv) (*Screen Rate Determination for Floating Rate Notes*) will continue to apply unless and until a Benchmark Event has occurred.

(vii) ***Definitions***

As used in this Condition 5(i):

“**Adjustment Spread**” means either (i) a spread (which may be positive, negative or zero) or (ii) a formula or methodology for calculating a spread, in each case to be applied to the Successor Rate or the Alternative Rate (as the case may be) and is the spread, formula or methodology which:

- (a) in the case of a Successor Rate, is formally recommended in relation to the replacement of the Original Reference Rate with the Successor Rate by any Relevant Nominating Body; or
- (b) if no such recommendation has been made, or in the case of an Alternative Rate, the Independent Adviser, following consultation with the Issuer, determines, is customarily applied to the relevant Successor Rate or the Alternative Rate (as the case may be) in international debt capital markets transactions to produce an industry-accepted replacement rate for the Original Reference Rate; or
- (c) if the Independent Adviser determines that no such spread is customarily applied, the Independent Adviser determines is recognised or acknowledged as being the industry standard for over-the-counter derivative transactions which reference the Original Reference Rate, where such rate has been replaced by the Successor Rate or the Alternative Rate (as the case may be);

“**Alternative Rate**” means an alternative benchmark or screen rate which the Independent Adviser determines in accordance with Condition 5(i)(ii) is customarily applied in international debt capital markets transactions for the purposes of determining rates of interest (or the relevant component part thereof) in the same Specified Currency as the Notes;

“**Benchmark Amendments**” has the meaning given to it in Condition 5(i)(iv) (*Benchmark Amendments*);

“**Benchmark Event**” means:

- (a) the Original Reference Rate ceasing to be published for a period of at least five (5) Business Days or ceasing to exist; or
- (b) a public statement by the administrator of the Original Reference Rate that it has ceased or that it will cease publishing the Original Reference Rate permanently or indefinitely (in circumstances where no successor administrator has been appointed that will continue publication of the Original Reference Rate); or
- (c) a public statement by the supervisor of the administrator of the Original Reference Rate, that the Original Reference Rate has been or will be permanently or indefinitely discontinued; or
- (d) a public statement by the supervisor of the administrator of the Original Reference Rate as a consequence of which the Original Reference Rate will be prohibited from being used either generally, or in respect of the Notes; or
- (e) a public statement by the supervisor of the administrator of the Original Reference Rate that the Original Reference Rate is or will be (or is or will be deemed by such supervisor to be) no longer representative of its relevant underlying market; or

- (f) it has become unlawful for any Paying Agent, the Calculation Agent, the Issuer or any other party to calculate any payments due to be made to any Noteholder using the Original Reference Rate;

provided that the Benchmark Event shall be deemed to occur (A) in the case of sub-paragraphs (b) and (c) above, on the date of the cessation of publication of the Original Reference Rate or the discontinuation of the Original Reference Rate, as the case may be, (B) in the case of sub-paragraph (d) above, on the date of the prohibition of use of the Original Reference Rate and (C) in the case of sub-paragraph (e) above, on the date with effect from which the Original Reference Rate will no longer be (or will be deemed by the relevant supervisor to no longer be) representative of its relevant underlying market and which is specified in the relevant public statement, and, in each case, not the date of the relevant public statement;

“Independent Adviser” means an independent financial institution of international repute or an independent financial adviser with appropriate expertise appointed by the Issuer under Condition 5(i)(i);

“Original Reference Rate” means the originally-specified benchmark or screen rate (as applicable) used to determine the Rate of Interest (or any component part thereof) on the Notes or any Successor Rate or Alternative Rate (or, in each case any component thereof), as applicable;

“Relevant Nominating Body” means, in respect of a benchmark or screen rate (as applicable):

- (a) the central bank for the currency to which the benchmark or screen rate (as applicable) relates, or any central bank or other supervisory authority which is responsible for supervising the administrator of the benchmark or screen rate (as applicable); or
- (b) any working group or committee sponsored by, chaired or co-chaired by or constituted at the request of (a) the central bank for the currency to which the benchmark or screen rate (as applicable) relates, (b) any central bank or other supervisory authority which is responsible for supervising the administrator of the benchmark or screen rate (as applicable), (c) a group of the aforementioned central banks or other supervisory authorities or (d) the Financial Stability Board or any part thereof;

“Successor Rate” means a successor to or replacement of the Original Reference Rate which is formally recommended by any Relevant Nominating Body.

6. Redemption and Purchase

- (a) *Redemption at Maturity*

Unless previously redeemed or purchased and cancelled as specified below, each Note will be redeemed by the Issuer, failing which the Guarantor at its Final Redemption Amount specified in, or determined in the manner specified in, the applicable Final Terms in the relevant Specified Currency on the Maturity Date specified in the applicable Final Terms (in the case of a Note other than a Floating Rate Note) or on the Specified Interest Payment Date falling in the Redemption Month specified in the applicable Final Terms (in the case of a Floating Rate Note). Such Final Redemption Amount in respect of any Note shall be its principal amount or such higher amount as may be specified in the relevant Final Terms.

- (b) *Redemption for Tax Reasons*

If, in relation to any Series of Notes (i) as a result of any change in the laws or regulations of The Netherlands (for the avoidance of doubt, other than the entry into force of the Dutch Withholding Tax Act 2021 (*Wet Bronbelasting 2021*) on 1 January 2021 substantially in the form as published in the Official Gazette (*Staatsblad*) Stb. 2019, 513 of 27 December 2019) or the Kingdom of Spain, as applicable, or of any political subdivision thereof or any authority or agency therein or thereof having power to tax or in the interpretation or administration of any such laws or regulations which becomes effective on or after the date of issue of such Notes or any earlier date specified in the Final Terms the Issuer or the Guarantor, as applicable, would be required to pay

additional amounts as provided in Condition 10 (*Taxation*) and (ii) such circumstances are evidenced by the delivery by the Issuer or the Guarantor, as applicable, to the Agent of a certificate signed by two managing directors of the Issuer or two directors of the Guarantor, as applicable, stating that such circumstances prevail and describing the facts leading thereto and an opinion of independent legal advisers of recognised standing to the effect that such circumstances prevail, the Issuer may, at its option and having given no less than 30 nor more than 60 days' notice (ending, in the case of Notes which bear interest at a floating rate, on a day upon which interest is payable) to the Noteholders in accordance with Condition 15 (*Notices*) (which notice shall be irrevocable), redeem all (but not some only) of the outstanding Notes comprising the relevant Series at their early tax redemption amount (the "**Early Redemption Amount Tax**") (which shall be their principal amount or at such other Early Redemption Amount Tax as may be specified in or determined in accordance with the relevant Final Terms) less, in the case of any Instalment Note, the aggregate amount of all instalments that shall have become due and payable in respect of such Note prior to the date fixed for redemption under any other Condition (which amount, if and to the extent not then paid, remains due and payable), together with accrued interest (if any) thereon, provided, however, that no such notice of redemption may be given earlier than 90 days (or, in the case of Notes which bear interest at a floating rate a number of days which is equal to the aggregate of the number of days falling within the then current interest period applicable to the Notes plus 60 days) prior to the earliest date on which the Issuer or the Guarantor, as applicable, would be obliged to pay such additional amounts were a payment in respect of the Notes then due.

(c) *Redemption at the Option of the Issuer*

If a Call Option is specified in the relevant Final Terms as being applicable, the Issuer may, having (unless otherwise specified in the applicable Final Terms) given not more than 60 nor less than 30 days' notice to the Agent and, in accordance with Condition 15 (*Notices*), the Noteholders (which notice shall be irrevocable), redeem all or some only of the Notes then outstanding on the Optional Redemption Date(s) and at the Optional Redemption Amount(s) specified in, or determined in the manner specified in, the applicable Final Terms together, if applicable, with interest accrued to (but excluding) the relevant Optional Redemption Date(s). In the event of a redemption of some only of the Notes, such redemption must be of a nominal amount being the Minimum Redemption Amount or a Maximum Redemption Amount, both as indicated in the applicable Final Terms. In the case of a partial redemption of definitive Notes, the Notes to be redeemed will be selected individually by lot, subject to compliance with applicable law and the rules of each listing authority, stock exchange and/or quotation system (if any) by which the Notes have then been admitted to listing, trading and/or quotation, not more than 60 days prior to the date fixed for redemption and a list of the Notes called for redemption will be published in accordance with Condition 15 (*Notices*) not less than 30 days prior to such date. In the case of a partial redemption of Notes which are represented by a global Note, the relevant Notes will be selected in accordance with the rules of Euroclear and/or Clearstream, Luxembourg (to be reflected in the records of Euroclear and Clearstream, Luxembourg as either a pool factor or a reduction in nominal amount, at their discretion).

(d) *Residual Maturity Call Option*

If a Residual Maturity Call Option is specified in the relevant Final Terms as being applicable, the Issuer may, on giving not less than 15 nor more than 30 days' irrevocable notice to the Noteholders in accordance with Condition 15 (*Notices*) (which notice shall specify the date fixed for redemption (the "**Residual Maturity Call Option Redemption Date**")), redeem all (but not only some) of the outstanding Notes comprising the relevant Series at their principal amount together with interest accrued to, but excluding, the Residual Maturity Call Option Redemption Date, which shall be no earlier than (i) three months before the Maturity Date in respect of Notes having a maturity of not more than ten years or (ii) six months before the Maturity Date in respect of Notes having a maturity of more than ten years, unless otherwise specified in the relevant Final Terms.

For the purpose of the preceding paragraph, the maturity of not more than ten years or the maturity of more than ten years shall be determined as from the Issue Date of the first Tranche of the relevant Series of Notes.

All Notes in respect of which any such notice is given shall be redeemed on the date specified in such notice in accordance with this Condition.

(e) *Redemption following a Substantial Purchase Event*

If a Substantial Purchase Event is specified in the Final Terms as being applicable and a Substantial Purchase Event has occurred and is continuing, then the Issuer may, subject to having given not less than 15 nor more than 30 days' notice to the Agent, and, in accordance with Condition 15 (*Notices*), the Noteholders (which notice shall be irrevocable), redeem the Notes comprising the relevant Series in whole, but not in part, in accordance with these Conditions at any time, in each case at their principal amount, together with any accrued and unpaid interest up to (but excluding) the date of redemption.

All Notes in respect of which any such notice is given shall be redeemed on the date specified in such notice in accordance with this Condition.

a "**Substantial Purchase Event**" shall be deemed to have occurred if at least 80 per cent. of the aggregate principal amount of the Notes of the relevant Series originally issued (which for these purposes shall include any further Notes of the same Series issued subsequently) is purchased or redeemed by the Issuer, the Guarantor or any Subsidiary of the Guarantor (and in each case is cancelled in accordance with Condition 6(l) (*Cancellation*));

(f) *Make-Whole Redemption*

If a Make-Whole Redemption is specified in the relevant Final Terms as being applicable, then the Issuer may, subject to compliance with all relevant laws, regulations and directives and on giving not less than 15 nor more than 30 days' notice to the Agent, and, in accordance with Condition 15 (*Notices*), the Noteholders redeem the Notes comprising the relevant Series, in whole or in part, at any time or from time to time (but no later than the Residual Maturity Call Option Redemption Date (as defined in Condition 6(d) (*Residual Maturity Call Option*) above) if applicable), prior to their Maturity Date (the "**Make-Whole Redemption Date**") at their Make-Whole Redemption Amount (as defined below).

In the case of a partial redemption of Notes, the Notes to be redeemed ("**Redeemed Notes**") will (i) in the case of Redeemed Notes represented by definitive Notes, be selected individually by lot, not more than 30 days prior to the date fixed for redemption and (ii) in the case of Redeemed Notes represented by a global Note, be selected in accordance with the rules of Euroclear and/or Clearstream, Luxembourg (to be reflected in the records of Euroclear and Clearstream, Luxembourg as either a pool factor or a reduction in nominal amount, at their discretion), in each case of (i) and (ii) above, always subject to compliance with any applicable laws and stock exchange requirements. In the case of Redeemed Notes represented by definitive Notes, a list of the serial numbers of such Redeemed Notes will be published in accordance with Condition 15 (*Notices*) not less than 15 days prior to the date fixed for redemption.

"**Make-Whole Redemption Amount**" means in respect of any Notes to be redeemed an amount, calculated by, at the election of the Issuer, the Agent, a leading investment merchant or commercial bank or an independent financial adviser with appropriate expertise appointed by the Issuer for the purposes of calculating the relevant amount, and notified to the Noteholders in accordance with Condition 15 (*Notices*), equal to the greater of (x) 100 per cent. of the nominal amount of the Notes so redeemed and, (y) the sum of the then present values of the remaining scheduled payments of principal and interest on such Notes (not including any interest accrued on the Notes to, but excluding, the relevant Make-Whole Redemption Date) discounted to the relevant Make-Whole Redemption Date on an annual basis at the Make-Whole Redemption Rate (specified in the relevant Final Terms) plus a Make-Whole Redemption Margin (specified in the

relevant Final Terms), plus in each case of (x) and (y) above, any interest accrued on the Notes to, but excluding, the Make-Whole Redemption Date.

(g) ***Redemption at the Option of the Noteholders***

If a Put Option is specified in the relevant Final Terms as being applicable, upon any Noteholder giving to the Issuer and the Guarantor in accordance with Condition 15 (*Notices*) not more than 60 nor less than 30 days' notice (which notice shall be irrevocable), the Issuer will, upon the expiry of such notice, redeem subject to, and in accordance with, the terms specified in the applicable Final Terms in whole (but not in part) such Note on the Optional Redemption Date and at the Optional Redemption Amount specified in, or determined in the manner specified in, the applicable Final Terms together, if applicable, with interest accrued to (but excluding) the relevant Optional Redemption Date.

(h) ***Redemption at the Option of the Noteholders upon a Change of Control***

If a Change of Control Put Option is specified in the relevant Final Terms as being applicable and a Change of Control occurs and, during the Change of Control Period, a Rating Downgrade occurs (together, a "**Change of Control Event**"), each holder of Notes will have the option (the "**Change of Control Put Option**") to require the Issuer to redeem or, at the Issuer's option, to procure the purchase of such Notes on the Change of Control Redemption Date at the Change of Control Redemption Amount.

A "**Change of Control**" shall be deemed to have occurred at each time that any person or persons acting in concert ("**Relevant Persons**") or any person or persons acting on behalf of such Relevant Persons, acquire(s) control, directly or indirectly, of the Guarantor.

"**control**" means: (a) the acquisition or control of more than 50 per cent. of the voting rights of the issued share capital of the Guarantor; or (b) the right to appoint and/or remove all or the majority of the members of the Guarantor's Board of Directors or other governing body, whether obtained directly or indirectly, whether obtained by ownership of share capital, the possession of voting rights, contract or otherwise.

"**Change of Control Period**" means the period commencing on the date on which the relevant Change of Control occurs or the date of the first relevant Potential Change of Control Announcement, whichever is the earlier, and ending on the date which is 90 days after the date of the occurrence of the relevant Change of Control.

"**Potential Change of Control Announcement**" means any public announcement or statement by the Issuer or any actual or *bona fide* potential bidder relating to any potential Change of Control.

"**Rating Agency**" means any of the following: (a) Standard & Poor's Rating Services, a division of The McGraw Hill Companies, Inc. ("**S&P**"); (b) Moody's Investors Service Limited ("**Moody's**"); (c) Fitch Ratings Ltd ("**Fitch Ratings**"); or (d) any other credit rating agency of equivalent international standing specified from time to time by the Issuer and, in each case, their respective successors or affiliates.

A "**Rating Downgrade**" shall be deemed to have occurred in respect of a Change of Control if, within the Change of Control Period, the rating previously assigned to the Guarantor is lowered by at least two full rating notches (by way of example, BB+ to BB-, in the case of S&P) (a "**downgrade**") or withdrawn, in each case, by the requisite number of Rating Agencies (as defined below), and is not, within the Change of Control Period, subsequently upgraded (in the case of a downgrade) or reinstated (in the case of a withdrawal) to its earlier credit rating or better, such that there is no longer a downgrade or withdrawal by the requisite number of Rating Agencies. For these purposes, the "**requisite number of Rating Agencies**" shall mean (i) at least two Rating Agencies, if, at the time of the rating downgrade or withdrawal, three or more Rating Agencies have assigned a credit rating to the Guarantor, or (ii) at least one Rating Agency if, at the time of the rating downgrade or withdrawal, fewer than three Rating Agencies have assigned a credit rating to the Guarantor.

Notwithstanding the foregoing, no Rating Downgrade shall be deemed to have occurred in respect of a particular Change of Control if (a) following such a downgrade, the Guarantor is still assigned an Investment Grade Rating by one or more of the Rating Agencies effecting the downgrade, or (b) the Rating Agencies effecting the downgrade or withdrawing their rating do not publicly announce or otherwise confirm in writing to the Issuer that such reduction or withdrawal was the result, in whole or part, of any event or circumstance comprised in, or arising as a result of, or in respect of, the applicable Change of Control.

“Investment Grade Rating” means: (1) with respect to S&P, any of the categories from and including AAA to and including BBB- (or equivalent successor categories); (2) with respect to Moody’s, any of the categories from and including Aaa to and including Baa3 (or equivalent successor categories); (3) with respect to Fitch Ratings, any of the categories from and including AAA to and including BBB- (or equivalent successor categories); and (4) with respect to any other credit rating agency of equivalent international standing specified from time to time by the Issuer, a rating that is equivalent to, or better than, the foregoing.

“Change of Control Redemption Amount” means an amount equal to par plus interest accrued to but excluding the Change of Control Redemption Date.

Promptly upon the Issuer becoming aware that a Change of Control Event has occurred, the Issuer shall give notice (a **“Change of Control Event Notice”**) to the Agent, the Paying Agents and the Noteholders in accordance with Condition 15 (*Notices*) specifying the nature of the Change of Control Event and the circumstances giving rise to it and the procedure for exercising the Change of Control Put Option, as well as the date upon which the Put Period (as defined below) will end and the Change of Control Redemption Date (as defined below).

To exercise the Change of Control Put Option to require redemption or, as the case may be, purchase of a Note under this section, the holder of that Note must transfer or cause to be transferred its Notes to be so redeemed or purchased to the account of the Paying Agent specified in the Put Option Notice for the account of the Issuer within the period (the **“Put Period”**) of 45 days after the Change of Control Event Notice is given together with a duly signed and completed notice of exercise in the form (for the time being current) obtainable from the specified office of any Paying Agent (a **“Put Option Notice”**) and in which the holder may specify a bank account to which payment is to be made under this section.

The Issuer shall redeem or, at the option of the Issuer, procure the purchase of the Notes in respect of which the Change of Control Put Option has been validly exercised as provided above, and subject to the transfer of such Notes to the account of the Paying Agent for the account of the Issuer as described above on the date which is the fifth Business Day following the end of the Put Period (the **“Change of Control Redemption Date”**). Payment in respect of any Note so transferred will be made in the relevant Specified Currency to the holder to the relevant Specified Currency denominated bank account in the Put Option Notice on the Change of Control Redemption Date via the relevant account holders.

If 80 per cent. or more in principal amount of the Notes outstanding of a Series at the beginning of the Change of Control Period have been redeemed or purchased pursuant to the foregoing provisions of this Condition 6(h) (*Redemption at the Option of the Noteholders upon a Change of Control*), the Issuer may, at its option, on not less than five nor more than 10 Business Days’ notice to the Noteholders given in accordance with Condition 15 (*Notices*) within 60 days after the Change of Control Redemption Date, redeem or, at its option, purchase (or procure the purchase of) all (but not some only) of the remaining Notes of that Series, each at par together with (or, where purchased, together with an amount equal to) interest accrued to (but excluding) the date of such redemption or purchase.

(i) **Early Redemption Amounts**

For the purposes of this Condition 6, Zero Coupon Notes will be redeemed at an amount equal to the sum of:

- (A) the Reference Price specified in the applicable Final Terms; and
- (B) the product of the Accrual Yield specified in the applicable Final Terms (compounded annually) being applied to the Reference Price from (and including) the Issue Date to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Note becomes due and repayable,

or such other amount as is provided in the applicable Final Terms.

Where any calculation of an early redemption amount is to be made for a period which is not a whole number of years, the calculation in respect of the period of less than a full year shall be made on the basis of a 360-day year consisting of 12 months of 30 days each and, in the case of an incomplete month, the number of days elapsed.

(j) **Instalments**

If the Notes are repayable in instalments, they will be repaid in the Instalment Amounts and on the Instalment Date specified in the applicable Final Terms.

(k) **Purchases**

The Issuer, the Guarantor or any Subsidiary of the Guarantor may at any time purchase Notes (together, in the case of definitive Notes, with all unmatured Receipts and Coupons appertaining thereto) in any manner and at any price. In the case of a purchase by tender, such tender must be made available to all Noteholders alike. The Issuer, the Guarantor or any Subsidiary of the Guarantor will be entitled to hold and deal with Notes so purchased as the Issuer, the Guarantor or the relevant Subsidiary of the Guarantor thinks fit.

(l) **Cancellation**

All Notes which are redeemed in full will forthwith be cancelled and Notes which are purchased by or on behalf of the Issuer, the Guarantor or any Subsidiary of the Guarantor may, at the election of the Issuer, be cancelled (together in each case with all unmatured Receipts and Coupons attached thereto or delivered therewith). Notes purchased by or on behalf of the Issuer, the Guarantor or any Subsidiary of the Guarantor may not be reissued or resold other than to the Issuer, the Guarantor or any Subsidiary of the Guarantor.

(m) **Late Payment on Zero Coupon Notes**

If the amount payable in respect of any Zero Coupon Note upon redemption of such Zero Coupon Note pursuant to this Condition 6 or upon its becoming due and repayable as provided in Condition 11 (*Events of Default*) is improperly withheld or refused, the amount due and repayable in respect of such Zero Coupon Note shall be the amount calculated as provided in paragraph (i) above as though the references therein to the date fixed for redemption or the date upon which the Zero Coupon Note becomes due and repayable were replaced by references to the date which is the earlier of:

- (i) the date on which all amounts due in respect of the Zero Coupon Note have been paid; and
- (ii) the date on which the full amount of the moneys payable has been received by the Agent and notice to that effect has been given in accordance with Condition 15 (*Notices*).

7. Payments

(a) *Method of Payment*

Subject as provided below:

- (i) payments in a currency other than euro will be made by transfer to an account in the relevant Specified Currency maintained by the payee with, or by a cheque in such Specified Currency drawn on, a bank in the principal financial centre of the country of such Specified Currency; and
- (ii) payments in euro will be made by transfer to a euro account (or any other account to which euro may be credited or transferred) maintained by the payee with a bank in the Eurozone.

Payments will be subject in all cases to any fiscal or other laws and regulations applicable thereto in the place of payment, but without prejudice to the provisions of Condition 10 (*Taxation*).

In these Conditions:

“**Eurozone**” means the zone comprising the Participating Member States;

“**Participating Member State**” means a Member State of the European Union that adopts or has adopted the euro as its lawful currency in accordance with the Treaty; and

“**Treaty**” means the Treaty establishing the European Communities, as amended.

(b) *Presentation of Notes, Receipts, Coupons and Talons*

Payments of principal in respect of definitive Notes will (subject as provided below) be made in the manner provided in paragraph (a) above against surrender of definitive Notes and payments of interest in respect of definitive Notes will (subject as provided below) be made as aforesaid against surrender of Coupons, in each case at the specified office of any Paying Agent outside the United States.

Payments of instalments (if any) of principal, other than the final instalment, will (subject as provided below) be made against presentation and surrender of the relevant Receipt. Each Receipt must be presented for payment of the relevant instalment together with the definitive Note to which it appertains. Receipts presented without the definitive Notes to which they appertain do not constitute valid obligations of the Issuer. Upon the date on which any definitive Note becomes due and repayable, unmatured Receipts (if any) appertaining thereto (whether or not attached) shall become void and no payment shall be made in respect thereof.

Fixed Rate Notes in definitive form should be presented for payment together with all unmatured Coupons appertaining thereto (which expression shall for this purpose include Coupons falling to be issued on exchange of matured Talons) failing which the amount of any missing unmatured Coupon (or, in the case of payment not being made in full, the same proportion of the amount of such missing unmatured Coupon as the sum so paid bears to the sum due) will be deducted from the sum due for payment. Each amount of principal so deducted will be paid in the manner mentioned above against surrender of the relative missing Coupon at any time before the expiry of ten years after the Relevant Date (as defined in Condition 10 (*Taxation*)) in respect of such principal (whether or not such Coupon would otherwise have become void under Condition 14 (*Prescription*)) or, if later, five years from the date on which such Coupon would otherwise have become due. Upon any Fixed Rate Note becoming due and repayable prior to its Maturity Date, all unmatured Talons (if any) appertaining thereto will become void and no further Coupons will be issued in respect thereof.

Upon the date on which any Floating Rate Note in definitive form becomes due and repayable, unmatured Coupons and Talons (if any) relating thereto (whether or not attached) shall become void and no payment or, as the case may be, exchange for further Coupons shall be made in respect thereof.

If the due date for redemption of any definitive Note is not an Interest Payment Date or a Specified Interest Payment Date, interest (if any) accrued in respect of such Note from (and including) the preceding Interest Payment Date or Specified Interest Payment Date or, as the case may be, the Interest Commencement Date shall be payable only against surrender of the relevant definitive Note.

Payments of principal and interest (if any) in respect of Notes represented by any global Note will (subject as provided below) be made in the manner specified above in relation to definitive Notes and otherwise in the manner specified in the relevant global Note, against presentation or surrender, as the case may be, of such global Note (if it is not intended to be issued in NGN form), at the specified office of the Agent. A record of each payment made against presentation or surrender of such global Note, distinguishing between any payment of principal and any payment of interest, will be made on such global Note by the Agent and such record shall be *prima facie* evidence that the payment in question has been made.

The holder of the relevant global Note shall be the only person entitled to receive payments in respect of Notes represented by such global Note and the Issuer or, as the case may be, the Guarantor will be discharged by payment to, or to the order of, the holder of such global Note in respect of each amount so paid. Each of the persons shown in the records of Euroclear or Clearstream, Luxembourg as the holder of a particular nominal amount of Notes must look solely to Euroclear or Clearstream, Luxembourg, as the case may be, for his share of each payment so made by the Issuer or, as the case may be, the Guarantor to, or to the order of, the holder of the relevant global Note. No person other than the holder of the relevant global Note shall have any claim against the Issuer or, as the case may be, the Guarantor in respect of any payments due on that global Note.

Payments of interest in respect of the Notes will be made at the specified office of a Paying Agent in the United States (which expression, as used herein, means the United States of America (including the States and the District of Columbia, its territories, its possessions and other areas subject to its jurisdiction)) if:

- (i) the Issuer has appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment at such specified offices outside the United States of the full amount of interest on the Notes in the manner provided above when due;
- (ii) payment of the full amount of such interest at such specified offices outside the United States is illegal or effectively precluded by exchange controls or other similar restrictions; and
- (iii) such payment is then permitted under United States law without involving, in the opinion of the Issuer and the Guarantor, adverse tax consequences to the Issuer.

(c) ***Redenomination***

The Issuer may, without the consent of the Noteholders or the holders of related Receipts or Coupons on giving at least 30 days' prior notice to the Noteholders in accordance with Condition 15 (*Notices*), elect that, with effect from the Redenomination Date specified in the notice, the Notes shall be redenominated in euro. The election will have effect as follows:

- (i) each Specified Denomination will be deemed to be denominated in such amount of euro as is equivalent to its denomination in the Specified Currency at the Established Rate, subject to such provisions (if any) as to rounding (and payments in respect of fractions consequent on rounding) as the Issuer may decide, and as may be specified in the notice;
- (ii) after the Redenomination Date, all payments in respect of the Notes, the Receipts and the Coupons will be made solely in euro, including payments of interest in respect of periods before the Redenomination Date, as though references in the Notes to the Specified Currency were to euro; and

- (iii) such changes shall be made to these Conditions as the Issuer may decide and as may be specified in the notice, to conform them to conventions then applicable to instruments denominated in euro or to enable the Notes to be consolidated with one or more issues of other notes, whether or not originally denominated in the Specified Currency or euro.

(d) ***Exchangeability***

The Issuer may without the consent of the Noteholders or the holders of related Receipts or Coupons, on giving at least 30 days' prior notice to the Noteholders in accordance with Condition 15 (*Notices*), elect that, with effect from the Redenomination Date or such later date for payment of interest under the Notes as it may specify in the notice, the Notes shall be exchangeable for Notes expressed to be denominated in euro in accordance with such arrangements as the Issuer may decide and as may be specified in the notice, including arrangements under which Receipts and Coupons unmaturing at the date so specified become void.

In this Condition, the following expressions have the following meanings:

"Established Rate" means the rate for conversion of the Specified Currency (including compliance with rules relating to roundings in accordance with applicable European Community regulations) into euro established by the Council of the European Union pursuant to Article 109(4) of the Treaty; and

"Redenomination Date" means any date for payment of interest under the Notes specified by the Issuer which falls on or after the date on which the country of the Specified Currency adopts the euro as its lawful currency in accordance with the Treaty.

(e) ***Payment Day***

If the date for payment of any amount in respect of any Note, Receipt or Coupon is not a Payment Day, the holder thereof shall not be entitled to payment until the next following Payment Day in the relevant place and shall not be entitled to further interest or other payment in respect of such delay. For these purposes, unless otherwise specified in the applicable Final Terms, **"Payment Day"** means any day which is both:

- (i) a day (other than a Saturday or a Sunday) on which banks are open for business in
 - (A) the relevant place of presentation; and
 - (B) any Additional Financial Centre specified in the applicable Final Terms; and
- (ii) either (1) in relation to Notes denominated in a Specified Currency other than euro, a day on which commercial banks and foreign exchange markets settle payments in the principal financial centre of the relevant Specified Currency (if other than London and which if the Specified Currency is Australian dollars shall be Melbourne) or (2) in relation to notes denominated in euro, a day on which the TARGET System (as defined in Condition 50) is operating.

(f) ***Interpretation of Principal and Interest***

Any reference in these Conditions to principal in respect of the Notes shall be deemed to include, as applicable:

- (i) any additional amounts which may be payable with respect to principal under Condition 10 (*Taxation*);
- (ii) the Final Redemption Amount of the Notes;
- (iii) the Early Redemption Amount of the Notes;
- (iv) the Optional Redemption Amount(s) (if any) of the Notes;

- (v) in relation to Notes redeemable in instalments, the Instalment Amounts; and
- (vi) any premium and any other amounts which may be payable under or in respect of the Notes.

Any reference in these Conditions to interest in respect of the Notes shall be deemed to include, as applicable, any additional amounts which may be payable with respect to interest under Condition 10 (*Taxation*).

8. Agent and Paying Agents

The names of the initial Agent and the initial Paying Agents and their initial specified offices are set out below.

The Issuer and the Guarantor are entitled to vary or terminate the appointment of any Paying Agent and/or appoint additional or other Paying Agents and/or approve any change in the specified office through which any Paying Agent acts, provided that:

- (a) so long as the Notes are admitted to listing, trading and/or quotation by any listing authority, stock exchange and/or quotation system, there will at all times be a Paying Agent with a specified office in such place as may be required by the rules and regulations of the relevant listing authority, stock exchange and/or quotation system;
- (b) there will at all times be a Paying Agent with a specified office acting in continental Europe; and
- (c) there will at all times be an Agent.

In addition, the Issuer and the Guarantor shall forthwith appoint a Paying Agent having a specified office in New York City in the circumstances described in the final paragraph of Condition 7(b) (*Presentation of Notes, Receipts, Coupons and Talons*). Any variation, termination, appointment or change shall only take effect (other than in the case of insolvency, when it shall be of immediate effect) after not less than 30 nor more than 45 days' prior notice thereof shall have been given to the Noteholders in accordance with Condition 15 (*Notices*) provided that no such variation, termination, appointment or change shall take effect (except in the case of insolvency) within 15 days before or after any Interest Payment Date or Specified Interest Payment Date, as the case may be.

9. Exchange of Talons

On and after the Interest Payment Date or the Specified Interest Payment Date, as appropriate, on which the final Coupon comprised in any Coupon sheet matures, the Talon (if any) forming part of such Coupon sheet may be surrendered at the specified office of the Agent or any Paying Agent in exchange for a further Coupon sheet including (if such further Coupon sheet does not include Coupons to (and including) the final date for the payment of interest due in respect of the Notes to which it appertains) a further Talon, subject to the provisions of Condition 13 (*Replacement of Notes, Receipts, Coupons and Talons*). Each Talon shall, for the purposes of these Conditions, be deemed to mature on the Interest Payment Date or the Specified Interest Payment Date (as the case may be) on which the final Coupon comprised in the relative Coupon sheet matures.

10. Taxation

All amounts payable (whether in respect of principal, redemption amount, interest or otherwise) in respect of the Notes will be made free and clear of and without withholding or deduction for or on account of any present or future taxes, duties, assessments or governmental charges of whatever nature imposed or levied by or on behalf of The Netherlands or the Kingdom of Spain, as the case may be, or any political subdivision thereof or any authority or agency therein or thereof having power to tax, unless the withholding or deduction of such taxes, duties, assessments or governmental charges is required by law or required pursuant to an agreement described in Section 1471(b) of the Code. In that event, the Issuer, failing which the Guarantor, will pay such additional amounts as may be necessary in order that the net amounts receivable by any Noteholder after such withholding or deduction shall equal the respective amounts which would have been receivable by such Noteholder in the absence of such withholding or deduction; except that no

such additional amounts shall be payable in relation to any payment in respect of any Notes or Coupon:

- (a) to, or to a third party on behalf of, a Noteholder who is liable to such taxes, duties, assessments or governmental charges in respect of such Notes by reason of his having some connection with The Netherlands or, as applicable, the Kingdom of Spain other than the mere holding of such Notes or Coupon; or
- (b) presented for payment more than thirty days after the Relevant Date, except to the extent that the relevant Noteholder would have been entitled to such additional amounts on presenting the same for payment on the expiry of such period of thirty days; or
- (c) where such withholding or deduction is required to be made as of 1 January 2021 pursuant to the Dutch Withholding Tax Act 2021 (*Wet Bronbelasting 2021*);
- (d) in case of unlisted notes, where such withholding or deduction of taxes, duties, assessments or governmental charges of whatsoever nature is imposed, withheld or deducted by reason of the Noteholder failing to comply with the Guarantor's request addressed to the Noteholder to provide a valid certificate of tax residence duly issued by the tax authorities of the country of tax residence of the Noteholder (or any other form of declaration, claim, certificate, document or other evidence required by the relevant taxing authority from time to time), which the Noteholder is required to provide by the applicable tax laws and regulations of the relevant taxing authority as a precondition to exemption from deduction or withholding of, taxes, duties, assessments or governmental charges of whatsoever nature imposed by such relevant taxing authority; or
- (e) where such withholding or deduction is required pursuant to an agreement described in Section 1471(b) of the Code or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, any official interpretations thereof, or any law implementing an intergovernmental approach thereto.

For the purposes of these Conditions, "**Relevant Date**" means, in respect of any payment, the date on which such payment first becomes due and payable, but if the full amount of the moneys payable has not been received by the Agent on or prior to such due date, it means the first date on which, the full amount of such moneys having been so received and being available for payment to Noteholders, notice to that effect shall have been duly given to the Noteholders of the relevant Series in accordance with Condition 15 (*Notices*).

If the Issuer or the Guarantor, as the case may be, becomes subject at any time to any taxing jurisdiction other than or in addition to The Netherlands or the Kingdom of Spain, as the case may be, references herein to The Netherlands and the Kingdom of Spain respectively shall be read and construed as references to The Netherlands or the Kingdom of Spain, as the case may be, and/or to such other jurisdiction.

Any reference in these Conditions to principal, redemption amount and/or interest in respect of the Notes shall be deemed also to refer to any additional amounts which may be payable under this Condition 10.

11. Events of Default

The following events or circumstances (each an "**Event of Default**") shall be acceleration events in relation to the Notes of any Series, namely:

- (a) **Non-payment:** the Issuer fails to pay any amount of principal in respect of the Notes within 7 days of the due date for payment thereof or fails to pay any amount of interest in respect of the Notes within 14 days of the due date for payment thereof; or
- (b) **Breach of other obligations:** the Issuer or the Guarantor defaults in the performance or observance of any of its other obligations under or in respect of the Notes or the Deed of Guarantee and such default remains unremedied for 30 days after written notice thereof, addressed to the Issuer and the Guarantor by any Noteholder, has been delivered to the Issuer and the Guarantor or to the specified office of the Agent; or

If any Event of Default shall occur in relation to any Series of Notes, any Noteholder of the relevant Series may, by written notice to the Issuer and the Guarantor, at the specified office of the Agent, declare that such Note and (if the Note is interest-bearing) all interest then accrued on such Note shall be forthwith due and payable, whereupon the same shall become immediately due and payable at its early termination amount (the “**Early Termination Amount**”) (which shall be its principal amount or such other Early Termination Amount as may be specified in or determined in accordance with the relevant Final Terms) less, in the case of any Instalment Note, the aggregate amount of all instalments that shall have become due and payable in respect of such Note under any other Condition prior to the date fixed for redemption (which amount, if and to the extent not then paid, remains due and payable), together with all interest (if any) accrued thereon without presentment, demand, protest or other notice of any kind, all of which the Issuer will expressly waive, anything contained in such Notes to the contrary notwithstanding, unless, prior thereto, all Events of Default in respect of the Notes of the relevant Series shall have been cured.

In these Conditions:

“**Group**” means the Guarantor and its Subsidiaries from time to time; and

“**Principal Subsidiary**” means, at any time, a Subsidiary of the Guarantor whose total assets, income before taxes or sales (excluding intra-group items) then equal or exceed ten per cent. (10%) of the total assets, income before taxes or sales of the Group (on a consolidated basis) and, for this purpose:

- (a) the total assets, income before taxes and sales of a Subsidiary of the Guarantor will be determined from its financial statements (consolidated if it has Subsidiaries) upon which the latest annual audited financial statements of the Group have been based;
- (b) if a Subsidiary of the Company becomes a member of the Group after the date on which the latest audited financial statements of the Group have been prepared, the total assets, income before taxes and sales of that Subsidiary will be determined from its latest annual financial statements;
- (c) the total assets, income before taxes and sales of the Group will be determined from its latest annual audited financial statements, adjusted (where appropriate) to reflect the total assets, income before taxes and sales of any company or business subsequently acquired or disposed of; and
- (d) if a Principal Subsidiary disposes of all or substantially all of its assets to another Subsidiary of the Guarantor, the disposing Subsidiary will immediately cease to be Principal Subsidiary and the other Subsidiary (if it is not already) will immediately become a Principal Subsidiary and, for the avoidance of doubt, the subsequent financial statements of those Subsidiaries and the Group will be used to determine whether those Subsidiaries are Principal Subsidiaries or not.

A report by the Directors of the Guarantor that, in their opinion, a Subsidiary of the Guarantor is or is not or was or was not at any particular time or throughout any specified period a Principal Subsidiary, accompanied by a report by the Auditors addressed to the Directors of the Guarantor as to proper extraction of the figures used by the Directors of the Guarantor in determining the Principal Subsidiaries of the Guarantor and mathematical accuracy of the calculations shall, in the absence of manifest error, be conclusive and binding on the Noteholders.

12. Meetings of Noteholders

The Agency Agreement contains provisions (which shall have effect as if incorporated by reference herein) for convening meetings of the Noteholders of any Series to consider any matter affecting their interests, including (without limitation) the modification by Extraordinary Resolution (as defined below) of these Conditions. An Extraordinary Resolution passed at any meeting of the Noteholders of any Series will be binding on all Noteholders of such Series, whether or not they are present at the meeting, and on all holders of Coupons relating to Notes of such Series.

“**Extraordinary Resolution**” means a resolution passed at a meeting of the Noteholders duly convened and held by a majority consisting of not less than 75 per cent. of the persons voting thereat upon a show of hands or if a poll be duly demanded then by a majority consisting of not less than 75 per cent. of the votes given on such poll.

The Agency Agreement provides that a resolution in writing signed by or on behalf of the holders of not less than 75 per cent. in nominal value of the Notes outstanding shall for all purposes be as valid and effective as an Extraordinary Resolution passed at a meeting of Noteholders duly convened and held. Such a resolution in writing may be contained in a single document or in several documents in the same form, each signed by or on behalf of one or more Noteholders.

13. Replacement of Notes, Receipts, Coupons and Talons

Should any Note, Receipt, Coupon or Talon be lost, stolen, mutilated, defaced or destroyed, it may be replaced at the specified office of the Agent in London (or such other place as may be notified to the Noteholders), subject to all applicable laws and listing authority, stock exchange and/or quotation system requirements upon payment by the claimant of the expenses incurred in connection therewith and on such terms as to evidence and indemnity as the Issuer and the Guarantor may reasonably require. Mutilated or defaced Notes, Receipts, Coupons or Talons must be surrendered before replacements will be issued.

14. Prescription

The Notes, Receipts and Coupons will become void unless presented for payment within a period of ten years (in the case of principal) and five years (in the case of interest) after the Relevant Date (as defined in Condition 10 (*Taxation*)) therefor.

There shall not be included in any Coupon sheet issued on exchange of a Talon any Coupon the claim for payment in respect of which would be void pursuant to this Condition 14 or Condition 7(b) (***Presentation of Notes, Receipts, Coupons and Talons***) or any Talon which would be void pursuant to Condition 7(b) (***Presentation of Notes, Receipts, Coupons and Talons***).

15. Notices

All notices regarding the Notes shall be valid if published in one or more leading English language daily newspapers with circulation in the United Kingdom (which is expected to be the *Financial Times*) and, so long as the Notes are listed on the official list of the Luxembourg Stock Exchange and the rules of that stock exchange so require, published either on the website of the Luxembourg Stock Exchange (www.bourse.lu) or in a leading newspaper having general circulation in Luxembourg (which is expected to be the *Luxemburger Wort*) or, if such publication shall not be practicable, in an English language newspaper of general circulation in Europe. Any such notice shall be deemed to have been given on the date of such publication or, if published more than once or on different dates, on the first date on which publication is made.

Until such time as any definitive Notes are issued, there may, so long as any global Note is held in its entirety on behalf of Euroclear and/or Clearstream, Luxembourg be substituted for such publication as aforesaid the delivery of the relevant notice to Euroclear and/or Clearstream, Luxembourg for communication by them to the Noteholders in accordance with their respective rules and operating procedures. Any such notice shall be deemed to have been given to the Noteholders on the day on which the notice was given to Euroclear and/or Clearstream, Luxembourg, as appropriate.

Notices to be given by any Noteholder shall be in writing and given by lodging the same, together with the relative Note or Notes, with the Agent. Whilst any of the Notes are represented by a global Note, such notice may be given by any Noteholder to the Agent via Euroclear and/or Clearstream, Luxembourg, as the case may be, in such manner as the Agent and Euroclear and/or Clearstream, Luxembourg, as the case may be, may approve for this purpose.

16. Further Issues

The Issuer shall be at liberty from time to time without the consent of the Noteholders to create and issue further notes ranking *pari passu* in all respects (or in all respects save for the first payment of interest thereon) with the outstanding Notes and so that the same shall be consolidated and form a single series with the outstanding Notes.

17. Substitution of the Issuer

- (a) The Issuer and the Guarantor may with respect to any Series of Notes issued by the Issuer (the “**Relevant Notes**”) without the consent of any Noteholder, substitute for the Issuer any other body corporate incorporated in any country in the world as the debtor in respect of the Notes and the Agency Agreement (the “**Substituted Debtor**”) upon notice by the Issuer, the Guarantor and the Substituted Debtor to be given by publication in accordance with Condition 15 (*Notices*), *provided that*:
- (i) neither the Issuer nor the Guarantor are in default in respect of any amount payable under any of the Relevant Notes;
 - (ii) the Issuer, the Guarantor and the Substituted Debtor have entered into such documents (the “**Documents**”) as are necessary to give effect to the substitution and in which the Substituted Debtor has undertaken in favour of each Noteholder of the Relevant Notes to be bound by these Conditions and the provisions of the Agency Agreement as the debtor in respect of such Notes in place of the Issuer (or of any previous substitute under this Condition 17);
 - (iii) if the Substituted Debtor is resident for tax purposes in a territory (the “**New Residence**”) other than that in which the Issuer prior to such substitution was resident for tax purposes (the “**Former Residence**”) the Documents contain an undertaking and/or such other provisions as may be necessary to ensure that each Noteholder of the Relevant Notes has the benefit of an undertaking in terms corresponding to the provisions of Condition 10 (*Taxation*), with, where applicable, the substitution of references to the Former Residence with references to the New Residence;
 - (iv) the Guarantor guarantees the obligations of the Substituted Debtor in relation to outstanding Relevant Notes;
 - (v) the Substituted Debtor, the Issuer and the Guarantor have obtained all necessary governmental approvals and consents for such substitution and for the performance by the Substituted Debtor of its obligations under the Documents and for the performance by the Guarantor of its obligations under the Guarantee as they relate to the obligations of the Substituted Debtor under the Documents;
 - (vi) each stock exchange on which the Relevant Notes are listed shall have confirmed that, following the proposed substitution of the Substituted Debtor, the Relevant Notes will continue to be listed on such stock exchange;
 - (vii) a legal opinion shall have been delivered to the Agent (from whom copies will be available) from lawyers of recognised standing in the country of incorporation of the Substituted Debtor, confirming, as appropriate, that upon the substitution taking place (A) the requirements of this Condition 17, save as to the giving of notice to the Noteholders have been met and (B) the Notes, Coupons and Talons are legal, valid and binding obligations of the Substituted Debtor enforceable in accordance with their terms;

- (viii) any Rating Agency which has issued a rating in connection with the Relevant Notes shall have confirmed that following the proposed substitution of the Substituted Debtor, the credit rating of the Relevant Notes will not be adversely affected; and
 - (ix) if applicable, the Substituted Debtor has appointed a process agent as its agent in England to receive service of process on its behalf in relation to any legal proceedings in England arising out of or in connection with the Relevant Notes and any Coupons.
- (b) Upon the execution of the Documents and the delivery of the legal opinions, the Substituted Debtor shall succeed to, and be substituted for, and may exercise every right and power, of the Issuer under the Relevant Notes and the Agency Agreement with the same effect as if the Substituted Debtor had been named as the Issuer herein, and the Issuer shall be released from its obligations under the Relevant Notes and under the Agency Agreement.
 - (c) After a substitution pursuant to Condition 17(a), the Substituted Debtor may, without the consent of any Noteholder, effect a further substitution. All the provisions specified in Condition 17(a) and 17(b) shall apply *mutatis mutandis*, and references in these Conditions to the Issuer shall, where the context so requires, be deemed to be or include references to any such further Substituted Debtor.
 - (d) After a substitution pursuant to Condition 17(a) or 17(c) any Substituted Debtor may, without the consent of any Noteholder, reverse the substitution, *mutatis mutandis*.
 - (e) The Documents shall be delivered to, and kept by, the Agent. Copies of the Documents will be available free of charge at the specified office of each of the Agents.

18. Governing Law; Submission to Jurisdiction

The Agency Agreement, the Deed of Covenant, the Deed of Guarantee and the Notes and any non-contractual obligations arising out of or in connection with them are governed by, and shall be construed in accordance with, English law, save for Condition 3 (*Status of the Deed of Guarantee*) which shall be governed by, and shall be construed in accordance with, Spanish law. The Issuer and the Guarantor irrevocably agree for the benefit of the Noteholders that the courts of England shall have jurisdiction to hear and determine any suit, action or proceedings, and to settle any disputes (together, “**Proceedings**”), which may arise out of, or in connection with, the Agency Agreement, the Deed of Covenant, the Deed of Guarantee and the Notes and, for such purpose, irrevocably submit to the jurisdiction of such courts.

The Issuer and the Guarantor irrevocably and unconditionally waive and agree not to raise any objection which any of them may have now or subsequently to the laying of the venue of any Proceedings in the courts of England and any claim that any Proceedings have been brought in an inconvenient forum and further irrevocably and unconditionally agree that a judgement in any Proceedings brought in the courts of England shall be conclusive and binding upon each of them and may be enforced in the courts of any other jurisdiction. Nothing in this Condition shall limit any right to take Proceedings against the Issuer and/or the Guarantor in any other court of competent jurisdiction, nor shall the taking of Proceedings in one or more jurisdictions preclude the taking of Proceedings in any other jurisdiction, whether concurrently or not.

The Issuer and the Guarantor irrevocably and unconditionally appoint Law Debenture Corporate Services Limited at Fifth Floor, 100 Wood Street, London EC2V 7EX, United Kingdom as agent for service of process in England in respect of any Proceedings in England and undertake that in the event of it ceasing so to act the Issuer and the Guarantor will forthwith appoint a further person as their agent for that purpose and notify the name and address of such person to the Agent and agree that, failing such appointment within fifteen days, any Noteholder shall be entitled to appoint such a person by written notice addressed to the Issuer and the Guarantor and delivered to the Issuer and the Guarantor or to the specified office of the Agent. Nothing contained herein shall affect the right of any Noteholder to serve process in any other manner permitted by law.

19. Rights of Third Parties

No person shall have any right to enforce any term or condition of any Notes under the Contracts (Rights of Third Parties) Act 1999.

TERMS AND CONDITIONS OF NOTES ISSUED BY NATURGY CAPITAL MARKETS, S.A.

The following is the text of the terms and conditions which subject to completion in accordance with the provisions of the relevant Final Terms, will be endorsed on each Note in definitive form issued by Naturgy Capital Markets, S.A. under the Programme. The terms and conditions applicable to any Note in global form will differ from those terms and conditions which would apply to the Note were it in definitive form to the extent described in the Base Prospectus dated 3 April 2020 relating to the Notes, under “Form of the Notes”.

Naturgy Finance B.V. and Naturgy Capital Markets, S.A. have established a Euro Medium Term Note Programme (the “**Programme**”) for the issuance of up to €12,000,000,000 in aggregate nominal amount of Notes (the “**Notes**”) guaranteed by Naturgy Energy Group, S.A.

Notes issued under the Programme are issued in series (each a “**Series**”) and each Series may comprise one or more tranches (each a “**Tranche**”) of Notes. Each Tranche is the subject of final terms (the “**Final Terms**”) which completes these terms and conditions (the “**Conditions**”). The terms and conditions applicable to any particular Tranche of Notes are these Conditions as completed by the relevant Final Terms. All subsequent references in these Conditions to “Notes” are to the Notes which are the subject of the relevant Final Terms. The Notes are the subject of an amended and restated agency agreement dated on or about 3 April 2020 (the “**Agency Agreement**”, which expression shall include any further amendments or supplements thereto) and made between Naturgy Finance B.V., Naturgy Capital Markets, S.A. (the “**Issuer**”), Naturgy Energy Group, S.A. as Guarantor (the “**Guarantor**”), Citibank, N.A., London Branch in its capacity as Agent (the “**Agent**” or “**Calculation Agent**”, which expressions shall include any successor to Citibank, N.A., London Branch in its capacity as such) and the Paying Agents named therein (the “**Paying Agents**”, which expression shall include the Agent and any substitute or additional Paying Agents appointed in accordance with the Agency Agreement). The Notes, the Receipts and the Coupons (each as defined below) also have the benefit of a deed of covenant (the “**Deed of Covenant**”, which expression shall include any amendments or supplements thereto) dated on or about 3 April 2020 executed by the Issuer in relation to the Notes. The Guarantor has, for the benefit of the holders of the Notes from time to time (the “**Noteholders**”), executed and delivered a deed of guarantee (the “**Deed of Guarantee**”) dated on or about 3 April 2020 under which it has guaranteed the due and punctual payment of all amounts due by the Issuer under the Notes and the Deed of Covenant as and when the same shall become due and payable. If so required by Spanish law, the Issuer will execute an *escritura pública* (the “**Public Deed**”) before a Spanish Notary Public in relation to the Notes and will register such Public Deed with the Mercantile Registry of Barcelona on or prior to the issue date of the Notes. The Public Deed contains, among other information, the terms and conditions of the Notes.

Interest bearing definitive Notes (unless otherwise indicated in the applicable Final Terms) have interest coupons (“**Coupons**”) and, if indicated in the applicable Final Terms, talons for further Coupons (“**Talons**”) attached on issue. Any reference herein to Coupons or coupons shall, unless the context otherwise requires, be deemed to include a reference to Talons or talons. Definitive Notes repayable in instalments have receipts (“**Receipts**”) for the payment of the instalments of principal (other than the final instalment) attached on issue.

Copies of the Deed of Covenant, the Agency Agreement, the Deed of Guarantee and the Final Terms applicable to the Notes are available for inspection during normal business hours at the specified office of each of the Paying Agents, save that any Final Terms relating to an unlisted Note of a Series will only be available for inspection by a Noteholder holding one or more unlisted Notes of that Series and such Noteholder must produce evidence satisfactory to the relevant Paying Agent as to its identity. If the Notes are to be admitted to trading on the regulated market of the Luxembourg Stock Exchange, the applicable Final Terms will be published on the website of the Luxembourg Stock Exchange at www.bourse.lu. All persons from time to time entitled to the benefit of obligations under any Notes are deemed to have notice of, and are entitled to the benefit of, all the provisions of the Deed of Covenant, the Agency Agreement, the Deed of Guarantee and the applicable Final Terms, which are binding on them.

Words and expressions defined in the Deed of Covenant, the Agency Agreement, the Deed of Guarantee or used in the applicable Final Terms shall have the same meanings where used in these Conditions unless the context otherwise requires or unless otherwise stated and provided that, in the event of inconsistency, the applicable Final Terms will prevail.

1. Form, Denomination and Title

The Notes are in bearer form and, in the case of definitive Notes, serially numbered in the Specified Currency and the Specified Denomination(s), provided that in the case of any Notes which are to be admitted to trading on a regulated market within the European Economic Area or offered to the public in a Member State of the European Economic Area or the United Kingdom in circumstances which require the publication of a prospectus under the Prospectus Regulation, the minimum Specified Denomination shall be euro 100,000 (or its equivalent in any other currency as at the date of issue of those Notes). Notes of one Specified Denomination may not be exchanged for Notes of another Denomination.

So long as the Notes are represented by a Temporary Global Note or Permanent Global Note and the relevant clearing system(s) so permit, the Notes will be tradeable only (a) if the Specified Denomination stated in the relevant Final Terms is “euro 100,000 (or its equivalent in another currency)”, in the authorised denomination of euro 100,000 (or its equivalent in another currency) and integral multiples of euro 100,000 (or its equivalent in another currency) thereafter, or (b) if the Specified Denomination stated in the relevant Final Terms is “euro 100,000 (or its equivalent in another currency) and integral multiples of euro 1,000 (or its equivalent in another currency) in excess thereof”, in the minimum authorised denomination of euro 100,000 (or its equivalent in another currency) and higher integral multiples of euro 1,000 (or its equivalent in another currency), notwithstanding that no definitive Notes will be issued with a denomination above euro 199,000 (or its equivalent in another currency).

Definitive Notes are issued with Coupons attached.

Subject as set out below, title to the Notes, Receipts and Coupons will pass by delivery. Subject as set out below, the Issuer, the Guarantor, and any Paying Agent may deem and treat (and no such person will be liable for so deeming and treating) the bearer of any Note, Receipt or Coupon as the absolute owner thereof (whether or not overdue and notwithstanding any notice of ownership or writing thereon or notice of any previous loss or theft thereof) for all purposes but, in the case of any global Note, without prejudice to the provisions set out in the next succeeding paragraph.

For so long as any of the Notes is represented by a global Note, each person who is for the time being shown in the records of Euroclear Bank SA/NV (“**Euroclear**”) or of Clearstream Banking, S.A. (“**Clearstream, Luxembourg**”) as the holder of a particular nominal amount of Notes (in which regard any certificate or other document issued by Euroclear or Clearstream, Luxembourg as to the nominal amount of Notes standing to the account of any person shall be conclusive and binding for all purposes save in the case of manifest error) shall be deemed to be the holder of such nominal amount of Notes for all purposes other than with respect to the payment of principal or interest on the Notes, for which purpose the bearer of the relevant global Note shall be deemed to be the holder of such nominal amount of Notes in accordance with and subject to the terms of the relevant global Note (and the expressions “**Noteholder**” and “**holder of Notes**” and related expressions shall be construed accordingly). Notes which are represented by a global Note will be transferable only in accordance with the rules and procedures for the time being of Euroclear or of Clearstream, Luxembourg, as the case may be.

Any reference herein to Euroclear and/or Clearstream, Luxembourg shall, whenever the context so permits, except in relation to Notes issued in NGN form, be deemed to include a reference to any additional or alternative clearance system approved by the Issuer, the Guarantor and the Agent.

2. Status of the Notes

The Notes and the relative Receipts and Coupons (if any) are direct, unconditional, unsubordinated and (subject to Condition 4 (*Negative Pledge*)) unsecured obligations of the Issuer ranking *pari passu* without any preference among themselves and (subject to any applicable statutory exceptions) at least *pari passu* with all other present and future unsecured and unsubordinated obligations of the Issuer.

Holders of Notes acknowledge that all Notes issued or to be issued by the Issuer under the Programme shall rank *pari passu* among themselves regardless of their respective issue date.

In the event of insolvency (concurso) of the Issuer, under the Insolvency Law, claims relating to Notes (unless they qualify by law as subordinated credits under Article 92 of the Insolvency Law)

will be ordinary credits (créditos ordinarios) as defined by the Insolvency Law. Ordinary credits rank below credits against the insolvency estate (créditos contra la masa) and credits with a privilege (créditos privilegiados). Ordinary credits rank above subordinated credits and the rights of shareholders.

3. Status of the Deed of Guarantee

The payment of principal and interest together with all other sums payable by the Issuer in respect of the Notes has been unconditionally and irrevocably guaranteed by the Guarantor. The obligations of the Guarantor under the Deed of Guarantee constitute direct, unconditional, unsubordinated and (subject to Condition 4 (*Negative Pledge*)) unsecured obligations of the Guarantor and (subject to any applicable statutory exceptions) rank *pari passu* with all other present and future outstanding, unsecured and unsubordinated obligations of the Guarantor.

In the event of insolvency (concurso) of the Guarantor, under the Insolvency Law, claims under the Guarantee relating to Notes (unless they qualify by law as subordinated credits under Article 92 of the Insolvency Law) will be ordinary credits (créditos ordinarios) as defined in the Insolvency Law. Ordinary credits rank below credits against the insolvency estate (créditos contra la masa) and credits with a privilege (créditos privilegiados). Ordinary credits rank above subordinated credits and the rights of shareholders.

4. Negative Pledge

So long as any Note remains outstanding (as defined in the Agency Agreement):

- (a) neither the Issuer nor the Guarantor shall create or permit to subsist any Security Interest (other than a Permitted Security Interest) upon the whole or any part of its present or future undertaking, assets or revenues (including uncalled capital) to secure any Relevant Indebtedness or any Guarantee of any Relevant Indebtedness; and
- (b) the Issuer and the Guarantor shall procure that none of their respective Subsidiaries will create or permit to subsist any Security Interest (other than a Permitted Security Interest) upon the whole or any part of its present or future undertaking, assets or revenues (including uncalled capital) to secure any Relevant Indebtedness or any Guarantee of any Relevant Indebtedness,

without at the same time or prior thereto (i) securing the Notes and/or, as the case may be, the Guarantor's obligations under the Deed of Guarantee, equally and rateably therewith or (ii) providing such other security for the Notes and/or, as the case may be, the Guarantor's obligations under the Deed of Guarantee, as may be approved by an Extraordinary Resolution (as defined in the Agency Agreement) of Noteholders.

In these Conditions:

- (d) any other agreement to be responsible for such Indebtedness;

"Indebtedness" means any indebtedness of any Person for money borrowed or raised including (without limitation) any indebtedness for or in respect of:

- (a) amounts raised by acceptance under any acceptance credit facility;

- (b) amounts raised under any note purchase facility;
- (c) the amount of any liability in respect of leases or hire purchase contracts which would, in accordance with applicable law and generally accepted accounting principles, be treated as finance or capital leases;
- (d) the amount of any liability in respect of any purchase price for assets or services the payment of which is deferred for a period in excess of 60 days; and
- (e) amounts raised under any other transaction (including, without limitation, any forward sale or purchase agreement) having the commercial effect of a borrowing;

“Permitted Security Interest” means:

- (a) in relation to the Issuer or any of its Subsidiaries:
 - (i) any Security Interest arising by operation of law and in the ordinary course of business of the Issuer or any of its Subsidiaries which does not (either alone or together with any one or more other such Security Interests) materially impair the operation of such business and which has not been enforced against the assets to which it attaches; and
 - (ii) any Security Interest that does not fall within sub-paragraph (A) above and that secures Relevant Indebtedness which, when aggregated with Relevant Indebtedness secured by all other Security Interests permitted under this sub-paragraph, does not exceed euro 50,000,000 (or its equivalent in other currencies); and
- (b) in relation to the Guarantor or any of its Subsidiaries:
 - (i) any Security Interest in existence on 17 November 2005 to the extent that it secures Relevant Indebtedness outstanding on such date;
 - (ii) any Security Interest arising by operation of law and in the ordinary course of business of the Guarantor or any of its Subsidiaries which does not (either alone or together with any one or more other such Security Interests) materially impair the operation of such business and which has not been enforced against the assets to which it attaches;
 - (iii) any Security Interest to secure Project Finance Debt;
 - (iv) any Security Interest created in respect of Relevant Indebtedness of an entity that has merged with, or has been acquired (whether in whole or in part) by, the Guarantor or any of its Subsidiaries, provided that such Security Interest:
 - (A) was in existence at the time of such merger or acquisition;
 - (B) was not created for the purpose of providing security in respect of the financing of such merger or acquisition; and
 - (C) is not increased in amount or otherwise extended following such merger or acquisition other than pursuant to a legal or contractual obligation (x) which was assumed (by operation of law, agreement or otherwise) prior to such merger or acquisition by an entity which, at such time, was not a Subsidiary of the Guarantor, and (y) which remains legally binding on such entity at the time of such merger or acquisition; and
 - (v) any Security Interest that does not fall within sub-paragraphs (i), (ii), (iii) or (iv) above and that secures Relevant Indebtedness which, when aggregated with Relevant Indebtedness secured by all other Security Interests permitted under this sub-paragraph, does not exceed euro 50,000,000 (or its equivalent in other currencies);

“**Person**” means any individual, company, corporation, firm, partnership, joint venture, association, organisation, state or agency of a state or other entity, whether or not having separate legal personality;

“**Project Finance Assets**” means the assets (including, for the avoidance of doubt, shares (or other interests)) of a Project Finance Entity;

“**Project Finance Entity**” means any entity in which the Guarantor or any of its Subsidiaries holds an interest whose only assets and business are constituted by: (i) the ownership, creation, development, construction, improvement, exploitation or operation of one or more of such entity’s assets, or (ii) shares (or other interests) in the capital of other entities that satisfy limb (i) of this definition;

“**Project Finance Debt**” means any Relevant Indebtedness:

- (a) incurred by a Project Finance Entity in respect of the activities of such entity or another Project Finance Entity in which it holds shares (or other interests); or
- (b) any Subsidiary formed exclusively for the purpose of financing a Project Finance Entity,

where, in each case, the holders of such Relevant Indebtedness have no recourse against the Guarantor or any of its Subsidiaries (or its or their respective assets), except for recourse to (y) the Project Finance Assets of such Project Finance Entities; and (z) in the case of (ii) above only, the Subsidiary incurring such Relevant Indebtedness.

“**Relevant Indebtedness**” means any Indebtedness which is in the form of or represented by any bond, note, debenture, debenture stock, loan stock, certificate or other instrument which is, or is capable of being, listed, quoted or traded on any stock exchange or in any securities market (including, without limitation, any over-the-counter market);

“**Security Interest**” means any mortgage, charge, pledge, lien or other security interest including, without limitation, anything analogous to any of the foregoing under the laws of any jurisdiction; and

“**Subsidiary**” means, in relation to any Person (the “**first Person**”) at any particular time, any other Person (the “**second Person**”):

- (a) whose affairs and policies the first Person controls or has the power to control, whether by ownership of share capital, contract, the power to appoint or remove members of the governing body of the second Person or otherwise; or
- (b) whose financial statements are, in accordance with applicable law and generally accepted accounting principles, fully consolidated with those of the first Person.

5. Interest

(a) *Interest on Fixed Rate Notes*

- (i) Each Fixed Rate Note shall bear interest on its nominal amount from, and including, the Interest Commencement Date (which shall be the date of issue thereof or such other date as may be specified in the relevant Final Terms) in respect thereof at the rate *per annum* (expressed as a percentage) equal to the Rate(s) of Interest specified in the relevant Final Terms and on the Maturity Date specified in the relevant Final Terms if that date does not fall on an Interest Payment Date.
- (ii) The first payment of interest will be made on the Interest Payment Date next following the Interest Commencement Date and, if the period between the Interest Commencement Date and the first Interest Payment Date is different from the periods between Interest Payment Dates, will amount to the initial Broken Amount specified in the relevant Final Terms. If the Maturity Date is not an Interest Payment Date, interest from, and including, the preceding Interest Payment Date (or from the Interest Commencement Date, as the case may be)

to, but excluding, the Maturity Date will amount to the final Broken Amount specified in the relevant Final Terms.

If interest is required to be calculated for a period ending other than on an Interest Payment Date, such interest shall be calculated by applying the Rate of Interest to each Calculation Amount, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention.

If a Fixed Coupon Amount or a Broken Amount is specified in the applicable Final Terms, the amount of interest payable on each Interest Payment Date will amount to the Fixed Coupon Amount or, if applicable, the Broken Amount so specified.

(iii) If interest is required to be calculated for a period of other than a full year, such interest shall be calculated using the applicable Day Count Fraction pursuant to Condition 5(e) (*Determination of Rate of Interest and Calculation of Interest Amount*).

(b) *Interest on Floating Rate Notes*

(i) ***Specified Interest Payment Dates***

Each Floating Rate Note bears interest on its outstanding nominal amount from (and including) the Interest Commencement Date specified in the applicable Final Terms and such interest will be payable in arrear on each interest payment date (each a “**Specified Interest Payment Date**”) which (save as otherwise mentioned in these Conditions or the applicable Final Terms) falls the number of months or other period specified as the Interest Period in the applicable Final Terms after the preceding Specified Interest Payment Date or, in the case of the First Interest Payment Date, after the Interest Commencement Date.

If a business day convention is specified in the applicable Final Terms and if any Specified Interest Payment Date would otherwise fall on a day which is not a Business Day (as defined below), then, if the business day convention specified is:

- (A) in any case where Interest Periods are specified in accordance with Condition 5(b)(i) above, the Floating Rate Convention, such Specified Interest Payment Date shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event (A) such Specified Interest Payment Date shall be brought forward to the immediately preceding Business Day and (B) each subsequent Specified Interest Payment Date shall be the last Business Day in the month which falls the number of months or other period specified as the Interest Period in the applicable Final Terms after the preceding applicable Specified Interest Payment Date occurred; or
- (B) the Following Business Day Convention, such Specified Interest Payment Date shall be postponed to the next day which is a Business Day; or
- (C) the Modified Following Business Day Convention, such Specified Interest Payment Date shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Specified Interest Payment Date shall be brought forward to the immediately preceding Business Day; or
- (D) the Preceding Business Day Convention, such Specified Interest Payment Date shall be brought forward to the immediately preceding Business Day.

“**Business Day**” means:

- (a) in the case of a currency other than euro, a day (other than a Saturday or Sunday) on which commercial banks and foreign exchange markets settle payments in the principal financial centre for such currency; and/or
- (b) in the case of euro, a day on which the TARGET System (as defined in Condition 5(b)(iv)) is operating (a “**TARGET Business Day**”); and/or
- (c) in the case of a currency and/or one or more Business Centres a day (other than a Saturday or a Sunday) on which commercial banks and foreign exchange markets settle payments in such currency in the Business Centre(s) or, if no currency is indicated, generally in each of the Business Centres.

(ii) **Rate of Interest for Floating Rate Notes**

The Rate of Interest payable from time to time in respect of Floating Rate Notes will be determined in the manner specified in the applicable Final Terms.

(iii) **ISDA Determination for Floating Rate Notes**

Where ISDA Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will be the relevant ISDA Rate plus or minus (as indicated in the applicable Final Terms) the Margin (if any). For the purposes of this sub-paragraph (iii), “**ISDA Rate**” for an Interest Period means a rate equal to the Floating Rate that would be determined by the Calculation Agent or other person specified in the applicable Final Terms under an interest rate swap transaction if the Calculation Agent or that other person were acting as Calculation Agent for that swap transaction under the terms of an agreement incorporating the 2006 ISDA Definitions, as published by the International Swaps and Derivatives Association, Inc. (the “**ISDA Definitions**”), and under which:

- (A) the Floating Rate Option is as specified in the applicable Final Terms;
- (B) the Designated Maturity is a period equal to that Interest Period; and
- (C) the relevant Reset Date is either (i) if the applicable Floating Rate Option is based on the London inter-bank offered rate (“**LIBOR**”) (or, in the case of Notes denominated or payable in euro, the Eurozone interbank market (“**EURIBOR**”)) for a currency, the first day of that Interest Period or; (ii) in any other case, as specified in the applicable Final Terms.

For purposes of this sub-paragraph (iii), “**Floating Rate**”, “**Calculation Agent**”, “**Floating Rate Option**”, “**Designated Maturity**” and “**Reset Date**” have the meanings given to those terms in the ISDA Definitions.

Where this sub-paragraph (iii) applies, in respect of each relevant Interest Period, the Calculation Agent will be deemed to have discharged its obligations under paragraph (g) below in respect of the determination of the Rate of Interest if it has determined the Rate of Interest in respect of such Interest Period in the manner provided in this sub-paragraph (iii).

(iv) **Screen Rate Determination for Floating Rate Notes**

Where so specified in the applicable Final Terms, the Rate of Interest for each Interest Period will, subject as provided below, be either:

- (A) the offered quotation (if there is only one quotation on the Relevant Screen Page (as indicated in the applicable Final Terms)), expressed as a percentage rate *per annum*; or

- (B) the arithmetic mean (rounded if necessary to the fourth decimal place, with 0.00005 being rounded upwards) of the offered quotations (expressed as a percentage rate *per annum*),

for deposits in the Specified Currency for that Interest Period which appears or appear, as the case may be, on the Relevant Screen Page as at 11.00a.m. (London time or, where the Reference Rate is EURIBOR, Brussels time) on the Interest Determination Date in question plus or minus (as indicated in the applicable Final Terms) the Margin (if any), all as determined by the Calculation Agent. If five or more such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) shall be disregarded by the Calculation Agent for the purpose of determining the arithmetic mean (rounded as provided above) of such offered quotations.

If the Relevant Screen Page is not available or if, in the case of (A) above, no such quotation appears or, in the case of (B) above, fewer than three of such offered quotations appear, in each case as at such time, the Calculation Agent shall request the principal London office of each of the Reference Banks (as defined below) or, in the case of the determination of EURIBOR, the principal office of each of four EURIBOR Reference Banks (as defined below) to provide the Calculation Agent with its offered quotation (expressed as a percentage rate *per annum*) for deposits in the Specified Currency for the relevant Interest Period to leading banks in the London inter-bank market (or, in the case of the determination of EURIBOR, where the Reference Rate of EURIBOR is used for Notes denominated or payable in euro, the Eurozone interbank market) as at 11.00 a.m. (London time or, where the Reference Rate is EURIBOR, Brussels time) on the Interest Determination Date in question. If two or more of the Reference Banks or, as the case may be, EURIBOR Reference Banks provide the Calculation Agent with such offered quotations, the Rate of Interest for such Interest Period shall be the arithmetic mean (rounded as provided above) of such offered quotations plus or minus (as indicated in the applicable Final Terms) the Margin (if any), all as determined by the Calculation Agent.

If on any Interest Determination Date one only or none of the Reference Banks or, as the case may be, EURIBOR Reference Banks, provides the Calculation Agent with such an offered quotation as provided above, the Rate of Interest for the relevant Interest Period shall be the rate *per annum* which the Calculation Agent determines as being the arithmetic mean (rounded as provided above) of the rates, as communicated to (and at the request of) the Calculation Agent by the Reference Banks or, as the case may be, EURIBOR Reference Banks, or any two or more of them, at which such banks were offered, as at 11.00a.m. (London time or, where the Reference Rate is EURIBOR, Brussels time) on the relevant Interest Determination Date, deposits in the Specified Currency for the relevant Interest Period by leading banks in the London inter-bank market (or, in the case of the determination of EURIBOR, where the Reference Rate of EURIBOR is used for Notes denominated or payable in euro, the Eurozone interbank market) plus or minus (as indicated in the applicable Final Terms) the Margin (if any) or, if fewer than two of the Reference Banks or, as the case may be, EURIBOR Reference Banks, provide the Calculation Agent with such offered rates, the offered rate for deposits in the Specified Currency for the relevant Interest Period, or the arithmetic mean (rounded as provided above) of the offered rates for deposits in the Specified Currency for the relevant Interest Period, at which, on the relevant Interest Determination Date, any one or more banks (which bank or banks is or are suitable for such purpose) informs the Calculation Agent it is quoting to leading banks in the London inter-bank market (or, in the case of the determination of EURIBOR, the Eurozone interbank market) (or, as the case may be, the quotations of such bank or banks to the Calculation Agent) plus or minus (as indicated in the applicable Final Terms) the Margin (if any), provided that, if the Rate of Interest cannot be determined in accordance with the foregoing provisions of this sub-paragraph (iv), the Rate of Interest shall be the sum of the Margin and the offered rate or (as the case may be) the arithmetic

mean of the offered rates last determined in relation to the Notes in respect of the preceding Interest Period.

In these Conditions:

“**Reference Banks**” means, in the case of (A) above, those banks whose offered rate was used to determine such quotation when such quotation last appeared on the Relevant Screen Page and, in the case of (B) above, those banks whose offered quotations last appeared on the Relevant Screen Page when no fewer than three such offered quotations appeared;

“**EURIBOR Reference Bank**” means a major bank operating in the Eurozone interbank market and “**EURIBOR Reference Banks**” shall be construed accordingly;

“**Interest Determination Date**” means, with respect to a Rate of Interest and Interest Period, the date specified as such in the relevant Final Terms or, if none is so specified, (i) the first day of such Interest Period if the Specified Currency is Sterling or (ii) the second Business Day in London prior to the commencement of such Interest Period if the Specified Currency is neither Sterling nor euro or (iii) the second TARGET Business Day prior to the commencement of such Interest Period if the Specified Currency is euro; and

“**TARGET system**” means the Trans-European Automated Real-time Gross Settlement Express Transfer (known as TARGET 2) System which was launched on 19 November 2007, or any successor thereto.

Where Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined and the Reference Rate is specified in the applicable Final Terms is SONIA, the foregoing provisions of Condition 5(b)(iv) will not apply and the Rate of Interest for the relevant Interest Period will, subject as provided below, be Compounded Daily SONIA with respect to such Interest Period plus or minus (as indicated in the applicable Final Terms) the applicable Margin (if any).

“**Compounded Daily SONIA**” means, with respect to an Interest Period, the rate of return of a daily compound interest investment during the Observation Period (with the daily Sterling overnight reference rate as reference rate for the calculation of interest) and will be calculated by the Calculation Agent on the Interest Determination Date, as follows, and the resulting percentage will be rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards:

$$\left[\prod_{i=1}^{d_o} \left(1 + \frac{SONIA_i \times n_i}{365} \right) - 1 \right] \times \frac{365}{d}$$

where:

“**d**” is the number of calendar days in the relevant Observation Period;

“**do**” is the number of London Banking Days in the relevant Observation Period;

“**i**” is a series of whole numbers from one to d_o , each representing the relevant London Banking Day in chronological order from, and including, the first London Banking Day in the relevant Observation Period;

“**London Banking Day**” or “**LBD**” means any day on which commercial banks are open for general business (including dealing in foreign exchange and foreign currency deposits) in London;

“**ni**”, for any London Banking Day “**i**” in the relevant Observation Period, means the number of calendar days from and including such day “**i**” up to but excluding the following London Banking Day;

“**Observation Period**” means the period from and including the date falling five London Banking Days prior to the first day of the relevant Interest Period (and the first Interest

Period shall begin on and include the Interest Commencement Date) and ending on, but excluding, the date falling five London Banking Days prior to the Interest Payment Date for such Interest Period (or the date falling five London Banking Days prior to such earlier date, if any, on which the Notes become due and payable);

“**SONIA reference rate**”, in respect of any London Banking Day, is a reference rate equal to the daily Sterling Overnight Index Average (“**SONIA**”) rate for such London Banking Day as provided by the administrator of SONIA to authorised distributors and as then published on the Relevant Screen Page or, if the Relevant Screen Page is unavailable, as otherwise published by such authorised distributors, in each case (on the London Banking Day immediately following such London Banking Day); and

“**SONIA_i**” means, in respect of any London Banking Day “i”, the SONIA reference rate for that day.

For the avoidance of doubt, the formula for the calculation of Compounded Daily SONIA only compounds the SONIA reference rate in respect of any London Banking Day. The SONIA reference rate applied to a day that is a non-London Banking Day will be taken by applying the SONIA reference rate for the previous London Banking Day but without compounding.

Subject to Condition 5(i), if, in respect of any London Banking Day in the relevant Observation Period, the Calculation Agent determines that the SONIA reference rate is not available on the Relevant Screen Page or has not otherwise been published by the relevant authorised distributors, the SONIA reference rate shall be:

- (a) the Bank of England’s Bank Rate (the “**Bank Rate**”) prevailing at close of business on the relevant London Banking Day; plus (ii) the mean of the spread of the SONIA reference rate to the Bank Rate over the previous five days on which a SONIA reference rate has been published, excluding the highest spread (or, if there is more than one highest spread, one only of those highest spreads) and lowest spread (or, if there is more than one lowest spread, one only of those lowest spreads) to the Bank Rate, each as determined by the Calculation Agent; or
- (b) if the Bank Rate is not published by the Bank of England at close of business on the relevant London Banking Day, the SONIA reference rate published on the Relevant Screen Page (or otherwise published by the relevant authorised distributors) for the first preceding London Banking Day on which the SONIA reference rate was published on the Relevant Screen Page (or otherwise published by the relevant authorised distributors).

If the relevant Series become due and payable in accordance with Condition 11 (*Events of Default*), the final Interest Determination Date shall, notwithstanding any Interest Determination Date specified in the applicable Final Terms be deemed to be the date on which such Notes became due and payable and the Rate of Interest on such Notes shall, for so long as any such Notes remain outstanding, be that determined on such date

(c) *Accrual of Interest*

Each Note (or in the case of the redemption of part only of a Note, that part only of such Note) will cease to bear interest (if any) from the due date for its redemption unless, upon due presentation thereof, payment of principal is improperly withheld or refused. In such event, interest will continue to accrue thereon (as well after as before any demand or judgement) at the rate then applicable to the principal amount of the Notes or such other rate as may be specified in the relevant Final Terms until the date on which, upon (except in the case of any payment where presentation and/or surrender of the relevant Note is not required as a precondition of payment) due presentation of the relevant Note, the relevant payment is made or, if earlier (except in the case of any payment where presentation and/or surrender of the relevant Note is not required as a precondition of payment), the seventh day after the date on which the Agent having received the funds required to make such payment, notice is given to the Noteholders in accordance with

Condition 15 (*Notices*) of that circumstance (except to the extent that there is failure in the subsequent payment thereof to the relevant Noteholder).

(d) *Minimum and/or Maximum Rate of Interest*

If the applicable Final Terms specify a Minimum Rate of Interest for any Interest Period then, in the event that the Rate of Interest in respect of any such Interest Period determined in accordance with the above provisions is less than such Minimum Rate of Interest, the Rate of Interest for such Interest Period shall be such Minimum Rate of Interest. If the applicable Final Terms specify a Maximum Rate of Interest for any Interest Period then, in the event that the Rate of Interest in respect of any such Interest Period determined in accordance with the above provisions is greater than such Maximum Rate of Interest, the Rate of Interest for such Interest Period shall be such Maximum Rate of Interest.

(e) *Determination of Rate of Interest and Calculation of Interest Amount*

With respect to Floating Rate Notes, the Calculation Agent will, at or as soon as practicable after each time at which the Rate of Interest is to be determined, determine the Rate of Interest and calculate the amount of interest (the “**Interest Amount**”) payable in respect of any Notes in respect of each Calculation Amount (as specified in the relevant Final Terms) for the relevant Interest Period.

Each Interest Amount for Fixed Rate Notes and Floating Rate Notes shall be calculated by applying the Rate of Interest to each Calculation Amount multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention.

“**Day Count Fraction**” means, in respect of the calculation of an amount of interest on any Note for any period of time (whether or not constituting an Interest Period, the “**Calculation Period**”):

- (a) if “**Actual/Actual**” or “**Actual/Actual (ISDA)**” is specified in the relevant Final Terms as being applicable, the actual number of days in the Calculation Period divided by 365 (or, if any portion of that Calculation Period falls in a leap year, the sum of (A) the actual number of days in that portion of the Calculation Period falling in a leap year divided by 366; and (B) the actual number of days in that portion of the Calculation Period falling in a non-leap year divided by 365);
- (b) if “**Actual/365 (Fixed)**” is specified in the relevant Final Terms as being applicable, the actual number of days in the Calculation Period divided by 365;
- (c) if “**Actual/360**” is specified in the relevant Final Terms as being applicable, the actual number of days in the Calculation Period divided by 360;
- (d) if “**30/360**”, “**360/360**” or “**Bond Basis**” is specified in the relevant Final Terms as being applicable, the number of days in the Calculation Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

“**Y₁**” is the year, expressed as a number, in which the first day of the Interest Period falls;

“**Y₂**” is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“**M₁**” is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

“M₂” is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“D₁” is the first calendar day, expressed as a number, of the Interest Period, unless such number would be 31, in which case D₁ will be 30; and

“D₂” is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless such number would be 31 and D₂ is greater than 29, in which case D₂ will be 30;

In these Conditions “sub-unit” means, with respect to any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, with respect to euro, means one cent.

- (e) if “30E/360” or “Eurobond Basis” is specified in the relevant Final Terms as being applicable, the number of days in the Calculation Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

“Y₁” is the year, expressed as a number, in which the first day of the Interest Period falls;

“Y₂” is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“M₁” is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

“M₂” is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“D₁” is the first calendar day, expressed as a number, of the Interest Period, unless such number would be 31, in which case D₁ will be 30; and

“D₂” is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless such number would be 31, in which case D₂ will be 30;

- (f) if “30E/360 (ISDA)” is specified in the relevant Final Terms, the number of days in the Calculation Period divided by 360, calculated on a formula basis as follows:

$$[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)$$

$$\text{Day Count Fraction} = \frac{\hspace{15em}}{360}$$

where:

“Y₁” is the year, expressed as a number, in which the first day of the Interest Period falls;

“Y₂” is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“*M₁*” is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

“*M₂*” is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“*D₁*” is the first calendar day, expressed as a number, of the Interest Period, unless (i) that day is the last day of February; or (ii) such number would be 31, in which case *D₁* will be 30; and

“*D₂*” is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless (i) such day is the last day of February but not the Maturity Date; or (ii) such number would be 31, in which case *D₂* will be 30; and

(g) if “**Actual/Actual (ICMA)**” is specified in the relevant Final Terms as being applicable:

(i) where the Calculation Period is equal to or shorter than the Determination Period during which it falls, the actual number of days in the Calculation Period divided by the product of (1) the actual number of days in such Calculation Period; and (2) the number of Determination Periods in any period of one year; and

(ii) where the Calculation Period is longer than one Determination Period, the sum of:

(A) the actual number of days in such Calculation Period falling in the Determination Period in which it begins divided by the product of (1) the actual number of days in such Determination Period; and (2) the number of Determination Periods in any period of one year; and

(B) the actual number of days in such Calculation Period falling in the next Determination Period divided by the product of (1) the actual number of days in such Determination Period; and (2) the number of Determination Periods in any period of one year.

“**Determination Period**” means the period from and including a Determination Date in any year to but excluding the next Determination Date;

“**Determination Date**” means the date specified as such in the relevant Final Terms or, if none is so specified, the Interest Payment Date(s) or the Specified Interest Payment Dates, as the case may be; and

“**Rate of Interest**” means the rate of interest payable from time to time in respect of the Notes and that is either specified or calculated in accordance with the provisions in the relevant Final Terms.

(f) *Change of Interest Basis*

If Change of Interest Basis is specified in the relevant Final Terms as being applicable, the Final Terms will indicate the relevant Interest Periods to which the Fixed Rate Note Provisions or the Floating Rate Note Provisions shall apply.

(g) *Notification of Rate of Interest and Interest Amount*

The Calculation Agent will cause the Rate of Interest and each Interest Amount for each Interest Period and the relevant Interest Payment Date or Specified Interest Payment Date, as the case may be, to be notified to the Issuer, the Guarantor and, if the Notes are listed on a stock exchange, quotation system or other relevant authority and the rules of such exchange, quotation system or other relevant authority so require, to any such relevant exchange, quotation system and/or other relevant authority, and to be published in accordance with Condition 15 (*Notices*) as soon as possible after their determination

but (i) in no event later than the first day of the relevant Interest Period thereafter, if determined prior to such time or (ii) in all other cases, as soon as practicable but in no event later than the fourth Business Day after such determination. Each Interest Amount and Interest Payment Date or Specified Interest Payment Date, as the case may be, so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. If the Notes are listed on a stock exchange, quotation system or other relevant authority and the rules of such exchange, quotation system or other relevant authority so require, any such amendment will be promptly notified to any such relevant exchange, quotation system and/or other relevant authority.

(h) *Certificates to be final*

All certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 5 shall (in the absence of wilful default, bad faith or manifest error) be binding on the Issuer, the Guarantor, the Agent, the Paying Agents and all Noteholders and (in the absence as aforesaid) no liability to the Issuer, the Guarantor or the Noteholders shall attach to the Agent in connection with the exercise or non-exercise by them of their powers, duties and discretions pursuant to such provisions.

(i) *Benchmark discontinuation*

(i) ***Independent Adviser***

If the Issuer determines that a Benchmark Event has occurred in relation to an Original Reference Rate when any Rate of Interest (or any component part thereof) remains to be determined by reference to such Original Reference Rate, the Issuer shall use its reasonable endeavours to appoint an Independent Adviser, as soon as reasonably practicable, to determine a Successor Rate, failing which an Alternative Rate (in accordance with Condition 5(i)(ii)) and, in either case, an Adjustment Spread and any Benchmark Amendments (in accordance with Conditions 5(i)(iii) and 5(i)(iv)). In making such determination, the Independent Adviser appointed pursuant to this Condition 5(i) shall act in good faith and in a commercially reasonable manner as an expert. In the absence of bad faith or fraud, the Independent Adviser shall have no liability whatsoever to the Issuer, the Paying Agents, the Noteholders or the Couponholders for any determination made by it, pursuant to this Condition 5(i).

If (i) the Issuer is unable to appoint an Independent Adviser; or (ii) the Independent Adviser appointed by it fails to determine a Successor Rate or, failing which, an Alternative Rate in accordance with this Condition 5(i) prior to the relevant Interest Determination Date, the Rate of Interest shall be (i) that determined as at the last preceding Interest Determination Date (though substituting, where a different Margin, Maximum Rate of Interest or Minimum Rate of Interest is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin or Maximum Rate of Interest or Minimum Rate of Interest relating to the relevant Interest Period in place of the Margin, Maximum Rate of Interest or Minimum Rate of Interest relating to that last preceding Interest Period); or (ii) if there is no such preceding Interest Determination Date, the initial Rate of Interest which would have been applicable to such Series for the first Interest Period had the Notes been in issue for a period equal in duration to the scheduled first Interest Period but ending on (and excluding) the Interest Commencement Date (but applying the Margin and any Maximum Rate of Interest or Minimum Rate of Interest applicable to the first Interest Period).

For the avoidance of doubt, the above paragraph shall apply to the relevant next succeeding Interest Accrual Period only and any subsequent Interest Accrual Periods are subject to the subsequent operation of, and to adjustment as provided in, the first paragraph of this Condition 5(i)(i).

(ii) ***Successor Rate or Alternative Rate***

If the Independent Adviser, following consultation with the Issuer, determines that:

- (A) there is a Successor Rate, then such Successor Rate and the applicable Adjustment Spread shall subsequently be used in place of the Original Reference Rate to determine the Rate of Interest (or the relevant component part thereof) for all future payments of interest on the Notes (subject to the subsequent operation of this Condition 5(i)); or
- (B) there is no Successor Rate but that there is an Alternative Rate, then such Alternative Rate and the applicable Adjustment Spread shall subsequently be used in place of the Original Reference Rate to determine the Rate of Interest (or the relevant component part thereof) for all future payments of interest on the Notes (subject to the subsequent operation of this Condition 5(i)).

(iii) ***Adjustment Spread***

If the Independent Adviser, following consultation with the Issuer, determines that an Adjustment Spread is required to be applied to the Successor Rate or the Alternative Rate (as the case may be), the Independent Adviser, following consultation with the Issuer, shall determine the quantum of, or the formula or methodology for determining, the Adjustment Spread and such Adjustment Spread shall then be applied to the Successor Rate or the Alternative Rate (as the case may be). If the Independent Adviser is unable to determine the quantum of, or a formula or methodology for determining, such Adjustment Spread, then the Successor Rate or Alternative Rate (as applicable) will apply without an Adjustment Spread.

(iv) ***Benchmark Amendments***

If any Successor Rate or Alternative Rate and, in either case, the applicable Adjustment Spread is determined in accordance with this Condition 5(i) and the Independent Adviser and the Issuer agree (i) that amendments to these Conditions and/or the Agency Agreement are necessary to ensure the proper operation of such Successor Rate or Alternative Rate and/or (in either case) the applicable Adjustment Spread (such amendments, the “**Benchmark Amendments**”) and (ii) the terms of the Benchmark Amendments, then the Issuer shall, subject to giving notice thereof in accordance with Condition 5(i)(v) (*Notices, etc.*), without any requirement for the consent or approval of Noteholders, vary these Conditions and/or the Agency Agreement to give effect to such Benchmark Amendments with effect from the date specified in such notice.

In connection with any such variation in accordance with this Condition 5(i)(iv), the Issuer shall comply with the rules of any stock exchange on which the Notes are for the time being listed or admitted to trading.

(v) ***Notices, etc.***

Any Successor Rate, Alternative Rate, Adjustment Spread and the specific terms of any Benchmark Amendments determined under this Condition 5(i) will be notified promptly by the Issuer to the Calculation Agent, the Paying Agents and, in accordance with Condition 15 (*Notices*), the Noteholders. Such notice shall be irrevocable and shall specify the effective date of the Benchmark Amendments, if any.

Notwithstanding any other provision of this Condition 5(i), if following the determination of any Successor Rate, Alternative Rate, Adjustment Spread or Benchmark Amendments (if any), in the Calculation Agent’s opinion there is any uncertainty between two or more alternative courses of action in making any determination or calculation under this Condition 5(i), the Calculation Agent shall promptly notify the Issuer thereof and the Issuer shall direct the

Calculation Agent in writing as to which alternative course of action to adopt. If the Calculation Agent is not promptly provided with such direction, or is otherwise unable (other than due to its own gross negligence, wilful default or fraud) to make such calculation or determination for any reason, it shall notify the Issuer thereof and the Calculation Agent shall be under no obligation to make such calculation or determination and (in the absence of such gross negligence, wilful default or fraud) shall not incur any liability for not doing so.

(vi) ***Survival of Original Reference Rate***

Without prejudice to the obligations of the Issuer under Condition 5(i)(i) (*Independent Adviser*), (ii) (*Successor Rate or Alternative Rate*), (iii) (*Adjustment Spread*) and (iv) (*Benchmark Amendments*), the Original Reference Rate and the fallback provisions provided for in Condition 5(b)(iv) (*Screen Rate Determination for Floating Rate Notes*) will continue to apply unless and until a Benchmark Event has occurred.

(vii) ***Definitions***

As used in this Condition 5(i):

“**Adjustment Spread**” means either (i) a spread (which may be positive, negative or zero) or (ii) a formula or methodology for calculating a spread, in each case to be applied to the Successor Rate or the Alternative Rate (as the case may be) and is the spread, formula or methodology which:

- (a) in the case of a Successor Rate, is formally recommended in relation to the replacement of the Original Reference Rate with the Successor Rate by any Relevant Nominating Body; or
- (b) if no such recommendation has been made, or in the case of an Alternative Rate, the Independent Adviser, following consultation with the Issuer, determines, is customarily applied to the relevant Successor Rate or the Alternative Rate (as the case may be) in international debt capital markets transactions to produce an industry-accepted replacement rate for the Original Reference Rate; or
- (c) if the Independent Adviser determines that no such spread is customarily applied, the Independent Adviser determines is recognised or acknowledged as being the industry standard for over-the-counter derivative transactions which reference the Original Reference Rate, where such rate has been replaced by the Successor Rate or the Alternative Rate (as the case may be);

“**Alternative Rate**” means an alternative benchmark or screen rate which the Independent Adviser determines in accordance with Condition 5(i)(ii) (*Successor Rate or Alternative Rate*) is customarily applied in international debt capital markets transactions for the purposes of determining rates of interest (or the relevant component part thereof) in the same Specified Currency as the Notes.

“**Benchmark Amendments**” has the meaning given to it in Condition 5(i)(iv) (*Benchmark Amendments*);

“**Benchmark Event**” means:

- (a) the Original Reference Rate ceasing to be published for a period of at least five (5) Business Days or ceasing to exist; or
- (b) a public statement by the administrator of the Original Reference Rate that it has ceased or that it will cease publishing the Original Reference Rate permanently or indefinitely (in circumstances where no successor administrator has been appointed that will continue publication of the Original Reference Rate); or
- (c) a public statement by the supervisor of the administrator of the Original Reference Rate, that the Original Reference Rate has been or will be permanently or indefinitely discontinued; or

- (d) a public statement by the supervisor of the administrator of the Original Reference Rate as a consequence of which the Original Reference Rate will be prohibited from being used either generally, or in respect of the Notes; or
- (e) a public statement by the supervisor of the administrator of the Original Reference Rate that the Original Reference Rate is or will be (or is or will be deemed by such supervisor to be) no longer representative of its relevant underlying market; or
- (f) it has become unlawful for any Paying Agent, the Calculation Agent, the Issuer or any other party to calculate any payments due to be made to any Noteholder using the Original Reference Rate;

provided that the Benchmark Event shall be deemed to occur (A) in the case of sub-paragraphs (b) and (c) above, on the date of the cessation of publication of the Original Reference Rate or the discontinuation of the Original Reference Rate, as the case may be, (B) in the case of sub-paragraph (d) above, on the date of the prohibition of use of the Original Reference Rate and (C) in the case of sub-paragraph (e) above, on the date with effect from which the Original Reference Rate will no longer be (or will be deemed by the relevant supervisor to no longer be) representative of its relevant underlying market and which is specified in the relevant public statement, and, in each case, not the date of the relevant public statement.

“Independent Adviser” means an independent financial institution of international repute or an independent financial adviser with appropriate expertise appointed by the Issuer under Condition 5(i)(i) (*Independent Adviser*);

“Original Reference Rate” means the originally-specified benchmark or screen rate (as applicable) used to determine the Rate of Interest (or any component part thereof) on the Notes or any Successor Rate or Alternative Rate (or, in each case any component thereof), as applicable;

“Relevant Nominating Body” means, in respect of a benchmark or screen rate (as applicable):

- (a) the central bank for the currency to which the benchmark or screen rate (as applicable) relates, or any central bank or other supervisory authority which is responsible for supervising the administrator of the benchmark or screen rate (as applicable); or
- (b) any working group or committee sponsored by, chaired or co-chaired by or constituted at the request of (a) the central bank for the currency to which the benchmark or screen rate (as applicable) relates, (b) any central bank or other supervisory authority which is responsible for supervising the administrator of the benchmark or screen rate (as applicable), (c) a group of the aforementioned central banks or other supervisory authorities or (d) the Financial Stability Board or any part thereof;

“Successor Rate” means a successor to or replacement of the Original Reference Rate which is formally recommended by any Relevant Nominating Body.

6. Redemption and Purchase

- (a) *Redemption at Maturity*

Unless previously redeemed or purchased and cancelled as specified below, each Note will be redeemed by the Issuer, failing which the Guarantor at its Final Redemption Amount specified in, or determined in the manner specified in, the applicable Final Terms in the relevant Specified Currency on the Maturity Date specified in the applicable Final Terms (in the case of a Note other than a Floating Rate Note) or on the Specified Interest Payment Date falling in the Redemption Month specified in the applicable Final Terms (in the case of a Floating Rate Note). Such Final Redemption Amount in respect of any

Note shall be its principal amount or such higher amount as may be specified in the relevant Final Terms.

(b) *Redemption for Tax Reasons*

If, in relation to any Series of Notes (i) as a result of any change in the laws or regulations of the Kingdom of Spain or of any political subdivision thereof or any authority or agency therein or thereof having power to tax or in the interpretation or administration of any such laws or regulations which becomes effective on or after the date of issue of such Notes or any earlier date specified in the Final Terms the Issuer or the Guarantor, as applicable, would be required to pay additional amounts as provided in Condition 10 (*Taxation*) and (ii) such circumstances are evidenced by the delivery by the Issuer or the Guarantor, as applicable, to the Agent of a certificate signed by a director of the Issuer or two directors of the Guarantor, as applicable, stating that such circumstances prevail and describing the facts leading thereto and an opinion of independent legal advisers of recognised standing to the effect that such circumstances prevail, the Issuer may, at its option and having given no less than 30 nor more than 60 days' notice (ending, in the case of Notes which bear interest at a floating rate, on a day upon which interest is payable) to the Noteholders in accordance with Condition 15 (*Notices*) (which notice shall be irrevocable), redeem all (but not some only) of the outstanding Notes comprising the relevant Series at their early tax redemption amount (the "**Early Redemption Amount Tax**") (which shall be their principal amount (or at such other Early Redemption Amount Tax) as may be specified in or determined in accordance with the relevant Final Terms) less, in the case of any Instalment Note, the aggregate amount of all instalments that shall have become due and payable in respect of such Note prior to the date fixed for redemption under any other Condition (which amount, if and to the extent not then paid, remains due and payable), together with accrued interest (if any) thereon, provided, however, that no such notice of redemption may be given earlier than 90 days (or, in the case of Notes which bear interest at a floating rate a number of days which is equal to the aggregate of the number of days falling within the then current interest period applicable to the Notes plus 60 days) prior to the earliest date on which the Issuer or the Guarantor, as applicable, would be obliged to pay such additional amounts were a payment in respect of the Notes then due.

(c) *Redemption at the Option of the Issuer*

If a Call Option is specified in the relevant Final Terms as being applicable, the Issuer may, having (unless otherwise specified in the applicable Final Terms) given not more than 60 nor less than 30 days' notice to the Agent and, in accordance with Condition 15 (*Notices*), the Noteholders (which notice shall be irrevocable), redeem all or some only of the Notes then outstanding on the Optional Redemption Date(s) and at the Optional Redemption Amount(s) specified in, or determined in the manner specified in, the applicable Final Terms together, if applicable, with interest accrued to (but excluding) the relevant Optional Redemption Date(s). In the event of a redemption of some only of the Notes, such redemption must be of a nominal amount being the Minimum Redemption Amount or a Maximum Redemption Amount, both as indicated in the applicable Final Terms, and shall be carried out in accordance with applicable Spanish law requirements. In the case of a partial redemption of definitive Notes, the Notes to be redeemed will be selected individually by lot, subject to compliance with applicable law (including applicable Spanish law requirements) and the rules of each listing authority, stock exchange and/or quotation system (if any) by which the Notes have then been admitted to listing, trading and/or quotation, not more than 60 days prior to the date fixed for redemption and a list of the Notes called for redemption will be published in accordance with Condition 15 (*Notices*) not less than 30 days prior to such date. In the case of a partial redemption of Notes which are represented by a global Note, the relevant Notes will be selected in accordance with the rules of Euroclear and/or Clearstream, Luxembourg (to be reflected in the records of Euroclear and Clearstream, Luxembourg as either a pool factor or a reduction in nominal amount, at their discretion).

(d) *Residual Maturity Call Option*

If a Residual Maturity Call Option is specified in the relevant Final Terms as being applicable, the Issuer may, on giving not less than 15 nor more than 30 days' irrevocable notice to the Noteholders in accordance with Condition 15 (*Notices*) (which notice shall specify the date fixed for redemption (the "**Residual Maturity Call Option Redemption Date**")), redeem all (but not only some) of the outstanding Notes comprising the relevant Series at their principal amount together with interest accrued to, but excluding, the Residual Maturity Call Option Redemption Date, which shall be no earlier than (i) three months before the Maturity Date in respect of Notes having a maturity of not more than ten years or (ii) six months before the Maturity Date in respect of Notes having a maturity of more than ten years, unless otherwise specified in the relevant Final Terms.

For the purpose of the preceding paragraph, the maturity of not more than ten years or the maturity of more than ten years shall be determined as from the Issue Date of the first Tranche of the relevant Series of Notes.

All Notes in respect of which any such notice is given shall be redeemed on the date specified in such notice in accordance with this Condition.

(e) *Redemption following a Substantial Purchase Event*

If a Substantial Purchase Event is specified in the Final Terms as being applicable and a Substantial Purchase Event has occurred and is continuing, then the Issuer may, subject to having given not less than 15 nor more than 30 days' notice to the Agent, and, in accordance with Condition 15 (*Notices*), the Noteholders (which notice shall be irrevocable), redeem the Notes comprising the relevant Series in whole, but not in part, in accordance with these Conditions at any time, in each case at their principal amount, together with any accrued and unpaid interest up to (but excluding) the date of redemption.

All Notes in respect of which any such notice is given shall be redeemed on the date specified in such notice in accordance with this Condition.

a "**Substantial Purchase Event**" shall be deemed to have occurred if at least 80 per cent. of the aggregate principal amount of the Notes of the relevant Series originally issued (which for these purposes shall include any further Notes of the same Series issued subsequently) is purchased or redeemed by the Issuer, the Guarantor or any Subsidiary of the Guarantor (and in each case is cancelled in accordance with Condition 6(l) (*Cancellation*));

(f) *Make-Whole Redemption*

If a Make-Whole Redemption is specified in the relevant Final Terms as being applicable, then the Issuer may, subject to compliance with all relevant laws, regulations and directives and on giving not less than 15 nor more than 30 days' notice to the Agent, and, in accordance with Condition 15 (*Notices*), the Noteholders redeem the Notes comprising the relevant Series, in whole or in part, at any time or from time to time (but no later than the Residual Maturity Call Option Redemption Date (as defined in Condition 6(d) (*Residual Maturity Call Option*) above) if applicable), prior to their Maturity Date (the "**Make-Whole Redemption Date**") at their Make-Whole Redemption Amount (as defined below).

In the case of a partial redemption of Notes, the Notes to be redeemed ("**Redeemed Notes**") will (i) in the case of Redeemed Notes represented by definitive Notes, be selected individually by lot, not more than 30 days prior to the date fixed for redemption and (ii) in the case of Redeemed Notes represented by a global Note, be selected in accordance with the rules of Euroclear and/or Clearstream, Luxembourg (to be reflected in the records of Euroclear and Clearstream, Luxembourg as either a pool factor or a reduction in nominal amount, at their discretion), in each case of (i) and (ii) above, always subject to compliance with any applicable laws and stock exchange requirements. In the case of Redeemed Notes represented by definitive Notes, a list of the serial numbers of

such Redeemed Notes will be published in accordance with Condition 15 (*Notices*) not less than 15 days prior to the date fixed for redemption.

“**Make-Whole Redemption Amount**” means in respect of any Notes to be redeemed an amount, calculated by, at the election of the Issuer, the Agent, a leading investment merchant or commercial bank or an independent financial adviser with appropriate expertise appointed by the Issuer for the purposes of calculating the relevant amount, and notified to the Noteholders in accordance with Condition 15 (*Notices*), equal to the greater of (x) 100 per cent. of the nominal amount of the Notes so redeemed and, (y) the sum of the then present values of the remaining scheduled payments of principal and interest on such Notes (not including any interest accrued on the Notes to, but excluding, the relevant Make-Whole Redemption Date) discounted to the relevant Make-Whole Redemption Date on an annual basis at the Make-Whole Redemption Rate (specified in the relevant Final Terms) plus a Make-Whole Redemption Margin (specified in the relevant Final Terms), plus in each case of (x) and (y) above, any interest accrued on the Notes to, but excluding, the Make-Whole Redemption Date.

(g) **Redemption at the Option of the Noteholders**

If a Put Option is specified in the relevant Final Terms as being applicable, upon any Noteholder giving to the Issuer and the Guarantor in accordance with Condition 15 (*Notices*) not more than 60 nor less than 30 days’ notice (which notice shall be irrevocable), the Issuer will, upon the expiry of such notice, redeem subject to, and in accordance with, the terms specified in the applicable Final Terms in whole (but not in part) such Note on the Optional Redemption Date and at the Optional Redemption Amount specified in, or determined in the manner specified in, the applicable Final Terms together, if applicable, with interest accrued to (but excluding) the relevant Optional Redemption Date.

(h) **Redemption at the Option of the Noteholders upon a Change of Control**

If a Change of Control Put Option is specified in the relevant Final Terms as being applicable and a Change of Control occurs and, during the Change of Control Period, a Rating Downgrade occurs (together, a “**Change of Control Event**”), each holder of Notes will have the option (the “**Change of Control Put Option**”) to require the Issuer to redeem or, at the Issuer’s option, to procure the purchase of such Notes on the Change of Control Redemption Date at the Change of Control Redemption Amount.

A “**Change of Control**” shall be deemed to have occurred at each time that any person or persons acting in concert (“**Relevant Persons**”) or any person or persons acting on behalf of such Relevant Persons, acquire(s) control, directly or indirectly, of the Guarantor.

“**control**” means: (a) the acquisition or control of more than 50 per cent. of the voting rights of the issued share capital of the Guarantor; or (b) the right to appoint and/or remove all or the majority of the members of the Guarantor’s Board of Directors or other governing body, whether obtained directly or indirectly, whether obtained by ownership of share capital, the possession of voting rights, contract or otherwise.

“**Change of Control Period**” means the period commencing on the date on which the relevant Change of Control occurs or the date of the first relevant Potential Change of Control Announcement, whichever is the earlier, and ending on the date which is 90 days after the date of the occurrence of the relevant Change of Control.

“**Potential Change of Control Announcement**” means any public announcement or statement by the Issuer or any actual or *bona fide* potential bidder relating to any potential Change of Control.

“**Rating Agency**” means any of the following: (a) Standard & Poor’s Rating Services, a division of The McGraw Hill Companies, Inc. (“**S&P**”); (b) Moody’s Investors Service Limited (“**Moody’s**”); (c) Fitch Ratings Ltd (“**Fitch Ratings**”); or (d) any other credit rating agency of equivalent international standing specified from time to time by the Issuer and, in each case, their respective successors or affiliates.

A “**Rating Downgrade**” shall be deemed to have occurred in respect of a Change of Control if, within the Change of Control Period, the rating previously assigned to the Guarantor is lowered by at least two full rating notches (by way of example, BB+ to BB-, in the case of S&P) (a “**downgrade**”) or withdrawn, in each case, by the requisite number of Rating Agencies (as defined below), and is not, within the Change of Control Period, subsequently upgraded (in the case of a downgrade) or reinstated (in the case of a withdrawal) to its earlier credit rating or better, such that there is no longer a downgrade or withdrawal by the requisite number of Rating Agencies. For these purposes, the “**requisite number of Rating Agencies**” shall mean (i) at least two Rating Agencies, if, at the time of the rating downgrade or withdrawal, three or more Rating Agencies have assigned a credit rating to the Guarantor, or (ii) at least one Rating Agency if, at the time of the rating downgrade or withdrawal, fewer than three Rating Agencies have assigned a credit rating to the Guarantor.

Notwithstanding the foregoing, no Rating Downgrade shall be deemed to have occurred in respect of a particular Change of Control if (a) following such a downgrade, the Guarantor is still assigned an Investment Grade Rating by one or more of the Rating Agencies effecting the downgrade, or (b) the Rating Agencies effecting the downgrade or withdrawing their rating do not publicly announce or otherwise confirm in writing to the Issuer that such reduction or withdrawal was the result, in whole or part, of any event or circumstance comprised in, or arising as a result of, or in respect of, the applicable Change of Control.

“**Investment Grade Rating**” means: (1) with respect to S&P, any of the categories from and including AAA to and including BBB- (or equivalent successor categories); (2) with respect to Moody’s, any of the categories from and including Aaa to and including Baa3 (or equivalent successor categories); (3) with respect to Fitch Ratings, any of the categories from and including AAA to and including BBB- (or equivalent successor categories); and (4) with respect to any other credit rating agency of equivalent international standing specified from time to time by the Issuer, a rating that is equivalent to, or better than, the foregoing.

“**Change of Control Redemption Amount**” means an amount equal to par plus interest accrued to but excluding the Change of Control Redemption Date.

Promptly upon the Issuer becoming aware that a Change of Control Event has occurred, the Issuer shall give notice (a “**Change of Control Event Notice**”) to the Agent, the Paying Agents and the Noteholders in accordance with Condition 15 (*Notices*) specifying the nature of the Change of Control Event and the circumstances giving rise to it and the procedure for exercising the Change of Control Put Option, as well as the date upon which the Put Period (as defined below) will end and the Change of Control Redemption Date (as defined below).

To exercise the Change of Control Put Option to require redemption or, as the case may be, purchase of a Note under this section, the holder of that Note must transfer or cause to be transferred its Notes to be so redeemed or purchased to the account of the Paying Agent specified in the Put Option Notice for the account of the Issuer within the period (the “**Put Period**”) of 45 days after the Change of Control Event Notice is given together with a duly signed and completed notice of exercise in the form (for the time being current) obtainable from the specified office of any Paying Agent (a “**Put Option Notice**”) and in which the holder may specify a bank account to which payment is to be made under this section.

The Issuer shall redeem or, at the option of the Issuer, procure the purchase of the Notes in respect of which the Change of Control Put Option has been validly exercised as provided above, and subject to the transfer of such Notes to the account of the Paying Agent for the account of the Issuer as described above on the date which is the fifth Business Day following the end of the Put Period (the “**Change of Control Redemption Date**”). Payment in respect of any Note so transferred will be made in the relevant Specified Currency to the holder to the relevant Specified Currency denominated bank account in the Put Option Notice on the Change of Control Redemption Date via the relevant account holders.

If 80 per cent. or more in principal amount of the Notes outstanding of a Series at the beginning of the Change of Control Period have been redeemed or purchased pursuant to the foregoing provisions of this Condition 6(h), the Issuer may, at its option, on not less than five nor more than 10 Business Days' notice to the Noteholders given in accordance with Condition 15 (*Notices*) within 60 days after the Change of Control Redemption Date, redeem or, at its option, purchase (or procure the purchase of) all (but not some only) of the remaining Notes of that Series, each at par together with (or, where purchased, together with an amount equal to) interest accrued to (but excluding) the date of such redemption or purchase.

(i) *Early Redemption Amounts*

Where any calculation of an early redemption amount is to be made for a period which is not a whole number of years, the calculation in respect of the period of less than a full year shall be made on the basis of a 360-day year consisting of 12 months of 30 days each and, in the case of an incomplete month, the number of days elapsed.

(j) *Instalments*

If the Notes are repayable in instalments, they will be repaid in the Instalment Amounts and on the Instalment Date specified in the applicable Final Terms.

(k) *Purchases*

The Issuer, the Guarantor or any Subsidiary of the Guarantor may at any time purchase Notes (together, in the case of definitive Notes, with all unmatured Receipts and Coupons appertaining thereto) in any manner and at any price. In the case of a purchase by tender, such tender must be made available to all Noteholders alike. The Issuer, the Guarantor or any Subsidiary of the Guarantor will be entitled to hold and deal with Notes so purchased as the Issuer, the Guarantor or the relevant Subsidiary of the Guarantor thinks fit.

(l) *Cancellation*

All Notes which are redeemed in full will forthwith be cancelled and Notes which are purchased by or on behalf of the Issuer, the Guarantor or any Subsidiary of the Guarantor may, at the election of the Issuer, be cancelled (together in each case with all unmatured Receipts and Coupons attached thereto or delivered therewith). Notes purchased by or on behalf of the Issuer, the Guarantor or any Subsidiary of the Guarantor may not be reissued or resold other than to the Issuer, the Guarantor or any Subsidiary of the Guarantor.

7. **Payments**

(a) *Method of Payment*

Subject as provided below:

- (i) payments in a currency other than euro will be made by transfer to an account in the relevant Specified Currency maintained by the payee with, or by a cheque in such Specified Currency drawn on, a bank in the principal financial centre of the country of such Specified Currency; and
- (ii) payments in euro will be made by transfer to a euro account (or any other account to which euro may be credited or transferred) maintained by the payee with a bank in the Eurozone.

Payments will be subject in all cases to any fiscal or other laws and regulations applicable thereto in the place of payment, but without prejudice to the provisions of Condition 10 (*Taxation*).

In these Conditions:

“**Eurozone**” means the zone comprising the Participating Member States;

“**Participating Member State**” means a Member State of the European Union that adopts or has adopted the euro as its lawful currency in accordance with the Treaty; and

“**Treaty**” means the Treaty establishing the European Communities, as amended.

(b) *Presentation of Notes, Receipts, Coupons and Talons*

Payments of principal in respect of definitive Notes will (subject as provided below) be made in the manner provided in paragraph (a) above against surrender of definitive Notes and payments of interest in respect of definitive Notes will (subject as provided below) be made as aforesaid against surrender of Coupons, in each case at the specified office of any Paying Agent outside the United States.

Payments of instalments (if any) of principal, other than the final instalment, will (subject as provided below) be made against presentation and surrender of the relevant Receipt. Each Receipt must be presented for payment of the relevant instalment together with the definitive Note to which it appertains. Receipts presented without the definitive Notes to which they appertain do not constitute valid obligations of the Issuer. Upon the date on which any definitive Note becomes due and repayable, unmatured Receipts (if any) appertaining thereto (whether or not attached) shall become void and no payment shall be made in respect thereof.

Fixed Rate Notes in definitive form should be presented for payment together with all unmatured Coupons appertaining thereto (which expression shall for this purpose include Coupons falling to be issued on exchange of matured Talons) failing which the amount of any missing unmatured Coupon (or, in the case of payment not being made in full, the same proportion of the amount of such missing unmatured Coupon as the sum so paid bears to the sum due) will be deducted from the sum due for payment. Each amount of principal so deducted will be paid in the manner mentioned above against surrender of the relative missing Coupon at any time before the expiry of ten years after the Relevant Date (as defined in Condition 10 (*Taxation*)) in respect of such principal (whether or not such Coupon would otherwise have become void under Condition 14 (*Prescription*)) or, if later, five years from the date on which such Coupon would otherwise have become due. Upon any Fixed Rate Note becoming due and repayable prior to its Maturity Date, all unmatured Talons (if any) appertaining thereto will become void and no further Coupons will be issued in respect thereof.

Upon the date on which any Floating Rate Note in definitive form becomes due and repayable, unmatured Coupons and Talons (if any) relating thereto (whether or not attached) shall become void and no payment or, as the case may be, exchange for further Coupons shall be made in respect thereof.

If the due date for redemption of any definitive Note is not an Interest Payment Date or a Specified Interest Payment Date, interest (if any) accrued in respect of such Note from (and including) the preceding Interest Payment Date or Specified Interest Payment Date or, as the case may be, the Interest Commencement Date shall be payable only against surrender of the relevant definitive Note.

Payments of principal and interest (if any) in respect of Notes represented by any global Note will (subject as provided below) be made in the manner specified above in relation to definitive Notes and otherwise in the manner specified in the relevant global Note, against presentation or surrender, as the case may be, of such global Note (if it is not intended to be issued in NGN form) at the specified office of the Agent. A record of each payment made against presentation or surrender of such global Note, distinguishing between any payment of principal and any payment of interest, will be made on such global Note by the Agent and such record shall be *prima facie* evidence that the payment in question has been made.

The holder of the relevant global Note shall be the only person entitled to receive payments in respect of Notes represented by such global Note and the Issuer or, as the case may be, the Guarantor will be discharged by payment to, or to the order of, the holder of such global Note in respect of each amount so paid. Each of the persons shown in the records of Euroclear or Clearstream, Luxembourg as the holder of a particular nominal

amount of Notes must look solely to Euroclear or Clearstream, Luxembourg, as the case may be, for his share of each payment so made by the Issuer or, as the case may be, the Guarantor to, or to the order of, the holder of the relevant global Note. No person other than the holder of the relevant global Note shall have any claim against the Issuer or, as the case may be, the Guarantor in respect of any payments due on that global Note.

Payments of interest in respect of the Notes will be made at the specified office of a Paying Agent in the United States (which expression, as used herein, means the United States of America (including the States and the District of Columbia, its territories, its possessions and other areas subject to its jurisdiction)) if:

- (i) the Issuer has appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment at such specified offices outside the United States of the full amount of interest on the Notes in the manner provided above when due;
- (ii) payment of the full amount of such interest at such specified offices outside the United States is illegal or effectively precluded by exchange controls or other similar restrictions; and
- (iii) such payment is then permitted under United States law without involving, in the opinion of the Issuer and the Guarantor, adverse tax consequences to the Issuer.

(c) *Redenomination*

The Issuer may, without the consent of the Noteholders or the holders of related Receipts or Coupons on giving at least 30 days' prior notice to the Noteholders in accordance with Condition 15 (*Notices*), elect that, with effect from the Redenomination Date specified in the notice, the Notes shall be redenominated in euro. The election will have effect as follows:

- (i) each Specified Denomination will be deemed to be denominated in such amount of euro as is equivalent to its denomination in the Specified Currency at the Established Rate, subject to such provisions (if any) as to rounding (and payments in respect of fractions consequent on rounding) as the Issuer may decide, and as may be specified in the notice;
- (ii) after the Redenomination Date, all payments in respect of the Notes, the Receipts and the Coupons will be made solely in euro, including payments of interest in respect of periods before the Redenomination Date, as though references in the Notes to the Specified Currency were to euro; and
- (iii) such changes shall be made to these Conditions as the Issuer may decide and as may be specified in the notice, to conform them to conventions then applicable to instruments denominated in euro or to enable the Notes to be consolidated with one or more issues of other notes, whether or not originally denominated in the Specified Currency or euro.

(d) *Exchangeability*

The Issuer may without the consent of the Noteholders or the holders of related Receipts or Coupons, on giving at least 30 days' prior notice to the Noteholders in accordance with Condition 15 (*Notices*), elect that, with effect from the Redenomination Date or such later date for payment of interest under the Notes as it may specify in the notice, the Notes shall be exchangeable for Notes expressed to be denominated in euro in accordance with such arrangements as the Issuer may decide and as may be specified in the notice, including arrangements under which Receipts and Coupons unmaturing at the date so specified become void.

In this Condition, the following expressions have the following meanings:

“**Established Rate**” means the rate for conversion of the Specified Currency (including compliance with rules relating to roundings in accordance with applicable European Community regulations) into euro established by the Council of the European Union pursuant to Article 109(4) of the Treaty; and

“**Redenomination Date**” means any date for payment of interest under the Notes specified by the Issuer which falls on or after the date on which the country of the Specified Currency adopts the euro as its lawful currency in accordance with the Treaty.

(e) *Payment Day*

If the date for payment of any amount in respect of any Note, Receipt or Coupon is not a Payment Day, the holder thereof shall not be entitled to payment until the next following Payment Day in the relevant place and shall not be entitled to further interest or other payment in respect of such delay. For these purposes, unless otherwise specified in the applicable Final Terms, “**Payment Day**” means any day which is both:

- (i) a day (other than a Saturday or a Sunday) on which banks are open for business in:
 - (A) the relevant place of presentation; and
 - (B) any Additional Financial Centre specified in the applicable Final Terms; and
- (ii) either (1) in relation to Notes denominated in a Specified Currency other than euro, a day on which commercial banks and foreign exchange markets settle payments in the principal financial centre of the relevant Specified Currency (if other than London and which if the Specified Currency is Australian dollars shall be Melbourne) or (2) in relation to notes denominated in euro, a day on which the TARGET System (as defined in Condition 5(b)(iv) (*Screen Rate Determination for Floating Rate Notes*)) is operating.

(f) *Interpretation of Principal and Interest*

Any reference in these Conditions to principal in respect of the Notes shall be deemed to include, as applicable:

- (i) any additional amounts which may be payable with respect to principal under Condition 10 (*Taxation*);
- (ii) the Final Redemption Amount of the Notes;
- (iii) the Early Redemption Amount of the Notes;
- (iv) the Optional Redemption Amount(s) (if any) of the Notes;
- (v) in relation to Notes redeemable in instalments, the Instalment Amounts; and
- (vi) any premium and any other amounts which may be payable under or in respect of the Notes.

Any reference in these Conditions to interest in respect of the Notes shall be deemed to include, as applicable, any additional amounts which may be payable with respect to interest under Condition 10 (*Taxation*).

8. Agent and Paying Agents

The names of the initial Agent and the initial Paying Agents and their initial specified offices are set out below.

The Issuer and the Guarantor are entitled to vary or terminate the appointment of any Paying Agent and/or appoint additional or other Paying Agents and/or approve any change in the specified office through which any Paying Agent acts, provided that:

- (a) so long as the Notes are admitted to listing, trading and/or quotation by any listing authority, stock exchange and/or quotation system, there will at all times be a Paying Agent with a specified office in such place as may be required by the rules and regulations of the relevant listing authority, stock exchange and/or quotation system;
- (b) there will at all times be a Paying Agent with a specified office acting in continental Europe;
- (c) there will at all times be an Agent; and
- (d) each of the Issuer and the Guarantor will ensure that it maintains a Paying Agent in a Member State of the European Union that will not be obliged to withhold or deduct tax pursuant to European Council Directive 2003/48/EC or any law implementing or complying with, or introduced in order to conform to, such Directive.

In addition, the Issuer and the Guarantor shall forthwith appoint a Paying Agent having a specified office in New York City in the circumstances described in the final paragraph of Condition 7(b) (*Presentation of Notes, Receipts, Coupons and Talons*). Any variation, termination, appointment or change shall only take effect (other than in the case of insolvency, when it shall be of immediate effect) after not less than 30 nor more than 45 days' prior notice thereof shall have been given to the Noteholders in accordance with Condition 15 (*Notices*) provided that no such variation, termination, appointment or change shall take effect (except in the case of insolvency) within 15 days before or after any Interest Payment Date or Specified Interest Payment Date, as the case may be.

9. Exchange of Talons

On and after the Interest Payment Date or the Specified Interest Payment Date, as appropriate, on which the final Coupon comprised in any Coupon sheet matures, the Talon (if any) forming part of such Coupon sheet may be surrendered at the specified office of the Agent or any Paying Agent in exchange for a further Coupon sheet including (if such further Coupon sheet does not include Coupons to (and including) the final date for the payment of interest due in respect of the Notes to which it appertains) a further Talon, subject to the provisions of Condition 13 (*Replacement of Notes, Receipts, Coupons and Talons*). Each Talon shall, for the purposes of these Conditions, be deemed to mature on the Interest Payment Date or the Specified Interest Payment Date (as the case may be) on which the final Coupon comprised in the relative Coupon sheet matures.

10. Taxation

All amounts payable (whether in respect of principal, redemption amount, interest or otherwise) in respect of the Notes will be made free and clear of and without withholding or deduction for or on account of any present or future taxes, duties, assessments or governmental charges of whatever nature imposed or levied by or on behalf of the Kingdom of Spain or any political subdivision thereof or any authority or agency therein or thereof having power to tax, unless the withholding or deduction of such taxes, duties, assessments or governmental charges is required by law or required pursuant to an agreement described in Section 1471(b) of the Code. In that event, the Issuer, failing which the Guarantor, will pay such additional amounts as may be necessary in order that the net amounts receivable by any Noteholder after such withholding or deduction shall equal the respective amounts which would have been receivable by such Noteholder in the absence of such withholding or deduction; except that no such additional amounts shall be payable in relation to any payment in respect of any Notes or Coupon:

- (a) to, or to a third party on behalf of, a Noteholder who is liable to such taxes, duties, assessments or governmental charges in respect of such Notes by reason of his having some connection with the Kingdom of Spain other than the mere holding of such Notes or Coupon; or
- (b) presented for payment more than thirty days after the Relevant Date, except to the extent that the relevant Noteholder would have been entitled to such additional amounts on presenting the same for payment on the expiry of such period of thirty days; or
- (c) to, or to a third party on behalf of, a Noteholder who does not provide the information concerning such Noteholder's identity and tax residence to the Issuer or the Guarantor or

an agent acting on behalf of the Issuer or the Guarantor as may eventually be required (i) in order to comply with any new procedures that may be implemented as a consequence of an amendment, modification or interpretation of Royal Decree 1065/2007; or (ii) in case the Notes are represented by definitive Notes; or

- (d) where such withholding or deduction is required pursuant to an agreement described in Section 1471(b) of the Code or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, any official interpretations thereof, or any law implementing an intergovernmental approach thereto.

For the purposes of these Conditions, “**Relevant Date**” means, in respect of any payment, the date on which such payment first becomes due and payable, but if the full amount of the moneys payable has not been received by the Agent on or prior to such due date, it means the first date on which, the full amount of such moneys having been so received and being available for payment to Noteholders, notice to that effect shall have been duly given to the Noteholders of the relevant Series in accordance with Condition 15 (*Notices*).

If the Issuer or the Guarantor, as the case may be, becomes subject at any time to any taxing jurisdiction other than or in addition to the Kingdom of Spain, references herein to the Kingdom of Spain shall be read and construed as references to the Kingdom of Spain, and/or to such other jurisdiction.

Any reference in these Conditions to principal, redemption amount and/or interest in respect of the Notes shall be deemed also to refer to any additional amounts which may be payable under this Condition 10.

11. Events of Default

The following events or circumstances (each an “**Event of Default**”) shall be acceleration events in relation to the Notes of any Series, namely:

- (a) **Non-payment:** the Issuer fails to pay any amount of principal in respect of the Notes within 7 days of the due date for payment thereof or fails to pay any amount of interest in respect of the Notes within 14 days of the due date for payment thereof; or
- (b) **Breach of other obligations:** the Issuer or the Guarantor defaults in the performance or observance of any of its other obligations under or in respect of the Notes or the Deed of Guarantee and such default remains unremedied for 30 days after written notice thereof, addressed to the Issuer and the Guarantor by the Commissioner (as defined in Condition 12 (*Meetings of Noteholders*)) or, failing whom, any Noteholder, has been delivered to the Issuer and the Guarantor or to the specified office of the Agent; or

- (d) **Unsatisfied judgement:** one or more judgement(s) or order(s) for the payment of any amount is rendered against the Issuer, the Guarantor or any of their respective Principal Subsidiaries (if any) and continue(s) unsatisfied and unstayed for a period of 30 days after the date(s) thereof or, if later, the date therein specified for payment, provided that the amount subject of such judgement(s) or order(s), individually or in the aggregate, exceeds €75,000,000; or

- (e) **Security enforced:** a secured party takes possession, or a receiver, manager or other similar officer is appointed, of the whole or any part of the undertaking, assets and revenues of the Issuer, the Guarantor or any of their respective Principal Subsidiaries (if any), provided that the individual or aggregate value of all undertaking, assets and revenues subject to such enforcement exceeds €75,000,000; or

- (g) **Winding up, etc.:** an order is made or an effective resolution is passed for the winding up, liquidation or dissolution of the Issuer, the Guarantor or any of their respective Principal Subsidiaries (if any) (otherwise than, in the case of a Principal Subsidiary of the Issuer (if any) or a Principal Subsidiary of the Guarantor, for the purposes of or pursuant to an amalgamation, reorganisation or restructuring whilst solvent); or
- (h) **Analogous event:** any event occurs which under the laws of the Kingdom of Spain has an analogous effect to any of the events referred to in paragraphs (d) to (g) above including, but not limited to, *concurso*; or
- (i) **Failure to take action, etc.:** any action, condition or thing at any time required to be taken, fulfilled or done in order (i) to enable the Issuer and the Guarantor lawfully to enter into, exercise their respective rights and perform and comply with their respective obligations under and in respect of the Notes and the Deed of Guarantee, (ii) to ensure that those obligations are legal, valid, binding and enforceable and (iii) to make the Notes, the Receipts, the Coupons and the Guarantee admissible in evidence in the courts of the Kingdom of Spain is not taken, fulfilled or done; or

- (k) **Deed of Guarantee not in force:** the Deed of Guarantee is not (or is claimed by the Guarantor not to be) in full force and effect; or
- (l) **Controlling shareholder:** the Issuer ceases to be wholly-owned and controlled by the Guarantor.

If any Event of Default shall occur in relation to any Series of Notes, any Noteholder of the relevant Series may, by written notice to the Issuer and the Guarantor, at the specified office of the Agent, declare that such Note and (if the Note is interest-bearing) all interest then accrued on such Note shall be forthwith due and payable, whereupon the same shall become immediately due and payable at its early termination amount (the “**Early Termination Amount**”) (which shall be its principal amount or such other Early Termination Amount as may be specified in or determined in accordance with the relevant Final Terms) less, in the case of any Instalment Note, the aggregate amount of all instalments that shall have become due and payable in respect of such Note under any other Condition prior to the date fixed for redemption (which amount, if and to the extent not then paid, remains due and payable), together with all interest (if any) accrued thereon without presentment, demand, protest or other notice of any kind, all of which the Issuer will expressly

waive, anything contained in such Notes to the contrary notwithstanding, unless, prior thereto, all Events of Default in respect of the Notes of the relevant Series shall have been cured.

In these Conditions:

“**Group**” means the Guarantor and its Subsidiaries from time to time; and

“**Principal Subsidiary**” means, at any time, a Subsidiary of the Guarantor whose total assets, income before taxes or sales (excluding intra-group items) then equal or exceed ten per cent. (10%) of the total assets, income before taxes or sales of the Group (on a consolidated basis) and, for this purpose:

- (a) the total assets, income before taxes and sales of a Subsidiary of the Guarantor will be determined from its financial statements (consolidated if it has Subsidiaries) upon which the latest annual audited financial statements of the Group have been based;
- (b) if a Subsidiary of the Company becomes a member of the Group after the date on which the latest audited financial statements of the Group have been prepared, the total assets, income before taxes and sales of that Subsidiary will be determined from its latest annual financial statements;
- (c) the total assets, income before taxes and sales of the Group will be determined from its latest annual audited financial statements, adjusted (where appropriate) to reflect the total assets, income before taxes and sales of any company or business subsequently acquired or disposed of; and
- (d) if a Principal Subsidiary disposes of all or substantially all of its assets to another Subsidiary of the Guarantor, the disposing Subsidiary will immediately cease to be Principal Subsidiary and the other Subsidiary (if it is not already) will immediately become a Principal Subsidiary and, for the avoidance of doubt, the subsequent financial statements of those Subsidiaries and the Group will be used to determine whether those Subsidiaries are Principal Subsidiaries or not.

A report by the Directors of the Guarantor that, in their opinion, a Subsidiary of the Guarantor is or is not or was or was not at any particular time or throughout any specified period a Principal Subsidiary, accompanied by a report by the Auditors addressed to the Directors of the Guarantor as to proper extraction of the figures used by the Directors of the Guarantor in determining the Principal Subsidiaries of the Guarantor and mathematical accuracy of the calculations shall, in the absence of manifest error, be conclusive and binding on the Noteholders;

12. Meetings of Noteholders

The Agency Agreement contains provisions (which shall have effect as if incorporated by reference herein) for convening meetings of the Noteholders of any Series to consider any matter affecting their interests, including (without limitation) the modification by Extraordinary Resolution (as defined below) of these Conditions. An Extraordinary Resolution passed at any meeting of the Noteholders of any Series will be binding on all Noteholders of such Series, whether or not they are present at the meeting, and on all holders of Coupons relating to Notes of such Series.

“**Extraordinary Resolution**” means a resolution passed at a meeting of the Noteholders duly convened and held by a majority consisting of not less than 75 per cent. of the persons voting thereat upon a show of hands or if a poll be duly demanded then by a majority consisting of not less than 75 per cent. of the votes given on such poll.

The Agency Agreement provides that a resolution in writing signed by or on behalf of the holders of not less than 75 per cent. in nominal value of the Notes outstanding shall for all purposes be as valid and effective as an Extraordinary Resolution passed at a meeting of Noteholders duly convened and held. Such a resolution in writing may be contained in a single document or in several documents in the same form, each signed by or on behalf of one or more Noteholders.

13. Replacement of Notes, Receipts, Coupons and Talons

Should any Note, Receipt, Coupon or Talon be lost, stolen, mutilated, defaced or destroyed, it may be replaced at the specified office of the Agent in London (or such other place as may be notified to the Noteholders), subject to all applicable laws and listing authority, stock exchange and/or quotation system requirements upon payment by the claimant of the expenses incurred in connection therewith and on such terms as to evidence and indemnity as the Issuer and the Guarantor may reasonably require. Mutilated or defaced Notes, Receipts, Coupons or Talons must be surrendered before replacements will be issued.

14. Prescription

The Notes, Receipts and Coupons will become void unless presented for payment within a period of ten years (in the case of principal) and five years (in the case of interest) after the Relevant Date (as defined in Condition 10 (*Taxation*)) therefor.

There shall not be included in any Coupon sheet issued on exchange of a Talon any Coupon the claim for payment in respect of which would be void pursuant to this Condition 14 or Condition 7(b) (*Presentation of Notes, Receipts, Coupons and Talons*) or any Talon which would be void pursuant to Condition 7(b) (*Presentation of Notes, Receipts, Coupons and Talons*).

15. Notices

All notices regarding the Notes shall be valid if published in one or more leading English language daily newspapers with circulation in the United Kingdom (which is expected to be the *Financial Times*) and, so long as the Notes are listed on the official list of the Luxembourg Stock Exchange and the rules of that stock exchange so require, published either on the website of the Luxembourg Stock Exchange (www.bourse.lu) or in a leading newspaper having general circulation in Luxembourg (which is expected to be the *Luxemburger Wort*) or, if such publication shall not be practicable, in an English language newspaper of general circulation in Europe. Any such notice shall be deemed to have been given on the date of such publication or, if published more than once or on different dates, on the first date on which publication is made.

Until such time as any definitive Notes are issued, there may, so long as any global Note is held in its entirety on behalf of Euroclear and/or Clearstream, Luxembourg be substituted for such publication as aforesaid the delivery of the relevant notice to Euroclear and/or Clearstream, Luxembourg for communication by them to the Noteholders in accordance with their respective rules and operating procedures. Any such notice shall be deemed to have been given to the Noteholders on the day on which the notice was given to Euroclear and/or Clearstream, Luxembourg, as appropriate.

Notices to be given by any Noteholder shall be in writing and given by lodging the same, together with the relative Note or Notes, with the Agent. Whilst any of the Notes are represented by a global Note, such notice may be given by any Noteholder to the Agent via Euroclear and/or Clearstream, Luxembourg, as the case may be, in such manner as the Agent and Euroclear and/or Clearstream, Luxembourg, as the case may be, may approve for this purpose.

16. Further Issues

The Issuer shall be at liberty from time to time without the consent of the Noteholders to create and issue further notes ranking *pari passu* in all respects (or in all respects save for the first payment of interest thereon) with the outstanding Notes and so that the same shall be consolidated and form a single series with the outstanding Notes.

17. Substitution of the Issuer

- (a) The Issuer and the Guarantor may with respect to any Series of Notes issued by the Issuer (the “**Relevant Notes**”) without the consent of any Noteholder, substitute for the Issuer any other body corporate incorporated in any country in the world as the debtor in respect of the Notes and the Agency Agreement (the “**Substituted Debtor**”) upon notice by the Issuer, the Guarantor and the Substituted Debtor to be given by publication in accordance with Condition 15 (*Notices*), *provided that*:

- (i) neither the Issuer nor the Guarantor are in default in respect of any amount payable under any of the Relevant Notes;
 - (ii) the Issuer, the Guarantor and the Substituted Debtor have entered into such documents (the “**Documents**”) as are necessary to give effect to the substitution and in which the Substituted Debtor has undertaken in favour of each Noteholder of the Relevant Notes to be bound by these Conditions and the provisions of the Agency Agreement as the debtor in respect of such Notes in place of the Issuer (or of any previous substitute under this Condition 17);
 - (iii) if the Substituted Debtor is resident for tax purposes in a territory (the “**New Residence**”) other than that in which the Issuer prior to such substitution was resident for tax purposes (the “**Former Residence**”) the Documents contain an undertaking and/or such other provisions as may be necessary to ensure that each Noteholder of the Relevant Notes has the benefit of an undertaking in terms corresponding to the provisions of Condition 10 (*Taxation*), with, where applicable, the substitution of references to the Former Residence with references to the New Residence;
 - (iv) the Guarantor guarantees the obligations of the Substituted Debtor in relation to outstanding Relevant Notes;
 - (v) The Substituted Debtor, the Issuer and the Guarantor have obtained all necessary governmental approvals and consents for such substitution and for the performance by the Substituted Debtor of its obligations under the Documents and for the performance by the Guarantor of its obligations under the Guarantee as they relate to the obligations of the Substituted Debtor under the Documents;
 - (vi) each stock exchange on which the Relevant Notes are listed shall have confirmed that, following the proposed substitution of the Substituted Debtor, the Relevant Notes will continue to be listed on such stock exchange;
 - (vii) a legal opinion shall have been delivered to the Commissioner and the Agent (from whom copies will be available) from lawyers of recognised standing in the country of incorporation of the Substituted Debtor, confirming, as appropriate, that upon the substitution taking place (A) the requirements of this Condition 17, save as to the giving of notice to the Noteholders have been met and (B) the Notes, Coupons and Talons are legal, valid and binding obligations of the Substituted Debtor enforceable in accordance with their terms;
 - (viii) any Rating Agency which has issued a rating in connection with the Relevant Notes shall have confirmed that following the proposed substitution of the Substituted Debtor, the credit rating of the Relevant Notes will not be adversely affected; and
 - (ix) if applicable, the Substituted Debtor has appointed a process agent as its agent in England to receive service of process on its behalf in relation to any legal proceedings in England arising out of or in connection with the Relevant Notes and any Coupons.
- (b) Upon the execution of the Documents and the delivery of the legal opinions, the Substituted Debtor shall succeed to, and be substituted for, and may exercise every right and power, of the Issuer under the Relevant Notes and the Agency Agreement with the same effect as if the Substituted Debtor had been named as the Issuer herein, and the Issuer shall be released from its obligations under the Relevant Notes and under the Agency Agreement.
- (c) After a substitution pursuant to Condition 17(a), the Substituted Debtor may, without the consent of any Noteholder, effect a further substitution. All the provisions specified in Condition 17(a) and 17(b) shall apply *mutatis mutandis*, and references in these Conditions to the Issuer shall, where the context so requires, be deemed to be or include references to any such further Substituted Debtor.

- (d) After a substitution pursuant to Condition 17(a) or 17(c) any Substituted Debtor may, without the consent of any Noteholder, reverse the substitution, *mutatis mutandis*.
- (e) The Documents shall be delivered to, and kept by, the Agent. Copies of the Documents will be available free of charge at the specified office of each of the Agents.

18. Governing Law; Submission to Jurisdiction

The Agency Agreement, the Deed of Covenant, the Deed of Guarantee and the Notes and any non-contractual obligations arising out of or in connection with them are governed by, and shall be construed in accordance with, English law, save for Conditions 2 (*Status of the Notes*) and 3 (*Status of the Deed of Guarantee*) which shall be governed by, and shall be construed in accordance with, Spanish law. The Issuer and the Guarantor irrevocably agree for the benefit of the Noteholders that the courts of England shall have jurisdiction to hear and determine any suit, action or proceedings, and to settle any disputes (together, “**Proceedings**”), which may arise out of, or in connection with, the Agency Agreement, the Deed of Covenant, the Deed of Guarantee and the Notes and, for such purpose, irrevocably submit to the jurisdiction of such courts.

The Issuer and the Guarantor irrevocably and unconditionally waive and agree not to raise any objection which any of them may have now or subsequently to the laying of the venue of any Proceedings in the courts of England and any claim that any Proceedings have been brought in an inconvenient forum and further irrevocably and unconditionally agree that a judgement in any Proceedings brought in the courts of England shall be conclusive and binding upon each of them and may be enforced in the courts of any other jurisdiction. Nothing in this Condition shall limit any right to take Proceedings against the Issuer and/or the Guarantor in any other court of competent jurisdiction, nor shall the taking of Proceedings in one or more jurisdictions preclude the taking of Proceedings in any other jurisdiction, whether concurrently or not.

The Issuer and the Guarantor irrevocably and unconditionally appoint Law Debenture Corporate Services Limited at Fifth Floor, 100 Wood Street, London EC2V 7EX, United Kingdom as agent for service of process in England in respect of any Proceedings in England and undertake that in the event of it ceasing so to act the Issuer and the Guarantor will forthwith appoint a further person as their agent for that purpose and notify the name and address of such person to the Agent and agree that, failing such appointment within fifteen days, any Noteholder shall be entitled to appoint such a person by written notice addressed to the Issuer and the Guarantor and delivered to the Issuer and the Guarantor or to the specified office of the Agent. Nothing contained herein shall affect the right of any Noteholder to serve process in any other manner permitted by law.

19. Rights of Third Parties

No person shall have any right to enforce any term or condition of any Notes under the Contracts (Rights of Third Parties) Act 1999.

FORM OF THE NOTES

Any reference in this section “*Form of the Notes*” to Euroclear and/or Clearstream, Luxembourg shall, whenever the context so permits, except in relation to Notes issued in NGN form, be deemed to include a reference to any additional or alternative clearance system approved by the Issuers and the Agent.

Delivery

Each Tranche of Notes will be initially represented by a Temporary Global Note without receipts, interest coupons or talons, which will:

- (i) if the global Notes are intended to be issued in NGN form, as stated in the applicable Final Terms, be delivered on or prior to the relevant Issue Date to the Common Safekeeper for Euroclear and Clearstream, Luxembourg; or
- (ii) if the global Notes are not intended to be issued in NGN form, be delivered on or prior to the relevant Issue Date with the Common Depository for Euroclear and Clearstream, Luxembourg,

without receipts, interest coupons or talons.

If the Global Notes are stated in the applicable Final Terms to be issued in NGN form, the relevant clearing systems will be notified whether or not such Global Notes are intended to be held in a manner which would allow Eurosystem eligibility and, if so, will be delivered on or prior to the original issue date of the Tranche to the Common Safekeeper. This means that the Notes are intended to be deposited with one of the international central securities depositories (“**ICSDs**”) as Common Safekeeper and not necessarily that the Notes will be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem either upon issue or at any or all times during their life. Such recognition will depend upon satisfaction of the Eurosystem eligibility criteria.

If the Temporary Global Note is not in NGN form, upon the initial deposit of a Temporary Global Note with the Common Depository, Euroclear or Clearstream, Luxembourg will credit each subscriber with a nominal amount of Notes equal to the nominal amount thereof for which it has subscribed and paid. If the Temporary Global Note is in NGN form, the nominal amount of the Notes represented by such Temporary Global Note shall be the aggregate amount from time to time entered in the records of both Euroclear and Clearstream, Luxembourg. The records of Euroclear and Clearstream, Luxembourg shall be conclusive evidence of the nominal amount of Notes represented by such Temporary Global Note and, for these purposes, a statement issued by either Euroclear or Clearstream, Luxembourg stating the nominal amount of Notes represented by such Temporary Global Note at any time shall be conclusive evidence of the records of Euroclear or Clearstream, Luxembourg, respectively, at the relevant time.

Exchange

A Permanent Global Note will only be issued initially in respect of any Tranche of Notes where certification of non-United States beneficial ownership is not required by U.S. Treasury Regulations. Unless otherwise agreed between the Issuers and the relevant Dealer, if the global Notes are intended to be issued in NGN form (to be eligible as collateral for Eurosystem operations), as stated in the applicable Final Terms, the Permanent Global Note will be delivered on or prior to the relevant Issue Date to the Common Safekeeper. If the global Notes are not intended to be issued in NGN form, the Permanent Global Note will be delivered to the Common Depository.

On and after the date (the “**Exchange Date**”) which is 40 days after the date on which any Temporary Global Note is issued, interests in such Temporary Global Note will be exchanged (free of charge) either for interests in a Permanent Global Note without receipts, interest coupons or talons or for definitive Notes with, where applicable, receipts, interest coupons and talons attached (as indicated in the applicable Final Terms) in each case against presentation of the Temporary Global Note only to the extent that certification of non-U.S. beneficial ownership (in a form to be provided) as required by U.S. Treasury Regulations has been received by Euroclear, Clearstream, Luxembourg and/or any other relevant system, and such clearing system has given a like certification (based on the certifications it has received) to the Agent. In relation to any issue of Notes which are expressed to be Temporary Global Notes exchangeable for definitive Notes, such Notes shall be tradeable only in a principal amount which is an integral multiple of the Specified Denomination.

Holders of interests in any Temporary Global Note shall not (unless, upon due presentation of such Temporary Global Note for exchange for a Permanent Global Note or for delivery of definitive Notes, such exchange or delivery is improperly withheld or refused and such withholding or refusal is continuing at the relevant payment date) be entitled to receive any payment in respect of the Notes represented by such Temporary Global Note which falls due on or after the Exchange Date or be entitled to exercise any option on a date after the Exchange Date.

Unless otherwise specified in the applicable Final Terms, a Permanent Global Note will be exchangeable (free of charge), in whole but not in part, for definitive Notes, with, where applicable, receipts, interest coupons and talons attached, in the limited circumstances specified in the Permanent Global Note. Global Notes and definitive Notes will be issued pursuant to the Agency Agreement.

Exercise of put option

For so long as all of the Notes are represented by one or both of the Global Notes and such Global Note(s) is/are held on behalf of Euroclear and/or Clearstream, Luxembourg, the option of the Noteholders provided for in the Conditions may be exercised by an accountholder giving notice to the Paying Agent in accordance with the standard procedures of Euroclear and Clearstream, Luxembourg (which may include notice being given on his instructions by Euroclear or Clearstream, Luxembourg or any common depositary for them to the Paying Agent by electronic means) of the principal amount of the Notes, in respect of which such option is exercised.

Payments

Whilst any Note is represented by a Temporary Global Note, payments of principal and interest (if any) due prior to the Exchange Date (as defined below) will be made, against presentation of the Temporary Global Note (if the Temporary Global Note is not intended to be issued in NGN form), only to the extent that certification (in a form to be provided) to the effect that the beneficial owners of interests in such Note are not U.S. persons or persons who have purchased for resale to any U.S. person, as required by U.S. Treasury Regulations, has been received by Euroclear, Clearstream, Luxembourg and/or any other relevant clearing system has given a like certification (based on the certifications it has received) to the Agent.

Payments of principal and interest (if any) on a global Note not in NGN form will be made through Euroclear, Clearstream, Luxembourg and/or any other relevant clearing system against presentation or surrender (as the case may be of the global Note if not intended to be issued in NGN form), without any requirement for certification. If the global Note is not in NGN form, a record of each payment so made will be endorsed on each global Note, which endorsement will be *prima facie* evidence that such payment has been made in respect of the global Note. If a global Note is in NGN form, the Issuers shall procure that details of such exchange be entered *pro rata* in the records of the Euroclear and/or Clearstream, Luxembourg and the nominal amount of the Notes recorded in the records of Euroclear and/or Clearstream, Luxembourg, as the case may be, and represented by the global Note will be reduced accordingly.

For the purpose of any payments made in respect of a Global Note, the relevant place of presentation shall be disregarded in the definition of “Payment Day” set out in Condition 7(e) (*Payment Day*).

NGN nominal amount

Where the global Note is in NGN form, the Issuers shall procure that any exchange, payment, cancellation or exercise of any option or any right under the Notes, as the case may be, shall be entered in the records of the relevant clearing systems and, upon such entry being made, the nominal amount of the Notes represented by such global Note shall be adjusted accordingly.

Acceleration

A Note may be accelerated by the holder thereof in certain circumstances described in “Terms and Conditions of Notes Issued by Naturgy Finance B.V.—Events of Default” and “Terms and Conditions of Notes Issued by Naturgy Capital Markets, S.A.—Events of Default”. In such circumstances, where any Note is still represented by a global Note and a holder of such Note so represented and credited to his securities account with Euroclear or Clearstream, Luxembourg gives notice that it wishes to accelerate such Note, unless within a period of 15 days from the giving of such notice payment has been made in full of the amount due in accordance with the terms of such global Note, such global Note will become void. At the same time, holders of interests in such global Note credited to their accounts with Euroclear or Clearstream, Luxembourg will become entitled to proceed directly against the relevant Issuer on the basis

of statements of account provided by Euroclear and Clearstream, Luxembourg, on and subject to the terms of a deed of covenant (the “**Deed of Covenant**”) dated on or about 3 April 2020 executed by the relevant Issuer.

Denominations

So long as the Notes are represented by a Temporary Global Note or Permanent Global Note and the relevant clearing system(s) so permit, the Notes will be tradable only (a) if the Specified Denomination stated in the relevant Final Terms is “euro 100,000 (or its equivalent in another currency)”, in the authorised denomination of euro 100,000 (or its equivalent in another currency) and integral multiples of euro 100,000 (or its equivalent in another currency) thereafter, or (b) if the Specified Denomination stated in the relevant Final Terms is “euro 100,000 (or its equivalent in another currency) and integral multiples of euro 1,000 (or its equivalent in another currency) in excess thereof”, in the minimum authorised denomination of euro 100,000 (or its equivalent in another currency) and higher integral multiples of euro 1,000 (or its equivalent in another currency), notwithstanding that no definitive Notes will be issued with a denomination above euro 199,000 (or its equivalent in another currency).

U.S. legend

The following legend will appear on all global Notes, definitive Notes, Receipts, interest Coupons and Talons:

“Any United States person who holds this obligation will be subject to limitations under the United States income tax laws, including the limitations provided in Sections 165(j) and 1287(a) of the Internal Revenue Code.”

The sections referred to in the legend above provide that United States holders, with certain exceptions, will not be entitled to deduct any loss on Notes, receipts or interest coupons and will not be entitled to capital gains treatment of any gain on any sale, disposition, redemption or payment of principal in respect of Notes, receipts or interest coupons.

THIS DEED OF GUARANTEE is made on 3 April 2020

BY

- (1) **NATURGY ENERGY GROUP, S.A.** of Avenida de San Luis, 77, Madrid, 28033, Spain (the “**Guarantor**”)

IN FAVOUR OF

- (2) **THE HOLDERS AND THE RELEVANT ACCOUNT HOLDERS** (as defined below) (each a *Beneficiary*, and together, the “**Beneficiaries**”)

WHEREAS

- (D) The Guarantor has duly authorised the giving of a guarantee in respect of the Notes to be issued under the Programme and each Deed of Covenant.

THIS DEED WITNESSES as follows:

1. Interpretation

1.1 In this Deed of Guarantee:

“**Conditions**” means the terms and conditions of Notes issued by Naturgy Finance B.V. or the terms and conditions of Notes issued by Naturgy Capital Markets, S.A., as the case may be (in each case, as scheduled to the Agency Agreement and as modified from time to time in accordance with their terms) and any reference to a numbered “**Condition**” is to the correspondingly numbered provision thereof;

“**Holder**” in relation to any Note means, at any time, the person who is the bearer of such Note; and

“**Relevant Account Holder**” has the meaning given in each Deed of Covenant.

1.2 Clause headings are for ease of reference only.

Terms not otherwise defined herein shall bear the meanings assigned to them in the Conditions and each Deed of Covenant.

1.3 Benefit of Deed of Guarantee

Any Notes issued under the Programme on or after the date of this Deed of Guarantee shall have the benefit of this Deed of Guarantee but shall not have the benefit of any subsequent guarantee relating to the Programme (unless expressly so provided in any such subsequent guarantee).

2. Guarantee and indemnity

2.1 The Guarantor hereby unconditionally and irrevocably guarantees:

- (a) to each Holder the due and punctual payment of any and every sum or sums of money which each Issuer shall at any time be liable to pay under or pursuant to any Note as and when the same shall become due and payable and agrees unconditionally to pay to such Holder, forthwith upon demand by such Holder and in the manner and currency prescribed by such Notes for payments by the relevant Issuer thereunder, any and every sum or sums of money which each Issuer shall at any time be liable to pay under or pursuant to such Note and which the relevant Issuer shall have failed to pay at the time such demand is made; and
- (b) to each Relevant Account Holder the due and punctual payment of all amounts due to such Relevant Account Holder under each Deed of Covenant as and when the same shall become due and payable and agrees unconditionally to pay to such Relevant Account Holder, forthwith on demand by such Relevant Account Holder and in the manner and in the currency prescribed pursuant to the relevant Deed of Covenant for payments by the relevant Issuer thereunder, any and every sum or sums of money which the relevant Issuer shall at any time be liable to pay under or pursuant to the relevant Deed of Covenant and which the relevant Issuer shall have failed to pay at the time demand is made.

2.2 As a separate, additional and continuing obligation, the Guarantor unconditionally and irrevocably undertakes with each Beneficiary that, should any amount referred to in Clause 2.1 not be recoverable from the Guarantor thereunder for any reason whatsoever (including, without limitation, by reason of any Note, any provision of any Note, the relevant Deed of Covenant or any provision thereof being or becoming void, unenforceable or otherwise invalid under any applicable law) then, notwithstanding that the same may have been known to such Holder or Relevant Account Holder, the Guarantor will, as a sole, original and independent obligor, upon first written demand under Clause 2.1, make payment of such amount by way of a full indemnity in such currency and otherwise in such manner as is provided for in the Notes or the relevant Deed of Covenant (as the case may be) and indemnify each Beneficiary against all losses, claims, costs, charges and expenses to which it may be subject or which it may incur under or in connection with the Notes, the relevant Deed of Covenant or this Deed of Guarantee.

3. Compliance with the conditions

The Guarantor covenants in favour of each Beneficiary that it will duly perform and comply with the obligations expressed to be undertaken by it in the Conditions.

4. Preservation of rights

4.1 obligations of the Guarantor herein contained shall be deemed to be undertaken as sole or principal debtor.

4.2 The obligations of the Guarantor herein contained shall constitute and be continuing obligations notwithstanding any settlement of account or other matters or things whatsoever and, in particular but without limitation, shall not be considered satisfied by any partial payment or satisfaction of all or any of the obligations arising under any Note or Deed of Covenant and shall continue in full force and effect in respect of each Note and the relevant Deed of Covenant until final repayment in full of all amounts owing by the relevant Issuer, and total satisfaction of all the actual and contingent obligations of such Issuer under such Note or such Deed of Covenant.

4.3 Neither the obligations of the Guarantor herein contained nor the rights, powers and remedies conferred upon the Beneficiaries or any of them by this Deed of Guarantee or by law shall be discharged, impaired or otherwise affected by:

- (a) the insolvency, winding-up, liquidation, dissolution, amalgamation, reconstruction or reorganisation of the relevant Issuer, or analogous proceedings in any jurisdiction or any change in status, function, control or ownership of the relevant Issuer; or
- (b) any of the obligations of the relevant Issuer, under any of the Notes or the relevant Deed of Covenant being or becoming illegal, invalid or unenforceable in any respect; or

- (c) time or other indulgence being granted or agreed to be granted to the relevant Issuer, in respect of any obligations arising under any of the Notes or the relevant Deed of Covenant; or
 - (d) any amendment to, or any variation, waiver or release of, any obligation of the relevant Issuer under any of the Notes or the relevant Deed of Covenant; or
 - (e) any other act, event or omission which, but for this Clause 4.3, would or might operate to discharge, impair or otherwise affect the obligations of the Guarantor herein contained or any of the rights, powers or remedies conferred upon the Holders, the Relevant Account Holders or any of them by this Deed of Guarantee or by law.
- 4.4 Without prejudice to the generality of the foregoing, any settlement or discharge between the Guarantor and the Beneficiaries or any of them shall be conditional upon no payment to the Beneficiaries or any of them by the relevant Issuer, or any other person on behalf of the relevant Issuer being avoided or reduced by virtue of any provisions or enactments relating to bankruptcy, insolvency or liquidation for the time being in force and, in the event of any such payment being so avoided or reduced, the Beneficiaries shall each be entitled to recover the amount by which such payment is so avoided or reduced from the Guarantor subsequently as if such settlement or discharge had not occurred.
- 4.5 No Beneficiary shall be obliged before exercising any of the rights, powers or remedies conferred upon it by this Deed of Guarantee or by law:
- (a) to make any demand of the relevant Issuer other than the presentation of the relevant Note; or
 - (b) to take any action or obtain judgement in any court against the relevant Issuer; or
 - (c) to make or file any claim or proof in a winding-up or dissolution of the relevant Issuer
- and, save as aforesaid, the Guarantor hereby expressly waives, in respect of each Note, presentment, demand and protest and notice of dishonour.
- 4.6 The Guarantor agrees that so long as any amounts are or may be owed by the relevant Issuer, under any of the Notes or the relevant Deed of Covenant or the relevant Issuer is under any actual or contingent obligations thereunder, the Guarantor shall not exercise rights which the Guarantor may at any time have by reason of performance by the Guarantor of its obligations hereunder:
- (a) to be indemnified by the relevant Issuer; and/or
 - (b) to claim any contribution from any other guarantor of the obligations of the relevant Issuer, under the Notes or the relevant Deed of Covenant; and/or
 - (c) to take the benefit (in whole or in part) of any security taken pursuant to, or in connection with, any of the Notes or the relevant Deed of Covenant, by all or any of the persons to whom the benefit of the Guarantor's obligations are given; and/or
 - (d) to be subrogated to the rights of any Beneficiary against the relevant Issuer, in respect of amounts paid by the Guarantor pursuant to the provisions of this Deed of Guarantee.
- 4.7 The Guarantor hereby covenants that its obligations hereunder rank as described in Condition 3 (*Status of the Deed of Guarantee*).

5. Stamp duties

The Guarantor will promptly pay any stamp duty or other documentary taxes (including any penalties and interest in respect thereof) payable in connection with the execution, delivery and performance of this Deed of Guarantee, and will indemnify and hold harmless each Beneficiary on demand from all liabilities arising from any failure to pay, or delay in paying, such taxes.

6. Deed poll; Benefit of Guarantee

6.1 This Deed of Guarantee shall take effect as a deed poll for the benefit of the Beneficiaries from time to time and for the time being.

6.2 The Guarantor hereby acknowledges and covenants that the obligations binding upon it contained herein are owed to, and shall be for the benefit of, each and every Beneficiary, and that each Beneficiary shall be entitled severally to enforce the said obligations against the Guarantor.

6.3 The Guarantor may not assign or transfer all or any of its rights, benefits and obligations hereunder.

7. Provisions severable

Each of the provisions in this Deed of Guarantee shall be severable and distinct from the others and the illegality, invalidity or unenforceability of any one or more provisions under the law of any jurisdiction shall not affect or impair the legality, validity or enforceability of any other provisions in that jurisdiction nor the legality, validity or enforceability of any provisions under the law of any other jurisdiction.

8. Currency indemnity

If any sum due from the Guarantor under this Deed of Guarantee or any order or judgement given or made in relation thereto has to be converted from the currency (the “**first currency**”) in which the same is payable under this Deed of Guarantee or such order or judgement into another currency (the “**second currency**”) for the purpose of (a) making or filing a claim or proof against the Guarantor, (b) obtaining an order or judgement in any court or other tribunal or (c) enforcing any order or judgement given or made in relation to this Deed of Guarantee, the Guarantor shall indemnify each Beneficiary on demand against any loss suffered as a result of any discrepancy between (i) the rate of exchange used for such purpose to convert the sum in question from the first currency into the second currency and (ii) the rate or rates of exchange at which such Beneficiary may in the ordinary course of business purchase the first currency with the second currency upon receipt of a sum paid to it in satisfaction, in whole or in part, of any such order, judgement, claim or proof.

This indemnity constitutes a separate and independent obligation of the Guarantor and shall give rise to a separate and independent cause of action.

9. Notices

Notices to the Guarantor will be deemed to be validly given if delivered at Avenida de San Luis, 77, Madrid, 28033, Spain (or at such other address and for such other attention as may have been notified to Holders in accordance with the Conditions) and will be deemed to have been validly given at the opening of business on the next day on which the Guarantor’s principal office is open for business.

10. Law and jurisdiction

10.1 Governing law

This Deed of Guarantee and any non-contractual obligations arising out of or in connection with it are governed by, and shall be construed in accordance with, English law.

10.2 English courts

The courts of England have exclusive jurisdiction to settle any dispute (a “**Dispute**”), arising from or connected with this Deed of Guarantee (including a dispute regarding the existence, validity or termination of this Deed of Guarantee) or the consequences of its nullity.

10.3 Appropriate forum

The Guarantor agrees that the courts of England are the most appropriate and convenient courts to settle any Dispute and, accordingly, that it will not argue to the contrary.

10.4 Rights of the Beneficiaries to take proceedings outside England

Clause 10.2 (*English courts*) is for the benefit of the Beneficiaries only. As a result, nothing in this Clause 10 (*Law and Jurisdiction*) prevents the Beneficiaries from taking proceedings relating to a Dispute (“**Proceedings**”) in any other courts with jurisdiction. To the extent allowed by law, the Beneficiaries may take concurrent Proceedings in any number of jurisdictions.

10.5 Process agent

The Guarantor agrees that the documents which start any Proceedings in England and any other documents required to be served in relation to those Proceedings in England may be served on it by being delivered to Law Debenture Corporate Services Limited at Fifth Floor, 100 Wood Street, London EC2V 7EX, United Kingdom, or, if different, its registered office for the time being or at any address of the Guarantor in Great Britain at which process may be served on it in accordance with Part 34 of the Companies Act 2006. If such person is not or ceases to be effectively appointed to accept service of process on behalf of the Guarantor, the Guarantor shall, on the written demand of any Beneficiary addressed and delivered to the Guarantor appoint a further person in England to accept service of process on its behalf and, failing such appointment within 15 days, any Beneficiary shall be entitled to appoint such a person by written notice addressed to the Guarantor and delivered to the Guarantor. Nothing in this paragraph shall affect the right of any Beneficiary to serve process in any other manner permitted by law.

IN WITNESS WHEREOF this Deed has been executed as a deed by the Guarantor and is intended to be and is hereby delivered on the date first above written.

SIGNED as a **DEED** on behalf of)
NATURGY ENERGY GROUP, S.A., a company incorporated)

territory, is acting under the authority of the Company.)

USE OF PROCEEDS

Unless otherwise set forth in the relevant Final Terms, the net proceeds from the issue of each Tranche of Notes will be on-lent to Naturgy Energy Group, S.A. to be used by Naturgy Energy Group, S.A. and its consolidated subsidiaries for:

- (a) general corporate purposes; and
- (b) to finance and/or refinance, in whole or in part, Eligible Green Projects, in which case the relevant Notes will be identified as “Green Bonds” in the title of the Notes in the applicable Final Terms.

For the purpose of this section:

“**Eligible Green Projects**” means Renewable Energy Projects, Transmission, Distribution and Smart Grid Projects and Energy Efficiency Projects which meet a set of environmental and social criteria approved both by the Guarantor and by a reputed sustainability rating agency, and which criteria will be made available on the Guarantor’s website (www.naturgy.com) in the investor relations section;

“**Renewable Energy Projects**” means the financing of, or investments in the development of, the construction, the operation and maintenance, repowering and the installation of renewable energy production units for the production of energy through: (i) renewable non-fossil sources and (ii) hydro, geothermal, wind, solar, waves and other renewable energy sources;

“**Transmission, Distribution and Smart Grid Projects**” means the financing of, or investments in the building of, the operation and the maintenance of electric power distribution, transmission networks and smart metering systems, that contribute to: (i) connecting renewable energy production units to the general network and (ii) improving networks in terms of demand-size management, energy efficiency and access to electricity; and

“**Energy Efficiency Projects**” means projects that contribute to a reduction of energy consumption per unit of output, such as: optimisation and renewal of high efficiency equipment in energy systems (for example, heating systems, cooling systems, lighting systems, hot water systems), district heating, co-generation or improved insulation of buildings.

FORM OF FINAL TERMS

PROHIBITION OF SALES TO EEA AND UK RETAIL INVESTORS – The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area (“**EEA**”) or in the United Kingdom (“**UK**”). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, “**MiFID II**”); or (ii) a customer within the meaning of Directive (EU) 2016/97 (the “**Insurance Distribution Directive**”), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II or (iii) not a qualified investor as defined in Regulation (EU) 2017/1129. Consequently, no key information document required by Regulation (EU) No 1286/2014 (as amended, the “**PRIIPs Regulation**”) for offering or selling the Notes or otherwise making them available to retail investors in the EEA or in the UK has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA or in the UK may be unlawful under the PRIIPs Regulation.

MiFID II product governance / Professional investors and ECPs only target market – Solely for the purposes of each manufacturer’s product approval process, the target market assessment in respect of the Notes has led to the conclusion that: (i) the target market for the Notes is eligible counterparties and professional clients only, each as defined in MiFID II; and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate. Any person subsequently offering, selling or recommending the Notes (a “**distributor**”) should take into consideration the manufacturers’ target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturers’ target market assessment) and determining appropriate distribution channels.

Principal Shareholders

(“**Sonatrach**”) with a shareholding of 4.1%.

History

The history of the Group can be traced back to 28 January 1843, when *Sociedad Catalana para el Alumbrado por Gas* was incorporated with the aim of installing a street lighting system in the city of Barcelona by means of gas manufactured from coal. In 1987, the company changed its name to Catalana de Gas, S.A. and, on 31 December 1991, Catalana de Gas, S.A. merged with and absorbed Gas Madrid, S.A. (incorporated in 1921), thus acquiring the piped gas distribution assets of the Repsol group. In March 1992, Catalana de Gas, S.A., the surviving entity from the merger, changed its name to Gas Natural SDG, S.A.

In the 1990s, the Group commenced a process of international expansion. In December 1992, the Group led a consortium that successfully bid for 70% of a concession to distribute natural gas in Argentina, and, in 1996, the Group became the majority shareholder in Metragaz, S.A. (“**Metragaz**”) and Europe-Maghreb Pipeline Ltd., which maintain and operate the Moroccan section of the Europe-Maghreb gas pipeline, linking the Algerian natural gas deposits of Hassi R’Mel with the Iberian peninsula.

Since 1997, the Group continued its process of international expansion through the acquisition of gas and electricity assets in Latin America (including Brazil, Colombia, Mexico and Puerto Rico) and Western Europe (principally Italy and France). On 26 February 2009, pursuant to an agreement signed on 30 July 2008, the Guarantor acquired an additional stake in Unión Fenosa, S.A. (“**Unión Fenosa**”) from Actividades de Construcción y Servicios, S.A. (“**ACS**”), increasing its total ownership of Unión Fenosa to 50.0%. The Guarantor then launched a mandatory takeover bid for the remaining Unión Fenosa shares. The takeover offer was successful and the merger process between the Guarantor and Unión Fenosa was completed in September 2009.

On 8 January 2013, the Group signed an agreement with Algerian company Sonatrach to acquire 10% of Medgaz, S.A. (“**Medgaz**”) (and 10% of its shareholder loan) for €62 million. Medgaz operates the Algeria-

Europe subsea gas pipeline connecting Beni Saf (Algeria) with the coast of Almería (Spain), with a capacity of 8 bcm/year.

On 30 July 2013, the Guarantor acquired from GDF Suez a 4.9% shareholding in Medgaz, thereby increasing its total stake to 14.9%.

On 11 October 2014, the Group and the majority shareholders of Chilean utility company Compañía General de Electricidad, S.A. (“CGE”), comprising the Marín family group, the Almería group and the Pérez Cruz family group which together represented approximately 54.19% of CGE’s share capital, entered into a purchase commitment agreement. Pursuant to the agreement, the Group agreed to launch a public takeover offer (the “**Takeover Offer**”) for the entire share capital of CGE and the majority shareholders irrevocably agreed to sell their shares in the Takeover Offer. The takeover bid was concluded successfully on 14 November 2014 after shareholders holding a total of 402,122,728 shares, representing 96.5% of the share capital of the company, accepted the offer.

On 3 August 2017, the Group signed an agreement to sell a minority stake of 20% in the Group’s gas distribution business in Spain to a consortium of long-term infrastructure investors comprising Allianz Capital Partners and Canada Pension Plan Investment Board for a total consideration of €1,500 million. On 19 March 2018, after the necessary regulatory and competition-related approvals had been obtained, the Group transferred 20% of Holding de Negocios de Gas, S.A. to the consortium. As this was a sale of a non-controlling interest that did not entail loss of control, it was recognised as a transaction with shareholders or owners, entailing an increase in the balance of the “Non-controlling interests” account in the amount of €458 million and an increase in “Reserves” in the amount of €1,016 million.

On 6 October 2017, the Board of Directors of the Guarantor agreed to change its registered office to the current corporate offices in Madrid, Avenida de San Luis, 77.

On 13 October 2017, the Group reached an agreement to sell its 100% equity interests in Nedgia, S.p.A., Naturgy’s gas distribution company in Italy and Gas Natural Italia, S.p.A., a services company rendering corporate services to the activities of the Group in Italy, to 2i Rete Gas, S.p.A. On the same date, the Group reached a separate agreement to sell its 100% equity interest in Gas Natural Vendita Italia, S.p.A., the Group’s gas and electricity commercialisation company in Italy, to Edison, S.p.A., including a long-term gas supply contract securing 11 TWh/year from the end of 2020. Following the approval of the Italian competition authorities, the gas distribution companies in Italy were sold to 2i Rete Gas, S.p.A. and Edison, S.p.A. on 1 and 22 February 2018, respectively. Additionally, the assignment of the gas supply contract was completed on 18 April 2018. The total sale price amounted to €766 million, and there was an after-tax capital gain of €188 million.

On 17 November 2017, Naturgy entered into a binding agreement with Brookfield Infrastructure for the sale of its 59.1% interest in Gas Natural S.A. ESP, a Colombian company engaged in the distribution and retail sale of gas, for 1,678,927 million Colombian pesos (€468 million). The transaction was structured in two phases: the first of which was completed in December 2017 by means of a number of sale transactions on the Colombian stock exchange. Following that phase, the stake held by Naturgy was reduced to 41.9% and Naturgy ceased to control Gas Natural S.A. ESP, which was then recognised by the equity method. The deadline for acceptance of the tender offer for Gas Natural, S.A. ESP was 28 May 2018, as a result of which the sale of the remaining 41.9% of the gas distribution business in Colombia was completed and settled on 1 June 2018 for €334 million, corresponding to its book value less dividends received and therefore with no impact on the Guarantor’s consolidated income statement.

On 31 July 2019, Naturgy completed the disposal of 100% of its interests in its Moldovan electricity distribution activities. The transaction valued the company’s equity at €141m (including pre-closing dividends) and did not generate significant capital gains for Naturgy.

Recent Developments

Agreement with Egypt

On 27 February 2020, Naturgy, Eni S.p.A. (“ENI”) and the Arab Republic of Egypt signed an agreement to amicably resolve the disputes affecting Union Fenosa Gas (“UFG”), a company owned by the Guarantor and ENI, each holding 50%. Subject to the satisfaction of the relevant conditions precedent, Naturgy

currently expects that the transaction will be completed during the first six months of 2020, although the current sanitary crisis could impact the completion of this transaction.

The agreement values UFG at a total consideration of U.S.\$1.5bn, of which U.S.\$1.2bn relates to its assets in Egypt (including its outstanding legal proceedings) and U.S.\$0.3bn to its assets outside of Egypt. Upon completion, the Guarantor will receive a net cash payment of U.S.\$0.6bn as well as a substantial part of UFG's assets located outside Egypt, excluding UFG's commercial activities in Spain.

The completion of the transaction will result in Naturgy's departure from Egypt and the end of the Guarantor's joint venture with ENI. There will also no longer be an obligation to buy LNG from Egypt. Naturgy believes that this is an important milestone in gradually reducing its exposure to gas procurement contracts and solves a complex situation ongoing since 2012, which required significant time and resources.

Given the previous disagreements among the parties, there is still uncertainty as to the fulfilment of all the conditions precedent by all the parties in order for completion of the transaction to take place.

Agreement regarding Medgaz

On 15 October 2019, Naturgy reached an agreement to acquire a 34.05% stake in Medgaz from CEPESA Holding LLC, a wholly owned subsidiary of Mubadala, for €445 million, through a special purpose vehicle ("SPV"). At that time, it was agreed that a financial partner could acquire a stake in the SPV, and in that regard Naturgy signed an agreement with BlackRock's Global Energy & Power Infrastructure Fund ("GEPIF") in which, at Naturgy's option, GEPIF would acquire a 50% stake in the SPV at the same price at which the Medgaz stake was agreed to be purchased from Mubadala.

Following the approval by the Spanish competition commission for the acquisition of the 34.05% stake in Medgaz, Naturgy announced on 2 April 2020 that it decided to exercise the option signed with GEPIF. The completion of this transaction is subject to certain conditions precedent including the financial closing of such 34.05% stake. The overall transaction will require no cash to be contributed by Naturgy, and is consistent with its 2018-2022 Strategic Plan, focusing on value-accretive investments, with stable and predictable cash flows.

Strategic Plan

On 27 June 2018, Naturgy approved its new Strategic Plan 2018-2022 (the "**Strategic Plan**") with its main objective to guide the Group towards value creation and establishing a new industrial model in response to the energy transition challenges. The Group's value-creation commitment rests on four basic pillars: (i) simplicity and accountability, (ii) optimisation, (iii) capital discipline, and (iv) shareholder remuneration.

At organisational level, changes have been made in corporate governance and in the organisational structure to facilitate decision-making, accountability and autonomy in the business units, always underpinned by oversight from headquarters. The focus on simplicity is also reflected in the Group's strategic positioning to focus on its core geographies and businesses. The Strategic Plan also steps up discipline in investing by setting hurdle rates and risk management criteria to ensure value creation and profitable growth in both organic and inorganic investments, always within the framework of the Group's industrial model and in pursuit of the objectives set in the strategic positioning. To that end, Naturgy is in the process of analysing and in some cases optimising the financing allocated into each of the business units in order to increase accountability and funding autonomy in the same currency where cash flows are originated.

Following the approval of the Strategic Plan, assets were impaired in the amount of €4,851 million due to re-measurement of the estimated future cash flows on the basis of the Strategic Plan as well as due to other factors that have occurred. Impairment losses and write-downs on net assets have been recorded in the Guarantor's consolidated income statement for the year ended 31 December 2019 for an amount of €61 million and €225 million under the "*Other accumulated comprehensive income*" heading available at Notes 5 and 10 of the Guarantor's consolidated annual accounts for the year ended 31 December 2019, which are incorporated by reference in this Base Prospectus.

Gas and Electricity

Supply of gas, electricity and services

This business area includes wholesale gas procurement and supply in the Spanish liberalised market, supply of gas and electricity and of other products and services related to retail supply in the Spanish liberalised market, supply of gas at the last resort tariff in Spain and supply of electricity at the small consumer voluntary price (“PVPC”) in Spain.

Net sales in this business area amounted to €11,420 million for the year ended 31 December 2019, a 12.6% decrease compared with the same period in 2018. EBITDA amounted to €447 million during 2019, a 172.6% increase compared with 2018 due to improved margins, notably in power supply, resulting from lower pool prices and the Group’s new commercial strategy focused on profitability, together with lower operational expenditure from efficiencies.

The main aggregates in the supply activity for the year ended 31 December 2018 (unless indicated otherwise) were as follows:

International LNG supply

This area includes trading of LNG in international markets and maritime transportation.

EDITDA in the LNG business area amounted to €344 million during the year ended 31 December 2019, a 30.6% decrease compared with the year ended 31 December 2018, as a result of lower volumes and margins during the period. While market conditions in 2018 were of extraordinary high gas prices and demand, future gas prices anticipate a deterioration in the competitiveness of Naturgy's procurement portfolio.

Since the launch of its Strategic Plan, Naturgy has continued to work on improving the risk profile of its merchant activities, including International LNG, where the Group has been gradually increasing the amount of volumes secured for the year ahead. It is also working in order to accommodate its existing long-term gas procurement contracts to the changing supply market conditions.

The Group's research and development focuses mainly on (i) safety in the transportation of natural gas, (ii) methods of reducing environmental impact, (iii) the development of new technologies in the distribution of gas and (iv) the development of new applications for natural gas.

Litigation and Arbitration

The sectors in which the Group operates have in recent years grown more litigious, as a result of the volatility of fuel prices and greater competition in the liberalised market, among other factors, and the Guarantor and its subsidiaries are currently involved in a number of judicial, arbitration and regulatory proceedings. Given the nature of the Group's business and the sectors in which it operates, the amounts involved in such proceedings can be significant. An adverse outcome in respect of one or more of these claims could have a material adverse effect on the Group's financial condition and results of operation.

In addition, members of the Group may, from time to time, be subject to civil liability claims for damage caused as a result of incidents arising in the Group's ordinary course of operations. Such incidents may include breakdowns in the gas distribution network, gas explosions or damage caused by the Group's tankers that transport LNG. Any such claims could result in the payment of damages by the Group in accordance with the legislation applicable in the countries in which the Group operates. While the Group seeks to obtain insurance cover for risks related to civil liability claims, its financial condition and results of operations may be adversely affected to the extent any losses are uninsured, exceed the applicable limitations under its insurance policies or are subject to the payment of an excess towards the insured amount or to the extent the premiums payable in respect of such policies are increased as a result of insurance claims.

The main judicial, arbitration and regulatory proceedings of the Group as of the date of this Base Prospectus are set forth below.

Claims for Programa de Integração Social (“PIS”) and Contribuição para la Financiación de la Seguridad Social (“COFINS”) taxes in Brazil

In September 2005, the Tax Administration of Rio de Janeiro declared void the recognition that it had previously accepted in April 2003 to compensate the loans for the contributions related to the sale of PIS and COFINS paid by the Group company Companhia Distribuidora de Gás do Rio de Janeiro (“CEG”). The Tax Administration confirmed this resolution in March 2007 and CEG therefore filed an appeal with the administrative courts (*Justiça Federal do Rio de Janeiro*). On 26 January 2009, notification was received of public civil action against CEG in connection with the same events which are being processed. The total of the tax administration claims, including interests, amounted as of the 2007 resolution date to 386 million Brazilian Real. The Court of First Instance issued a decision in November 2015 partially accepting the claim of CEG, reducing the amount to 260 million Brazilian Real. The sentence was appealed by both parties. This reduction in the amount of the contingency will not be final until the potential appeals have been lodged, which could take another four years according to a preliminary estimate. CEG has appealed the decision and considers, together with its legal advisors, that even the reduced amount is baseless and therefore no liabilities with a significant impact on the Group's results are currently expected.

Qatar gas supply contracts

In May 2015, the Group commenced an arbitration procedure to determine, among other things, the price of the gas supplied by Qatar Liquefied Gas Company Limited between 2015 and 2017 under its long-term contract. The Group has requested a price reduction and the supplier has requested a price increase. The award has been notified on 3 February 2018 and contains various pronouncements that required negotiations between the parties that have resulted in a second arbitration procedure.

Claims between Transportadora de Gas del Norte S.A. and Metrogas, S.A.

Transportadora de Gas del Norte S.A filed various claims against the Group's company in Chile, Metrogas, S.A., in different first instance civil courts in Argentina on the grounds of alleged contractual breaches in relation to the transport of gas from Argentina to Chile that arose as a consequence of the Argentine energy crisis that started in 2004.

In April 2017, Metrogas, S.A. received legal notification from the Court ordering to consolidate the proceedings, which amount to a total of U.S.\$227 million in claims. The proceedings are in the evidential phase.

Environmental incentive for coal plants in Spain

In 2007, the Spanish authorities introduced an environmental incentive to support the installation of new sulphur oxide filters in existing coal plants. In November 2017, the European Commission opened an investigation to determine whether this incentive complied with the European Union's state aid rules. As at the date of this Base Prospectus, and without considering the period in which the economic system of Real Decreto 134/2010 was applied to the coal plants, the Group estimates that in the event of an adverse outcome of such investigation, it may have an adverse effect on the Group's financial statements of approximately €67 million.

Unión Fenosa Gas, S.A.

In 2014, Egyptian Natural Gas Holding ("EGAS"), an Egyptian public company, ceased to supply gas to UFG, a company owned, as to 50%, by the Guarantor, and stopped paying the utilisation fee for the Damietta liquefaction plant. This led to UFG instigating arbitration proceedings at various locations (Madrid, Cairo and the International Center for Settlement of International Disputes ("ICSID")) against EGAS, which claimed that the contract was invalid, and against the Arab Republic of Egypt. With respect to the gas supply, in December 2017 the arbitration proceedings against EGAS conducted in Cairo concluded with a decision that confirmed the position of UFG concerning the non-fulfillment of the relevant obligations. The decisions on the arbitration under way in Madrid have yet to be delivered. By the end of August 2018, UFG had received a favourable award issued by the ICSID amounting to US\$2,013 million. On 19 December 2018, UFG obtained confirmation of the award in the United Kingdom and expects to obtain confirmation in the United States. On 21 December 2018, the Arab Republic of Egypt submitted an appeal to the ICSID against the award and requested its suspension for as long as the appeal proceedings were ongoing, which was accepted. In January 2020, since Egypt had not provided the guarantees established by the ICSID, the temporary suspension was lifted and, consequently, enforcement actions resumed.

However, on 27 February 2020, ENI and the Arab Republic of Egypt signed an agreement to amicably resolve the disputes affecting UFG. Subject to the satisfaction of the relevant conditions precedent, Naturgy currently expects that the transaction will be completed during the first six months of 2020, but uncertainty still remains as to the fulfilment of such conditions. See "*—Recent Developments*".

Social Bonus (Bono Social)

According to Royal Decree-Law 9/2013 and the Electricity Act, some of the poorest consumers, known as "vulnerable consumers", are eligible to receive a so-called "Social Bonus" (*Bono Social*) which was funded by companies such as the Group. The Supreme Court has declared that this financing system is contrary to the Directive 2009/72/EC and therefore, has been declared not applicable. The Supreme Court has also recognised that funding companies may recover all payments that they made for this purpose since 2014 until the implementation of a new regulation of the Social Bonus in 2016, which in the case of the Group amounts to €75 million already received. However, the Spanish government appealed to the Constitutional Court (*recurso de amparo*), which revoked the Supreme Court's decision and returned the proceeding to the point prior to the issuance of judgment. The Constitutional Court questioned why the Supreme Court had not applied for a preliminary ruling from the Court of Justice of the European Union, which the Constitutional Court then applied for.

Electricaribe

On 14 November 2016, the Superintendence for Residential Public Services of the Republic of Colombia (the “**Superintendence**”) reported the government takeover of Electricadora del Caribe, S.A. ESP (“**Electricaribe**”), a Naturgy investee company, as well as the removal of the members of the governing body and the general manager, and their replacement by a special agent appointed by the Superintendence. On 14 March 2017, the Superintendence announced the decision to liquidate Electricaribe. On 22 March 2017, Naturgy initiated arbitration proceedings before the Court of the United Nations Commission for International Trade Law (UNCITRAL) and on 15 June 2018, it lodged a complaint in which it claimed approximately U.S.\$1,600 million. On 4 December 2018, the Republic of Colombia submitted its answer to the complaint and filed a counterclaim for approximately U.S.\$500 million, the viability of which the Guarantor currently considers remote. The main hearings were held in December 2019 and an award is currently expected for the end of 2020.

Environmental Matters

The Group’s operations are subject to environmental protection laws and regulations of the European Union, Spain and the other countries in which the Group operates or is located.

These operations are developed in accordance with the environmental strategy of the Group and focus on climate, air quality, water, natural capital and a sustainable economy.

Insurance

In line with industry practice, the Group insures its assets and activities worldwide. Among the risks insured are damage to property, business interruption and civil liability to third parties arising in connection with the Group’s operations. The Group’s insurance policies also include indemnification limits and deductibles. The Group considers its level of insurance coverage to be appropriate for the risks inherent in its business.

The Group has its own reinsurance company, Natural Re, S.A. (“**Natural Re**”). Natural Re is completely integrated within the risk management of the Group and acts as a centralised global operations tool, providing coverage against Group risks. Natural Re retains part of the risk and purchases reinsurance protection to mitigate its exposure. Furthermore, Natural Re allows the Group to implement its insurance programme consistently across the varying regulatory environments applicable to the countries in which the Group operates.

Employees

At 31 December 2019, the Group employed 11.654 persons in Argentina, Brazil, Chile, France, Mexico, Morocco, Panama and Spain, among other countries.

The Group has not experienced industrial actions in the past five years. As of the date of this Base Prospectus, Naturgy is not aware of any material labour dispute, other than disputes within the normal course of business.

TAXATION AND DISCLOSURE OF INFORMATION IN CONNECTION WITH THE NOTES

The following is a general description of certain European Union, United States, Dutch and Spanish tax considerations relating to the Notes, Coupons, Talons or Receipts. It does not purport to be a complete analysis of all tax considerations relating to the Notes, Coupons, Talons or Receipts whether in those countries or elsewhere. Prospective purchasers of Notes, Coupons, Talons or Receipts should consult their own tax advisers as to which countries' tax laws could be relevant to acquiring, holding and disposing of Notes, Coupons, Talons or Receipts and receiving payments of interest, principal and/or other amounts under the Notes, Coupons, Talons or Receipts and the consequences of such actions under the tax laws of those countries. This overview is based upon the law as in effect on the date of this Base Prospectus and is subject to any change in law that may take effect after such date.

Taxation in The Netherlands – Issues by Naturgy Finance B.V.

This is a general summary and the tax consequences as described here may not apply to a holder of Notes, Coupons, Talons or Receipts. Any potential investors should consult their own tax advisers for more information about the tax consequences of acquiring, owning and disposing of Notes, Coupons, Talons or Receipts in their particular circumstances.

This taxation summary solely addresses the principal Netherlands tax consequences of the acquisition, the ownership and disposition of Notes, Coupons, Talons or Receipts issued by Naturgy Finance B.V. after the date hereof held by a holder of Notes, Coupons, Talons or Receipts who is not a resident of The Netherlands. It does not consider every aspect of taxation that may be relevant to a particular holder of Notes, Coupons, Talons or Receipts under special circumstances or who is subject to special treatment under applicable law. Where in this summary English terms and expressions are used to refer to Netherlands concepts, the meaning to be attributed to such terms and expressions shall be the meaning to be attributed to the equivalent Netherlands concepts under Netherlands tax law.

This summary is based on the tax laws of The Netherlands as they are in force and in effect on the date of this Base Prospectus (except for the comments made below with respect to the Dutch Withholding Tax Act 2021 (*Wet bronbelasting 2021*), which will enter into effect on 1 January 2021). The Netherlands means the European part of the Kingdom of The Netherlands. The laws upon which this summary is based are subject to change, potentially with retroactive effect. A change to such laws may invalidate the contents of this summary, which will not be updated to reflect any such change. This summary assumes that each transaction with respect to Notes, Coupons, Talons or Receipts is at arm's length.

This summary does not address the tax consequences of any holder of Notes, Coupons, Talons or Receipts who is a resident of any non-European part of the Kingdom of the Netherlands.

Also, this summary does not address the Dutch tax consequences for a holder of Notes, Coupons, Talons or Receipts that is considered to be affiliated (*gelieerd*) to Naturgy Finance B.V. within the meaning of the Dutch Withholding Tax Act 2021 (*Wet bronbelasting 2021*). Generally, a holder of Notes, Coupons, Talons or Receipts is considered to be affiliated (*gelieerd*) to Naturgy Finance B.V. for these purposes if such holder, either individually or as part of a collaborating group (*samenwerkende groep*), has a decisive influence on Naturgy Finance B.V.'s decisions, in such a way that such holder, or the collaborating group of which it forms part, is able to determine the activities of Naturgy Finance B.V. A holder of Notes, Coupons, Talons or Receipts, or the collaborating group of which such holder forms part, that holds more than 50% of the voting rights in Naturgy Finance B.V., or in which Naturgy Finance B.V. holds more than 50% of the voting rights, is in any event considered to be affiliated. A holder of Notes, Coupons, Talons or Receipts is also considered to be affiliated if a third party holds more than 50% of the voting rights both in such holder and Naturgy Finance B.V.

Withholding Tax

All payments by Naturgy Finance B.V. under the Notes, Coupons, Talons or Receipts can be made free of withholding or deduction of any taxes of whatever nature imposed, levied, withheld or assessed by The Netherlands or any political subdivision or taxing authority thereof or therein, provided that (i) the Notes, Coupons, Talons or Receipts have a maturity - legally and *de facto* - of less than 50 years and (ii) the Notes, Coupons, Talons or Receipts will not represent, be linked (to the performance of) or be convertible (in part or in whole) into (rights to purchase) (a) shares; (b) profit certificates (*winstbewijzen*); and/or (c) debt

instruments having a maturity - legally and *de facto* - of more than 50 years, issued by Naturgy Finance B.V. or any entity related to Naturgy Finance B.V.

Taxes on Income and Capital Gains

A holder of Notes, Coupons, Talons or Receipts will not be subject to any Netherlands taxes on income or capital gains in respect of Notes, Coupons, Talons or Receipts, including such tax on any payment under the Notes, Coupons, Talons or Receipts or in respect of any gain realised on the disposal, deemed disposal or exchange of Notes, Coupons, Talons or Receipts, provided that:

- (i) such holder is neither a resident nor deemed to be a resident of The Netherlands;
- (ii) such holder does not have an enterprise or an interest in an enterprise that is, in whole or in part, carried on through a permanent establishment or a permanent representative in The Netherlands and to which enterprise or part of an enterprise, as the case may be, Notes, Coupons, Talons or Receipts are attributable;
- (iii) if such holder is an individual, neither such holder nor any of the holder's spouse, partner, a person deemed to be the holder's partner, or other persons sharing such holder's house or household, or certain other of such holder's relatives (including foster children), whether directly and/or indirectly as (deemed) settlor, grantor or similar originator (the "**Settlor**"), or upon the death of the Settlor, the Settlor's beneficiaries (the "**Beneficiaries**") in proportion to their entitlement to the estate of the Settlor, of a trust, foundation or similar arrangement (a "**Trust**"), (a) indirectly has control of the proceeds of Notes, Coupons, Talons or Receipts in The Netherlands, nor (b) has a substantial interest in Naturgy Finance B.V. and/or any other entity that legally or *de facto*, directly or indirectly, has control of the proceeds of Notes, Coupons, Talons or Receipts in The Netherlands. For purposes of this clause (i), a substantial interest is generally not present if a holder does not hold, alone or together with the holder's spouse, partner, a person deemed to be such holder's partner, other persons sharing such holder's house or household, certain other of such holder's relatives (including foster children), or a Trust of which the holder or any of the aforementioned persons is a Settlor or a Beneficiary, whether directly or indirectly, (a) the ownership of, certain other rights, such as usufruct, over, or rights to acquire (whether or not already issued), shares representing five per cent. or more of the total issued and outstanding capital (or the issued and outstanding capital of any class of shares) of a company; (b) the ownership of, or certain other rights, such as usufruct, over profit participating certificates (*winstbewijzen*), or membership rights in a co-operative association, that relate to five per cent. or more of the annual profit of a company or co-operative association or to five per cent. or more of the liquidation proceeds of a company or co-operative association; or (c) membership rights representing five per cent. or more of the voting rights in a co-operative association's general meeting;
- (iv) if such holder is a company, such holder has no substantial interest in Naturgy Finance B.V., or if such holder has a substantial interest in Naturgy Finance B.V., (a) such substantial interest is not held with the avoidance of Netherlands income tax as (one of) the main purpose(s), or (b) such substantial interest does not form part of an artificial structure or series of structures (such as structures which are not put into place for valid business reasons reflecting economic reality). For purposes of this clause (iv), a substantial interest is generally not present if a holder does not hold, whether directly or indirectly, (a) the ownership of, certain other rights, such as usufruct, over, or rights to acquire (whether or not already issued) shares representing five per cent. or more of the total issued and outstanding capital (or of the issued and outstanding capital of any class of shares) of a company; or (b) the ownership of, or certain other rights, such as usufruct, over profit participating certificates (*winstbewijzen*) that relate to five per cent. or more of the annual profit of a company or to five per cent. or more of the liquidation proceeds of a company; and
- (v) if such holder is an individual, such income or capital gain does not form a "benefit from miscellaneous activities" in The Netherlands (*resultaat uit overige werkzaamheden*) which, for instance, would be the case if the activities in The Netherlands with respect to Notes, Coupons, Talons or Receipts exceed "normal active asset management" (*normaal, actief vermogensbeheer*) or if income and gains are derived from the holding, whether directly or indirectly, of (a combination of) shares, debt claims or other rights (a "lucrative interest"; *lucratief belang*) that the holder thereof has acquired under such circumstances that such income and gains are intended to

be remuneration for work or services performed by such holder (or a related person) in The Netherlands, whether within or outside an employment relation, where such lucrative interest provides the holder thereof, economically speaking, with certain benefits that have a relation to the relevant work or services.

A holder of Notes, Coupons, Talons or Receipts will not be subject to taxation in The Netherlands by reason only of the execution, delivery and/or enforcement of the documents relating to an issue of Notes, Coupons, Talons or Receipts or the performance by Naturgy Finance B.V. of its obligations thereunder or under the Notes, Coupons, Talons or Receipts.

Gift, Estate or Inheritance Taxes

No gift, estate or inheritance taxes will arise in The Netherlands with respect to an acquisition of Notes, Coupons, Talons or Receipts by way of a gift by, or on the death of, a holder who is neither resident nor deemed to be resident in The Netherlands for Netherlands inheritance and gift tax purposes, unless in the case of a gift of Notes, Coupons, Talons or Receipts by an individual who at the date of the gift was neither resident nor deemed to be resident in The Netherlands, such individual dies within 180 days after the date of the gift, while being resident or deemed to be resident in The Netherlands.

Additionally, for purposes of Netherlands gift and inheritance tax, an individual with The Netherlands nationality will be deemed to be resident in The Netherlands if such individual has been resident in The Netherlands at any time during the ten years preceding the date of the gift or the individual's death.

For purposes of Netherlands gift tax, an individual not holding The Netherlands nationality will be deemed to be resident in The Netherlands if such individual has been resident in The Netherlands at any time during the twelve months preceding the date of the gift.

For purposes of Netherlands gift and inheritance tax, a gift that is made under a condition precedent is deemed to have been made at the moment such condition precedent is satisfied. If the condition precedent is fulfilled after the death of the donor, the gift is deemed to be made upon the death of the donor.

For purposes of Netherlands gift, estate and inheritance taxes, (i) a gift by a Trust, will be construed as a gift by the Settlor, and (ii) upon the death of the Settlor, as a rule, the Settlor's Beneficiaries, will be deemed to have inherited directly from the Settlor. Subsequently, the Beneficiaries will be deemed the Settlor of the Trust for purposes of The Netherlands gift, estate and inheritance tax in case of subsequent gifts or inheritances.

Value Added Tax

There is no Netherlands value added tax payable in respect of payments in consideration for the issue of the Notes, Coupons, Talons or Receipts, the payment of interest or principal under the Notes, Coupons, Talons or Receipts, or the transfer of the Notes, Coupons, Talons or Receipts.

Other Taxes and Duties

There is no Netherlands registration tax, capital tax, stamp duty or any other similar tax or duty payable in The Netherlands by a holder of a Note, Coupon, Talon or Receipt in respect of or in connection with the execution, delivery and/or enforcement by legal proceedings (including any foreign judgment in the courts of The Netherlands) of the Notes, Coupons, Talons or Receipts or the performance of the obligations of Naturgy Finance B.V. under the Notes, Coupons, Talons or Receipts.

Residence

A holder of a Note, Coupon, Talon or Receipt will not be treated as a resident of The Netherlands by reason only of the holding of a Note, Coupon, Talon or Receipt or the execution, performance, delivery and/or enforcement of Notes, Coupons, Talons or Receipts.

Taxation in Spain – Issues by Naturgy Capital Markets, S.A.

The following is a general description of certain Spanish tax considerations. The information provided below does not purport to be a complete overview of tax law and practice currently applicable in the

Kingdom of Spain and is subject to any changes in law and the interpretation and application thereof, which could be made with retroactive effect.

This taxation summary solely addresses the principal Spanish tax consequences of the acquisition, the ownership and disposal of Notes issued by the Issuer after the date hereof held by a holder of Notes. It does not consider every aspect of taxation that may be relevant to a particular holder of Notes under special circumstances or who is subject to special treatment under applicable law or to the special tax regimes applicable in the Basque Country and Navarra (*Territorios Forales*). Where in this summary English terms and expressions are used to refer to Spanish concepts, the meaning to be attributed to such terms and expressions shall be the meaning to be attributed to the equivalent Spanish concepts under Spanish tax law. This summary assumes that each transaction with respect to the Notes is at arm's length.

This overview is based on the law as in effect on the date of this Base Prospectus and is subject to any change in law that may take effect after such date. In December 2019, the Spanish coalition government published a joint governing agreement outlining, among other things, the tax measures the government is aiming to implement. Some of these measures were already included in the draft Budget Law for 2019 (which was finally not approved by the Spanish parliament). Further details on the recently agreed measures have not yet been published but it is expected for them to have a significant impact on the current Spanish taxation system resulting in a general increase of tax liabilities, including in relation to the Notes. It should be noted, however, that the current situation arisen as a consequence of the COVID-19, may most likely have an impact on the measures (and the timing) that were aimed to be achieved by the coalition government.

References in this section to Noteholders include the beneficial owners of the Notes, where applicable.

Any prospective investors should consult their own tax advisers who can provide them with personalised advice based on their particular circumstances. Likewise, investors should consider the legislative changes which could occur in the future.

1. Introduction

This information has been prepared in accordance with the following Spanish tax legislation in force at the date of this document:

- (i) of general application, Additional Provision One of Law 10/2014, of 26 June, on supervision and solvency of credit entities ("**Law 10/2014**") as well as Royal Decree 1065/2007 of 27 July ("**Royal Decree 1065/2007**"), as amended by Royal Decree 1145/2011 of 29 July ("**Royal Decree 1145/2011**");
- (ii) for individuals resident for tax purposes in Spain which are subject to the Personal Income Tax ("**PIT**"), Law 35/2006 of 28 November, on the PIT and on the Partial Amendment of the Corporate Income Tax Law, the Non-Residents Income Tax Law and the Net Wealth Tax Law, as amended, and Royal Decree 439/2007 of 30 March promulgating the PIT Regulations, as amended, along with law 19/1991 of 6 June, on Wealth Tax, along with Law 29/1987, of 18 December on the Inheritance and Gift Tax;
- (iii) for legal entities resident for tax purposes in Spain which are subject to the Corporate Income Tax ("**CIT**"), Law 27/2014, of 27 November governing the CIT, and Royal Decree 634/2015, of 10 July promulgating the CIT Regulations; and
- (iv) for individuals and entities who are not resident for tax purposes in Spain which are subject to the Non-Resident Income Tax ("**NRIT**"), Royal Legislative Decree 5/2004, of 5 March promulgating the Consolidated Text of the NRIT Law, and Royal Decree 1776/2004 of 30 July promulgating the NRIT Regulations, along with Law 29/1987, of 18 December on the Inheritance and Gift Tax.

Whatever the nature and residence of the Noteholder, the acquisition and transfer of Notes will be exempt from indirect taxes in Spain, *i.e.*, exempt from Transfer Tax and Stamp Duty, in accordance with the Consolidated Text of such tax promulgated by Royal Legislative Decree 1/1993, of 24 September and exempt from Value Added Tax, in accordance with Law 37/1992, of 28 December regulating such tax.

2. **Individuals with Tax Residency in Spain**

2.1 **Personal Income Tax (*Impuesto sobre la Renta de las Personas Físicas*)**

Individuals with tax residency in Spain are subject to PIT on a worldwide basis. Accordingly, income obtained from the Notes will be taxed in Spain when obtained by persons that are considered resident in Spain for tax purposes. The fact that a Spanish company pays interest or guarantee payments under a Note will not lead an individual or entity being considered tax-resident in Spain.

Both interest payments periodically received and income derived from the transfer, redemption or exchange of the Notes constitute a return on investment obtained from the transfer of a person's own capital to third parties in accordance with the provisions of Section 25 of the PIT Law, and therefore must be included in the investor's PIT savings taxable base pursuant to the provisions of the aforementioned law and taxed at a flat rate of 19 per cent. on the first €6,000, 21 per cent. for taxable income between €6,001 and €50,000, and 23 per cent. for taxable income exceeding €50,000.

As a general rule, both types of income are subject to a withholding tax on account at the current rate of 19 per cent.

However, it should be noted that Royal Decree 1065/2007 provides for information which are explained under section "*Taxation in Spain—Disclosure of Information in Connection with the Notes*" below and that, in particular, in the case of debt listed securities issued under Law 10/2014 and initially registered in a foreign clearing and settlement entity that is recognised under Spanish regulations or under those of another OECD member state, as the Notes issued by Naturgy Capital Markets, S.A.:

- (i) it would not be necessary to provide the Issuer with the identity of the Noteholders who are individuals resident in Spain for tax purposes or to indicate the amount of income attributable to such individuals; and
- (ii) interest paid to all Noteholders (whether tax resident in Spain or not) should be paid free of Spanish withholding tax provided that the information procedures are complied with.

Therefore, Naturgy Capital Markets, S.A. understands that, according to Royal Decree 1065/2007, it has no obligation to withhold any tax amount for interest paid on the Notes corresponding to Noteholders who are individuals with tax residency in Spain provided that the information procedures (which do not require identification of the Noteholders) are complied with.

Nevertheless, Spanish withholding tax at the applicable rate (currently 19 per cent.) may have to be deducted by other entities (such as depositaries or financial entities), provided that such entities are resident for tax purposes in Spain or have a permanent establishment in the Spanish territory.

The amounts withheld, if any, may be credited by the relevant investors against its final PIT liability.

However, regarding the interpretation of Royal Decree 1065/2007 and the information procedures, please refer to section "*Risk Factors—Risks Relating to Withholding Tax*" above.

2.2 **Net Wealth Tax (*Impuesto sobre el Patrimonio*)**

Net Wealth Tax may be levied in Spain on resident individuals on a worldwide basis. Though for the years 2011 to 2020, the Spanish Central Government has repealed the 100% relief of this tax, the actual collection of this tax depends on the regulations of each Autonomous Community. Thus, investors should consult their tax advisers according to the particulars of their situation.

Individuals with tax residency in Spain are subject to Net Wealth Tax to the extent that their net worth exceeds €700,000. Therefore, they should take into account the value of the Notes which

they hold as at 31 December each year, the applicable rates ranging between 0.2 per cent. and 2.5 per cent.

In accordance with Article 3 of Royal Decree-Law 18/2019, of 27 December, during year 2020 the 100% relief of this tax will continue to be repealed but from the year 2021, a full exemption on Net Wealth Tax would apply (*bonificación del 100%*), and therefore, from year 2021 Spanish individual holders will be released from formal and filing obligations in relation to this Net Wealth Tax, unless the derogation of the exemption is extended again.

2.3 **Inheritance and Gift Tax (*Impuesto sobre Sucesiones y Donaciones*)**

Individuals resident in Spain for tax purposes who acquire ownership or other rights over any Notes by inheritance, gift or legacy will be subject to the Spanish Inheritance and Gift Tax in accordance with the applicable Spanish regional and State rules. The applicable tax rates currently range between 7.65 per cent. and 81.6 per cent. depending on relevant factors.

3. **Legal Entities with Tax Residency in Spain**

3.1 **Corporate Income Tax (*Impuesto sobre Sociedades*)**

Legal entities with tax residency in Spain are subject to CIT on a worldwide basis.

Both, interest periodically received and income deriving from the transfer, redemption or repayment of the Notes constitute a return on investments for tax purposes obtained from the transfer to third parties of own capital and must be included in the profit and taxable income of legal entities with tax residency in Spain for corporation tax purposes in accordance with the CIT tax rules. The current general tax rate according to CIT Law is 25 per cent.

Pursuant to Section 61.s of the CIT Regulations, there is no obligation to make a withholding on income obtained by taxpayers subject to Spanish CIT (which for the avoidance of doubt, include Spanish tax resident investment funds and Spanish tax resident pension funds) from financial assets traded on organised markets in OECD countries. However, in the case of Notes held by a Spanish resident entity and deposited with a Spanish resident entity acting as depositary or custodian, payments of interest and income deriving from the transfer may be subject to withholding tax at the current rate of 19 per cent. Such withholding may be made by the depositary or custodian if the Notes do not comply with the exemption requirements specified in the ruling issued by the Spanish Tax Authorities (*Dirección General de Tributos*) dated 27 July 2004 (that is, placement of the Notes outside of Spain in another OECD country and admission to listing of the Notes on an organised market in an OECD country other than Spain). The amounts withheld, if any, may be credited by the relevant investors against its final CIT liability.

Notwithstanding the above, according to Royal Decree 1065/2007 (as amended), in the case of listed debt instruments issued under Law 10/2014 and initially registered in a foreign clearing and settlement entity that is recognised under Spanish regulations or under those of another OECD member state (such as the Notes issued by Naturgy Capital Markets, S.A.), interest paid to investors should be paid free of Spanish withholding tax. The foregoing is subject to certain information procedures having been fulfilled. These procedures are described in “*Taxation in Spain—Disclosure of Information in Connection with the Notes*” below.

Therefore, Naturgy Capital Markets, S.A. considers that, pursuant to Royal Decree 1065/2007 (as amended), it has no obligation to withhold any tax on interest paid on the Notes in respect of Noteholders who are Spanish CIT taxpayer, provided that the information procedures are complied with.

However, regarding the interpretation of Royal Decree 1065/2007 (as amended) and the information procedures, please refer to section “*Risk Factors—Risks Relating to Withholding Tax*” above.

3.2 **Net Wealth Tax (*Impuesto sobre el Patrimonio*)**

Legal entities resident in Spain for tax purposes are not subject to Net Wealth Tax.

3.3 **Inheritance and Gift Tax (*Impuesto sobre Sucesiones y Donaciones*)**

Legal entities resident in Spain for tax purposes which acquire ownership or other rights over the Notes by inheritance, gift or legacy are not subject to the Spanish Inheritance and Gift Tax.

4. **Individuals and Legal Entities with no Tax Residency in Spain**

4.1 **Non-Resident Income Tax (*Impuesto sobre la Renta de no Residentes*)**

(a) ***With permanent establishment in Spain***

Ownership of the Notes by investors who are not resident for tax purposes in Spain will not in itself create the existence of a permanent establishment in Spain.

If the Notes form part of the assets of a permanent establishment in Spain of a person or legal entity who is not resident in Spain for tax purposes, the tax rules applicable to income deriving from such Notes are, generally, the same as those previously set out for Spanish CIT taxpayers. See “*Taxation in Spain—Legal Entities with Tax Residency in Spain—Corporate Income Tax (Impuesto sobre Sociedades)*”.

(b) ***With no permanent establishment in Spain***

Both, interest payments periodically received and income deriving from the transfer, redemption or repayment of the Notes, obtained by individuals or legal entities who have no tax residency in Spain, being NRIT taxpayers with no permanent establishment in Spain, are exempt from such NRIT on the same terms laid down for income from Public Debt.

In order for such exemption to apply, it is necessary to comply with the information procedures, in the manner detailed under “*Taxation in Spain—Disclosure of Information in Connection with the Notes*” as set out in section 44 of Royal Decree 1065/2007 (as amended by Royal Decree 1145/2011).

4.2 **Net Wealth Tax (*Impuesto sobre el Patrimonio*)**

Individuals resident in a country with which Spain has entered into a double tax treaty in relation to Net Wealth Tax would generally not be subject to such tax. Otherwise, non-Spanish resident individuals whose properties and rights are located in Spain, or that can be exercised within the Spanish territory exceed €700,000 would be subject to Net Wealth Tax, the applicable rates ranging between 0.2 per cent. and 2.5 per cent., although the final tax rates may vary depending on any applicable regional tax laws, and some reductions may apply.

However, non Spanish tax resident individuals will be exempt from Wealth Tax in respect of the Notes whose income is exempt from NRIT as described above.

Noteholders tax resident in a State of the European Union or of the European Economic Area may be entitled to apply the specific regulation of the autonomous community where their most valuable assets are located and which trigger this Spanish Net Wealth Tax due to the fact that they are located or are to be exercised or must be fulfilled within the Spanish territory.

In accordance with Article 3 of the Royal Decree-Law 18/2019, of 27 December, during year 2020 the 100% relief of this tax will continue to be repealed but from the year 2021, a full exemption on Net Wealth Tax would apply (*bonificación del 100%*), unless the derogation of the exemption is extended.

Non-Spanish resident legal entities are not subject to Net Wealth Tax.

4.3 **Inheritance and Gift Tax (*Impuesto sobre Sucesiones y Donaciones*)**

Individuals who do not have tax residency in Spain who acquire ownership or other rights over the Notes by inheritance, gift or legacy will not be subject to Inheritance and Gift Tax in Spain if the country in which such individual resides has entered into a double tax treaty with Spain in relation to Inheritance and Gift Tax. In such case, the individual will be subject to the relevant double tax treaty. In the absence of such treaty between the individual's country of residence and Spain, the individual will be subject to Inheritance and Gift tax in accordance with the applicable regional and state legislation.

Generally, non-Spanish tax resident individuals are subject to Spanish Inheritance and Gift Tax according to the rules set forth in the state legislation. However, if the deceased or the donee are resident in an EU or European Economic Area Member State, the applicable rules will be those corresponding to the relevant autonomous regions according to the law and if the deceased or the donee is resident outside an EU or European Economic Area Member State, the application of the relevant autonomous regions rules might be applicable pursuant to recent rulings issued by the EU Courts and the Spanish Supreme Court (judgments of February 19, March 21 and March 22, 2018). As such, prospective investors should consult their tax advisors.

The tax rate, after applying all relevant factors, ranges between 7.65% and 81.6%.

Non-resident legal entities which acquire ownership or other rights over the Notes by inheritance, gift or legacy are not subject to Inheritance and Gift Tax. They will be subject to Non-Resident Income Tax. If the entity is resident in a country with which Spain has entered into a double tax treaty, the provisions of the treaty will apply. In general, tax treaties provide for the taxation of this type of income in the country of residence of the beneficiary.

Taxation in Spain - Payments under the Guarantee

On the basis that payments of principal and interest made by the Guarantor under the Deed of Guarantee should be characterised as an indemnity under Spanish law, such payments may be made free of withholding or deduction on account of any Spanish tax.

However, although there is no precedent or regulation on the matter, if the Spanish tax authorities take the view that the Guarantor has effectively assumed the obligations of the relevant Issuer under the Notes (whether contractually or by any other means) the following tax consequences may derive:

- (i) in the case of unlisted Notes issued by Naturgy Finance B.V., the Spanish tax authorities may attempt to impose withholding tax in Spain on any payments made by the Guarantor in respect of interest, unless the recipient is (i) resident for tax purposes in a Member State of the European Union other than Spain (or is a permanent establishment of such resident situated in another Member State of the European Union) and it is not resident in or acting through a territory considered as a tax haven pursuant to Spanish Law (currently as set out in Royal Decree 1080/1991, of 5 July) or through a permanent establishment in Spain or in a country outside the European Union, or (ii) resident for tax purposes in a State with which Spain has entered into a Double Tax Treaty which makes provision for full exemption from tax imposed in Spain on such payment under the Double Tax Treaty, provided that, in either case, such recipient submits to the Guarantor a tax residence certificate duly issued by the tax authorities in its own jurisdiction stating its residence for tax purposes either within the relevant EU Member State or in the relevant country for the purposes of the Double Tax Treaty, such certificate being valid for a period of one year from the date of issue under Spanish law and therefore new certificates needing to be issued periodically; and
- (ii) in the case of listed Notes issued by Naturgy Finance B.V. and Notes issued by Naturgy Capital Markets, S.A., the Spanish tax authorities may determine that interest payments made by the Guarantor, relating to the Notes, will be subject to the same tax rules set out above for payments made by Naturgy Capital Markets, S.A. Therefore, under this scenario, it would also be necessary to comply with the information procedures, in the manner detailed under "*Taxation in Spain—Disclosure of Information in Connection with the Notes*" below.

Obligation to inform the Spanish Tax Authorities of the Ownership of the Notes

With effects as from 1 January 2013, Law 7/2012, of 29 October, as implemented by Royal Decree 1558/2012, of 15 November, introduced annual reporting obligations applicable to Spanish residents (*i.e.* individuals, legal entities, permanent establishments in Spain of non-resident entities) in relation to certain foreign assets or rights.

Consequently, if the Notes are deposited with or placed in the custody of a non-Spanish entity, Noteholders resident in Spain will be obliged, if certain thresholds are met as described below, to declare before the Spanish Tax Authorities, between 1 January and 31 March every year, the ownership of the Notes held on 31 December of the immediately preceding year (e.g., to declare between 1 January 2020 and 31 March 2020 the Notes held on 31 December 2019).

This obligation would only need to be complied with if certain thresholds are met: specifically, if the only rights/assets held abroad are the Notes, this obligation would only apply if the value of the Notes together with other qualifying assets held on 31 December exceeds €50,000 (with the corresponding valuation to be made in accordance with Wealth Tax rules). If this threshold is met, a declaration would only be required in subsequent years if the value of the Notes together with other qualifying assets increases by more than €20,000 as against the declaration made previously. Similarly, cancellation or extinguishment of the ownership of the Notes before 31 December should be declared if such ownership was reported in previous declarations.

Taxation in Spain - Disclosure of Information in Connection with the Notes

Disclosure of Information in Connection with Interest Payments

In accordance with section 5 of Article 44 of Royal Decree 1065/2007 as amended by Royal Decree 1145/2011 and provided that the Notes issued by Naturgy Capital Markets, S.A. are initially registered for clearance and settlement in Euroclear and Clearstream Luxembourg, the Paying Agent designated by Naturgy Capital Markets, S.A. would be obliged to provide Naturgy Capital Markets, S.A. (or the Guarantor in relation to the payments made under the Deed of Guarantee) with a declaration (the form of which is set out in the Agency Agreement), which should include the following information:

- (i) description of the Notes (and date of payment of the interest income derived from such Notes);
- (ii) total amount of interest derived from the Notes; and
- (iii) total amount of interest allocated to each non-Spanish clearing and settlement entity involved.

According to section 6 of Article 44 of Royal Decree 1065/2007, the relevant declaration will have to be provided to Naturgy Capital Markets, S.A. (or the Guarantor, as the case may be) on the business day immediately preceding each Interest Payment Date. If this requirement is complied with, Naturgy Capital Markets, S.A. (or the Guarantor) will pay gross (without deduction of any withholding tax other than any withholding tax under FATCA) all interest under the Notes to all Noteholders (irrespective of whether they are tax resident in Spain).

In the event that the Paying Agent designated by Naturgy Capital Markets, S.A. were to fail to provide the information detailed above, according to section 7 of Article 44 of Royal Decree 1065/2007, Naturgy Capital Markets, S.A. (or the Guarantor, as the case may be) or the Paying Agent acting on its behalf would be required to withhold tax from the relevant interest payments at the general withholding tax rate (currently, 19 per cent.). If on or before the 10th day of the month following the month in which the interest is payable, the Paying Agent designated by Naturgy Capital Markets, S.A. were to submit such information, Naturgy Capital Markets, S.A. (or the Guarantor) or the Paying Agent acting on its behalf would refund the total amount of taxes withheld.

Notwithstanding the foregoing, Naturgy Capital Markets, S.A. has agreed that in the event that withholding tax were required by law, Naturgy Capital Markets, S.A., failing which the Guarantor, would pay such additional amounts as may be necessary such that a Noteholder would receive the same amount that he would have received in the absence of any such withholding or deduction, except as provided in “*Terms and Conditions of Notes Issued by Naturgy Capital Markets, S.A.—10. Taxation*”.

In the event that the current applicable procedures were to be modified, amended or supplemented by, amongst others, a Spanish law, regulation, interpretation or ruling of the Spanish Tax Authorities, Naturgy Capital Markets, S.A. would inform the Noteholders of such information procedures and of their implications, as Naturgy Capital Markets, S.A. (or the Guarantor, as the case may be) may be required to apply withholding tax on interest payments under the Notes if the Noteholders were not to comply with such information procedures.

The Guarantor is subject to the same reporting requirements in relation to listed Notes issued by Naturgy Finance B.V.

Disclosure of Noteholder Information in Connection with the Redemption or Repayment of Zero Coupon Notes

In accordance with Article 44 of Royal Decree 1065/2007, in the case of Zero Coupon Notes with a maturity of 12 months or less, the information obligations established in Section 44 (see “*Disclosure of Information in Connection with Interest Payments*” above) will have to be complied with upon the redemption or repayment of the Zero Coupon Notes.

If the Spanish tax authorities consider that such information obligations must also be complied with for Zero Coupon Notes with a longer term than 12 months, the Issuer will, prior to the redemption or repayment of such Notes, adopt the necessary measures with the Clearing Systems in order to ensure its compliance with such information obligations as may be required by the Spanish tax authorities from time to time.

The proposed European financial transactions tax

The European Commission published in February 2013 a proposal for a Directive for a common financial transaction tax (“**EU FTT**”) in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia (excluding Estonia, the “**participating Member States**”). Estonia has since stated that it will not participate.

The proposed EU FTT has very broad scope and could, if introduced, apply to certain dealings in financial instruments (including secondary market transactions) in certain circumstances. The issuance and subscription of Notes should, however, be exempt.

Under the current proposals, the EU FTT could apply in certain circumstances to persons both within and outside of participating Member States. Generally, it would apply to certain dealings in financial instruments where at least one party is a financial institution, and at least one party is established in a participating Member State. A financial institution may be, or be deemed to be, “established” in a participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a participating Member State.

In the ECOFIN meeting of 17 June 2016, the EU FTT was discussed between the EU Member States. It was reiterated in this meeting that participating Member States envisage introducing an EU FTT by means of the so-called enhanced cooperation.

The proposed Directive defines how the EU FTT would be implemented in participating Member States. It involves a minimum 0.1% tax rate for transactions in all types of financial instruments, except for derivatives that would be subject to a minimum 0.01% tax rate.

The EU FTT proposal remains subject to negotiation between the participating Member States and the scope of any such tax is uncertain. It may therefore be changed prior to any implementation, the timing of which remains unclear. Additional EU Member States may decide to participate and participating Members States may withdraw. Prospective holders of the Notes are advised to seek their own professional advice in relation to the FTT.

The proposed Spanish financial transactions tax

On 18 February 2020, the Spanish Council of Ministers approved a draft bill (the “**Draft Bill**”), according to which, due to the delay in the EU FTT being approved, the intention is to implement a Spanish financial transactions tax (the “**Spanish FTT**”). However, the Spanish Council of Minister states that Spain would

continue to participate in the enhanced co-operation for the approval of the EU FTT and, if finally approved, Spain would adapt the Spanish FTT to align it with the EU FTT.

According to the Draft Bill, the Spanish FTT will be aligned with the French and Italian financial transactions tax. Specifically, it is proposed that a Spanish FTT, at a rate of 0.2%, would apply to certain acquisitions of listed shares issued by Spanish companies whose market capitalisation exceeds €1 billion, regardless of the jurisdiction of residence of the parties involved in the transaction. While, as currently drafted, the Spanish FTT would not apply in relation to an issue of Notes under the Programme, there can be no assurance that any such Spanish FTT would not apply to an issue of Notes in the future.

The Draft Bill will be sent to parliament for debate and approval. As a result, some of the proposed measures could be substantially modified during the legislative process. Prospective holders of the Notes are advised to seek their own professional advice in relation to the Spanish FTT.

U.S. Foreign Account Tax Compliance Withholding Act

Pursuant to sections 1471 through 1474 of the United States Internal Revenue Code of 1986, as amended (the “Code”), the regulations thereunder and official interpretations thereof, agreements entered into pursuant to Section 1471(b) of the Code, or any fiscal or regulatory legislation, rules or practices adopted pursuant to any intergovernmental agreement entered into in connection with the implementation of such Sections of the Code (collectively, “FATCA”), a “foreign financial institution” may be required to withhold on certain payments it makes (“foreign passthru payments”) to persons that fail to meet certain certification, reporting, or related requirements.

Custodians or intermediaries in the payment chain leading to the ultimate investor that are not entitled (or fail to establish eligibility) to receive payments free of withholding under FATCA may be subject to withholding under FATCA. A number of jurisdictions, including Spain and the Netherlands, have entered into, or have agreed in substance to, intergovernmental agreements with the United States to implement FATCA (“IGAs”), which modify the way in which FATCA applies in their jurisdictions. Under the provisions of IGAs as currently in effect, a foreign financial institution in an IGA jurisdiction would generally not be required to withhold under FATCA or an IGA from payments that it makes. Certain aspects of the application of the FATCA provisions and IGAs to instruments such as the Notes, including whether withholding would ever be required pursuant to FATCA or an IGA with respect to payments on instruments such as the Notes, are uncertain and may be subject to change.

The Issuer does not believe payments on the Notes will be subject to FATCA because the relevant Issuer does not believe it is a foreign financial institution for purposes of FATCA. Even if withholding would be required pursuant to FATCA or an IGA with respect to payments on instruments such as the Notes, such withholding would not apply to payments made prior to the date that is two years after the date on which the final regulation defining “foreign passthru payments” are published in the U.S. Federal Register and and Notes issued on or prior to the date that is six months after the date on which final regulations defining “foreign passthru payments” are filed with the U.S. Federal Register generally would be “grandfathered” for purposes of FATCA withholding unless materially modified after such date (including by reason of a substitution of the issuer). However, if additional notes (as described under “*Terms and Conditions—Further Issues*”) that are not distinguishable from previously issued Notes are issued after the expiration of the grandfathering period and are subject to withholding under FATCA, then withholding agents may treat all Notes, including the Notes offered prior to the expiration of the grandfathering period, as subject to withholding under FATCA.

Holders should consult their own tax advisors regarding how these rules may apply to their investment in the Notes. In the event any withholding would be required pursuant to FATCA or an IGA with respect to payments on the Notes, no additional amounts will be paid in respect of such withholding.

SUBSCRIPTION AND SALE

The Dealers have in an amended and restated programme agreement dated 3 April 2020 (the “**Programme Agreement**”) agreed with each Issuer and the Guarantor a basis upon which they or any of them individually may from time to time agree to purchase Notes. Any such agreement will extend to those matters stated under “*Form of the Notes*”, “*Form of Final Terms*” and “*Terms and Conditions of Notes Issued by Naturgy Finance B.V.*” and “*Terms and Conditions of Notes Issued by Naturgy Capital Markets, S.A.*” above. However, each Issuer has reserved the right to sell Notes directly on its own behalf to dealers that are not Dealers. The Notes may be resold at prevailing market prices, or at prices related thereto, at the time of such resale, as determined by the relevant Dealer. The Notes may also be sold by each Issuer through the Dealers, acting as agents of the relevant Issuer. The Programme Agreement also provides for Notes to be issued in syndicated Tranches that are underwritten by two or more Dealers.

The relevant Issuer will pay each Dealer a commission in respect of Notes subscribed by it as separately agreed between them. Each Issuer has agreed to reimburse the Arranger for certain of its expenses incurred in connection with the establishment of the Programme.

Each of the Issuers and the Guarantor has agreed to indemnify the Dealers against certain liabilities in connection with the offer and sale of the Notes. The Programme Agreement entitles the Dealers to terminate any agreement that they make to subscribe Notes in certain circumstances prior to payment for such Notes being made to the relevant Issuer.

United States

The Notes and the obligations of the Guarantor under the Deed of Guarantee have not been and will not be registered under the Securities Act and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons except in certain transactions exempt from the registration requirements of the Securities Act.

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that, except as permitted by the Programme Agreement, it will not offer, sell or deliver Notes or obligations of the Guarantor under the Deed of Guarantee (i) as part of their distribution at any time or (ii) otherwise until 40 days after the completion of the distribution of all the Notes of the Tranche of which such Notes are a part, within the United States or to, or for the account or benefit of, U.S. persons, and it will have sent to each distributor, dealer or person receiving a selling concession, fee or other remuneration to which it sells Notes or obligations of the Guarantor under the Deed of Guarantee during the distribution compliance period a confirmation or other notice setting forth the restrictions on offers and sales of the Notes and the obligations of the Guarantor under the Deed of Guarantee within the United States or to, or for the account or benefit of, U.S. persons. Terms used in the preceding paragraph and in this paragraph have the meanings given to them by Regulation S.

In addition, until 40 days after the commencement of the offering, an offer or sale of Notes or obligations of the Guarantor under the Deed of Guarantee within the United States by any Dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act.

Each Dealer who has purchased Notes of a Tranche hereunder (or in the case of a sale of a Tranche of Notes issued to or through more than one Dealer, each of such Dealers as to the Notes of such Tranche purchased by or through it or, in the case of a syndicated issue, the relevant lead manager) shall determine and notify to the Agent the completion of the distribution by it of the Notes of such Tranche.

Notes in bearer form are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to a United States person, except in certain transactions permitted by U.S. Treasury Regulations. Terms used in this paragraph have the meanings given to them by the Code and regulations thereunder.

- (b) it has only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of Section 21 of the FSMA) received by it in connection with the issue or sale of any Notes in circumstances in which section 21(1) of the FSMA does not apply to the relevant Issuer or the Guarantor; and

As used herein **Zero Coupon Notes** are Notes that are in bearer form and that constitute a claim for a fixed sum against the relevant Issuer and on which interest does not become due during their tenure but only at maturity or on which no interest is due whatsoever.

GENERAL INFORMATION

1. The update of the Programme was authorised by the Board of Managing Directors in a meeting held on 31 March 2020, and by written resolutions of the General Meeting of the Sole Shareholder of Naturgy Finance B.V. dated 31 March 2020, by resolutions of the Sole Director of Naturgy Capital Markets, S.A., passed on 31 March 2020, and by resolutions of the Board of Directors of the Guarantor passed on 29 October 2019.
2. The admission of the Programme to the official list of the Luxembourg Stock Exchange is expected to take effect on or around 3 April 2020. It is expected that each Tranche of Notes which is to be listed on the official list and admitted to trading on the Regulated Market of the Luxembourg Stock Exchange will be so admitted to listing and trading upon submission to the CSSF and the regulated market of the Luxembourg Stock Exchange of the relevant Final Terms, subject in each case to the issue of a Temporary Global Note initially representing the Notes of such Tranche. Transactions will normally be effected for delivery on the third working day in Luxembourg after the day of the transaction.

However, Notes may be issued by Naturgy Finance B.V. pursuant to the Programme which will not be admitted to listing, trading and/or quotation by the Luxembourg Stock Exchange or any other listing authority, stock exchange and/or quotation system or which will be admitted to listing, trading and/or quotation by such listing authority, stock exchange and/or quotation system as the relevant Issuer and relevant Dealer(s) may agree.

3. So long as Notes are capable of being issued under the Programme, remain outstanding or for ten years following the date of this Base Prospectus, whichever falls later, electronic copies of the following documents may be inspected during normal business hours at the specified office of Agent in London, at the registered/head office of the Issuers and the Guarantor referred to at the end of this Base Prospectus or https://www.naturgy.com/en/shareholders_and_investors/investors/issuances/euro_medium_term_notes_programme_emtn:
 - (i) the articles of association of each Issuer and the constitutional documents of the Guarantor;
 - (ii) the documents referred to in “*Documents Incorporated by Reference*” above;
 - (iii) a copy of this Base Prospectus; and
 - (iv) any supplements to this Base Prospectus and any Final Terms (save that Final Terms relating to an issue of unlisted Notes will only be available for inspection by a holder of such Note and such holder must produce evidence satisfactory to the Agent as to the identity of such holder).

For the avoidance of doubt, unless specifically incorporated by reference into this Base Prospectus, information contained on any website referred to in this Base Prospectus does not form part of this Base Prospectus. The CSSF as competent authority has not scrutinised or approved the information on any website referred to in this Base Prospectus.

This Base Prospectus, the relevant Final Terms for Notes that are listed on the official list of the Luxembourg Stock Exchange and admitted to trading on the Luxembourg Stock Exchange’s regulated market will be published on the website of the Luxembourg Stock Exchange at www.bourse.lu.

4. The Notes have been accepted for clearance through Euroclear and Clearstream, Luxembourg. The appropriate Common Code and ISIN for each Tranche allocated by Euroclear and Clearstream, Luxembourg will be specified in the relevant Final Terms along with the Financial Instrument Short Name (“**FISN**”) and the Classification of Financial Instruments Code (“**CFI Code**”), where applicable. The address of Euroclear is 1 Boulevard du Roi Albert II, B-1210 Brussels, Belgium and the address of Clearstream, Luxembourg is 42 Avenue JF Kennedy L-1855 Luxembourg. The address of any alternative clearing system will be specified in the applicable Final Terms.

Because Notes in global form are held by or on behalf of Euroclear and Clearstream, Luxembourg, investors will have to rely on their procedures for transfer, payment and communication with the relevant Issuer and/or the Guarantor.

While the Notes are represented by one or more global Notes, the relevant Issuer and the Guarantor will discharge their payment obligations under the Notes by making payments to the common depository for Euroclear and Clearstream, Luxembourg for distribution to their account holders. A holder of a beneficial interest in a global Note must rely on the procedures of Euroclear and Clearstream, Luxembourg to receive payments under the relevant Notes. The Issuers and the Guarantor have no responsibility or liability for the records relating to, or payments made in respect of, beneficial interests in the global Notes.

Holders of beneficial interests in the global Notes will not have a direct right to vote in respect of the relevant Notes. Instead, such holders will be permitted to act only to the extent that they are enabled by Euroclear and Clearstream, Luxembourg to appoint appropriate proxies. Similarly, holders of beneficial interests in the global Notes will not have a direct right under the global Notes to take enforcement action against the relevant Issuer or the Guarantor in the event of a default under the relevant Notes and instead will have to rely upon their rights under the Deed of Covenant.

5. The Notes may be issued at any price. The issue price of each Tranche of Notes to be issued under the Programme will be determined by the relevant Issuer and the relevant Dealer(s) at the time of issue in accordance with prevailing market conditions. In the case of different Tranches of a Series of Notes, the issue price may include accrued interest in respect of the period from the interest commencement date of the relevant Tranche (which may be the issue date of the first Tranche of the Series or, if interest payment dates have already passed, the most recent interest payment date in respect of the Series) to the issue date of the relevant Tranche. The yield of each Tranche of Notes will be calculated as of the relevant issue date using the relevant issue price and will be specified in the applicable Final Terms. It is not an indication of future yield.
6. Save as disclosed under “*Description of Naturgy Energy Group, S.A.—Litigation and Arbitration*” on pages 132 to 134 above, none of the Issuers or the Guarantor or any of its subsidiaries is or has been involved in any governmental, legal or arbitration proceedings (including any such proceedings which are pending or threatened of which any of the relevant Issuer or the Guarantor is aware) during the twelve months before the date of this Base Prospectus which may have, or have had in the recent past, significant effects on the financial position or profitability of any of the Issuers or of the Guarantor or of the Group.
7.
 - (a) There has been no material adverse change in the prospects of Naturgy Finance B.V. since 31 December 2019 nor has there been any significant change in the financial position or financial performance of Naturgy Finance B.V. since 31 December 2019 (being the date of the latest available financial statements of Naturgy Finance B.V.).
 - (b) There has been no material adverse change in the prospects of Naturgy Capital Markets, S.A. since 31 December 2019 nor has there been any significant change in the financial position or financial performance of Naturgy Capital Markets, S.A. since 31 December 2019 (being the date of the latest available financial statements of Naturgy Capital Markets, S.A.).
 - (c) There has been no material adverse change in the prospects of the Guarantor since 31 December 2019 nor has there been any significant change in the financial position or financial performance of the Group since 31 December 2019 (being the date of the latest available financial information of the Group).
8. The Guarantor has been assigned a long-term credit rating of BBB (stable outlook) by S&P and BBB (stable outlook) by Fitch Ratings.
9. Certain of the Dealers and their affiliates have engaged, and may in the future engage, in lending, in investment banking and/or commercial banking transactions with, and may perform services to the Issuers, the Guarantor and their affiliates in the ordinary course of business. Certain of the

Dealers and their affiliates may have positions, deal or make markets in the Notes issued under the Programme, related derivatives and reference obligations, including (but not limited to) entering into hedging strategies on behalf of the Issuers, the Guarantor and their affiliates, investor clients, or as principal in order to manage their exposure, their general market risk, or other trading activities. In addition, in the ordinary course of their business activities, the Dealers and their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of the Issuers and/or the Guarantor, and/or the Issuers' or the Guarantor's affiliates. Certain of the Dealers or their affiliates that have a lending relationship with the Issuers and/or the Guarantor routinely hedge their credit exposure to the Issuers and/or the Guarantor and/or their affiliates consistent with their customary risk management policies. Typically, such Dealers and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in securities, including potentially the Notes issued under the Programme. Any such positions could adversely affect future trading prices of Notes issued under the Programme. The Dealers and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments. For the avoidance of doubt, in this Base Prospectus the term 'affiliates' includes also parent companies.
