Shareholders may obtain the proxy card by requesting it from the IBERCLEAR member entity where their shares are held, from the Company, or by downloading it from www.gasnaturalfenosa.com (2014 Annual General Meeting). Absent specific instructions, the vote shall be counted in favour of the proposals made by the Board of Directors.

Validity of proxies shall be subject to verification by the Company that the principal is a shareholder.

Where a shareholder grants several proxies, the one granted last before the deadline established by the Articles shall prevail.

The minimum disclosures relating to the Spin-off plan are as follows:

The parent company is GAS NATURAL SDG, S.A., domiciled in Barcelona, Plaza del Gas nº 1, with Tax ID number A-08015497. It is registered in the Barcelona Mercantile Register, in tome 22.147, folio 147, sheet B-33.172.

The beneficiary company is GAS NATURAL FENOSA GENERACIÓN, S.L. Unipersonal, domiciled in Madrid, Avenida de San Luis nº 77, tax ID number B-86010766. It is registered in the Madrid Mercantile Register, in tome 27.988, folio 132, sheet M-504412.

All of the asset and liabilities in connection with the hydroelectric, coal-fired, oil-fired and gas-fired power generation business of the parent company are included in the scope of the spin-off, as are the appurtenant rights and obligations, administrative authorizations, and contractual and labour relations, which constitute an economic unit as defined in article 71 of the Structural Modifications Act (LME), and will be transferred en bloc and by universal succession to the Beneficiary company.

There are no sweat equity or ancillary contributions in any of the companies participating in the operation and, as a result, it is not necessary to grant compensation for such items.

No special rights will be granted in the Beneficiary company as a result of the spin-off, since there are no holders of special rights or shares other than capital shares.

The Beneficiary company will not grant advantages of any kind to the directors of any of the companies participating in the spin-off or to the independent experts participating in same.

For accounting purposes, the date of the spin-off will be 1 January 2014.

The Beneficiary Company will maintain its current Articles of Association, amending article 5, as detailed below.

The real value of the segregated equity was used for the purposes of valuing the assets and liabilities to be spun off. The assets and liabilities that will be spun off will be included in the beneficiary's equity at the value at which they were recognized in the consolidated financial statements of the group to which they belonged as of 31 December 2013, in accordance with the general accounting regulations in force.

Under the provisions of Article 71 of the Structural Modifications Law, the parent company will not experience any reduction of share capital and will receive, in exchange for its spun-off assets and liabilities, shares resulting from the capital

increase by the Beneficiary Company, which is a Limited Liability Company that is wholly and directly owned by the parent company.

The value of the spun-off assets and liabilities amounts to 3,534,849,891 euro.

The Beneficiary company will increase its capital in the amount of five hundred million euro, by issuing a total of five hundred million shares, numbered 3,007 through 500,003,006, both inclusive, with a total share premium of 3,034,849,891 euro, i.e. 6.069699782 euro per share.

In accordance with the foregoing, GAS NATURAL SDG, S.A., sole shareholder of the Beneficiary Company, will receive 500,000,000 new shares of GAS NATURAL FENOSA GENERACIÓN S.L.U., numbered 3,007 through 500,003,006, both inclusive, with a par value of 1 euro each, and a share premium of 6.069699782 euro per share.

As a result, the sole shareholder of the Beneficiary Company must adopt the following resolution:

Increase share capital.- Increase capital, which currently amounts to three thousand and six euro (3,006), by five hundred million euro (500,000,000 euro), to a total of five hundred million three thousand and six euro (500,003,006 euro).

As a result of the capital increase, article 5 of the Articles of Association will be amended to read as follows:

"ARTICLE 5.- The share capital is five hundred million three thousand and six euro (500,003,006 million euro), represented by five hundred million three thousand and six (500,003,006) shares with a par value of one euro each, all fully subscribed and paid-up."

At the time the spin-off deed is executed, the identify and domicile of the holder of the new shares must have been registered in the register of shareholders of the Beneficiary company. The new shares will be entitled to share in income as from 1 January 2014.

In accordance with the provisions of article 36 of the LME, the Spin-off balance sheets will be the balance sheets of GAS NATURAL SDG, S.A. and GAS NATURAL

FENOSA GENERACIÓN, S.L.U. as of 31 December 2013, authorized by the Board of Directors of the former and the Sole Administrator of the latter on 31 January 2014. Those balance sheets will be used to establish the conditions under which the spin-off will be executed.

Since only the parent company is required to have its financial statements audited, its spin-off balance sheet will be accompanied by the obligatory auditor's report. The spin-off balance sheets will be submitted for approval to the General Shareholders' Meeting of the parent company and the Sole Shareholder of the Beneficiary company, which shall deliberate and, if appropriate, approve the spin-off.

The spin-off is not expected to have any effect on the workforce, since it is simply a case of company succession, as envisioned under article 44 of the Workers' Statute, and the Beneficiary of the spin-off will subrogate to all the labour rights and obligations of the employees of the parent company who are connected to the economic unit comprising the spun-off equity. The governing bodies of the participating companies shall remain unchanged and, as a result, there will be no impact of any sort on them. There will also be no impact on the social responsibility of those companies.

Article 83.3 of the Consolidated Text of the Company Tax Law, approved by Legislative Royal Decree 4/2004, of 5 March, defines this operation as a non-monetary contribution of a line of business and, consequently, in accordance with the provisions of article 96 of that same text, it is expressly stated that this spin-off operation will avail itself of the special regime envisioned in Chapter VIII of Title VII of that Consolidated Text, and the Tax Administration will be informed in terms of time and form, in accordance with the provisions of the Consolidated Text of the Company Tax Law and its implementing regulations.

Barcelona, 28 February 2014.

Chairman of the Board of Directors. Salvador Gabarró Serra.
